

WAR SCRIBES MAKE CONTACT IN ITALY

By RELMAN MORIN
Associated Press War Correspondent
Representing the Combined American Press

WITH THE FIFTH ARMY IN ITALY, Sept. 16 (AP)—War correspondents have established the first contact between the fronts of Lt. Gen. Mark W. Clark's fifth army and Gen. Sir Bernard L. Montgomery's eighth army.

The contact was made by Daniel De Luce, Associated Press war correspondent with the eighth army, and eight British correspondents who drove across 100 miles of no-man's land from the eighth army sector to this front in the Salerno area.

They were en route two days and nights far ahead of eighth army patrols without encountering German forces. However, they received reports of German armored vehicles ahead of them at one point.

Italians they met assisted them in giving them directions and information about the position of German patrols.

Actual elements of the two armies have not yet met.

PTA Notes

FAIRHAVEN

"Back to the Little Red School House" went the parents of the community on Friday afternoon, September 10, to attend the first meeting of the Fairhaven PTA. The making of surgical dressings is to be one of the projects of all PTA units this year, and those present heard Mrs. V. J. Josephson speak on this subject. She exhorted the women to get behind this project as the local Red Cross is desperately in need of more help to reach their quota each month and the need for surgical dressings increases with every day of war. Fairhaven PTA has chosen Monday as their day to go to the Red Cross rooms and work. Now that the children are back in school and the busy season just about over, can't you give at least one-half day to this work? If you have no transportation, call Mrs. T. G. Zinn, victory chairman, and transportation will be arranged. We want Fairhaven well represented.

Do you have more vegetables in your victory garden than you can use? If so, Mr. Robinette, principal, would like to buy them for the school cafeteria. He explained at the meeting that they are having difficulty in getting sufficient food to serve to the children at noon. If you have any vegetables going to waste, call the school at 3984. PTA members will help by canning any vegetables offered the school.

It was decided to have a rummage sale sometime in October. The children will help gather the rummage and a prize awarded the room collecting the most. A definite date and location will be announced later.

Following the business meeting a reception was held for the teachers. Parents and teachers enjoyed the opportunity for visiting together provided by the social hour which closed the afternoon.

Fairhaven PTA meets the second Friday of each month at 3 p. m. Our next meeting will be October 8, and a prize will be awarded to the room having the most parents present. Plan now to attend.

RIVERSIDE

Riverside PTA members will meet in the school auditorium Tuesday, September 21, at 2:30 p. m. for the first gathering of the year. All mothers are urged to attend, especially the mothers of new students at Riverside. Mrs. Paul Jones, PTA head, will preside at the meeting at which time plans will be made for the year. A representative of the

Klamath county chapter, American Red Cross, will be present to discuss the surgical dressings project.

On Tuesday of this week the first stamp sale of the year was held and Riversiders purchased

\$120.40 worth of defense stamps, a number completing their books. Sales will be held in each room every Tuesday morning with Mrs. Robert Faus and Mrs. Jones in charge. "Defense" is the PTA theme this year.

ENGLISH LESSON

KANSAS CITY (AP)—A TWA plane heard a strange radio call one day in mid-Atlantic, relates Otis Frank Bryan, vice president of Transcontinental & Western Air, Inc.

"A clear voice in English advised our radio operator he was using the wrong code of the day," Bryan said—

"And we were using the wrong code."

The voice was that of a Ger-

man submarine commander, he added.

A heavy bomber cruising at 250 miles an hour, burns three and one-third gallons of gasoline every minute.

BLONDES NOT PREFERRED

PAPEETE, Tahiti (AP)—Because Polynesians thought the first white visitors had a disease—since they were not dark skinned—they termed them ta'ata pupure, meaning leprous man.

For the same reason a blonde today is called vahine pupure, meaning leprous woman.

For the cost of one destroyer thirty or more torpedo planes can be built.

AT PENNEY'S
