

WMC Alumina Plant Objection Scored

SEATTLE, Sept. 10 (AP)—Action of the war manpower commission in blocking a projected plant to produce alumina from clays of this region was scored as "unwarranted, illogical and highly prejudicial to the best war efforts of the nation" yesterday by a newly formed Pacific northwest alumina committee.

A resolution pointed out that the WMC action came after the war production board had approved the \$4,000,000 "demonstration" plant.
