FIELD BUYS \$10 MILLION OF WAR BONDS

CHICAGO, Sept. 28 (AP)—Marshall Field III bought \$10,000,000 worth of war bonds today, his 50th birthday, when he took possession of an additional fortune estimated at from \$70,000,000 to \$75,000,000.

A check for \$10,000,000 was turned over to Harold H. Swift, chairman of the Illinois war finance committee, by Carl J. Weitzel, comptroller of the Marshall Field estate. The purchase was one of the largest ever made by an individual.

Weitzel, who estimated as more than \$70,000,000 the value of the residue of the estate of Field's grandfather, Marshall Field I, Chicago merchant prince, today turned over cash, securities and real estate to Field, regarded as one of the world's wealthiest men.

MEANWHILE, in Portland today, Benjamin Kiser, of Spokane, a regent of Reed college, drops a thought-provoking remark.

He says: "Unless there is a JUST peace, no international police force, however large, will be able to maintain post-war freedom."

THE peace treaties that follow hard-fought wars are APT to be bad.

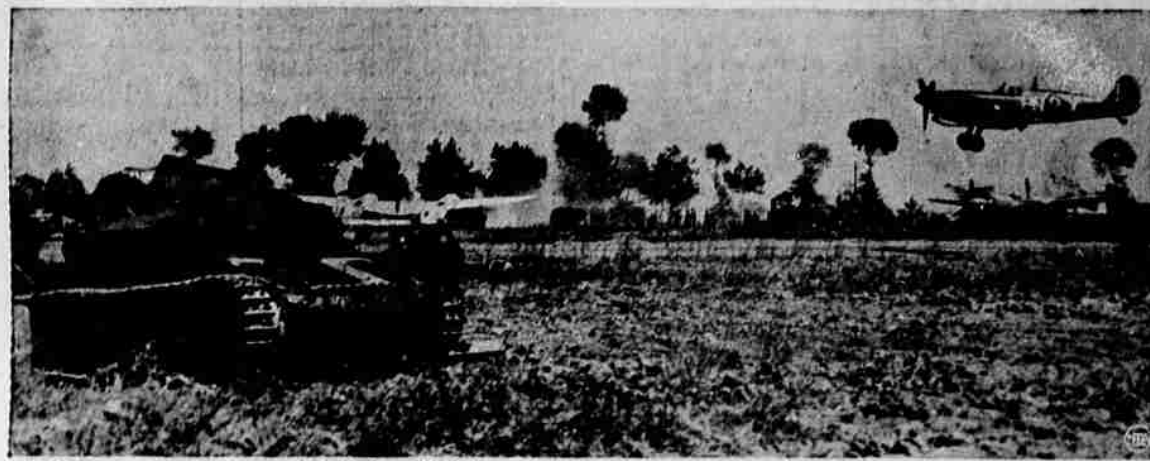

The Congress of Vienna, that met to make peace after the Napoleonic wars, was TERRIBLE. About all the titled politicians who composed its influential membership could think of was to put back the moronic Bourbon dynasty on the throne of France.

What the common people of Europe had really been fighting for all through the bloody Napoleonic wars was to GET RID OF moronic kings.

GRANT'S terms to Lee at Appomattox (including his "tell your men to take their horses home with them and go to plowing corn and cotton") were wise and fair and tolerant—given by one fighting man to another.

But the northern POLITICIANS stepped in and set up the carpet-baggers to rob the beaten South and the bitter hatreds that were aroused by the carpet-bag-

ALLIED FIGHTER PLANES ARRIVE ON CAPTURED AIRFIELD

Swift occupation of enemy airfields by Allied forces speeded our occupation of southern Italy as our fighter planes arrived to support ground forces. Here a Spitfire comes in for a landing near an abandoned German tank while two P-38 Lightnings are seen in background.

Mailing a Merry Christmas to Yanks Overseas

It's shopping and mailing time for everyone with a serviceman abroad, for all Army Christmas packages must be on their way by Oct. 15 (the Navy mail has until Nov. 1). Suggestions for welcome gifts include soap, identification bracelets, books, cards and games, shaving kits, writing materials, wrist watches, money belts, razor blades, shoe-shine kits, and cigarette lighters—banned are all intoxicants, perishables, and inflammables. Gift wrappings are permitted, weight and size are same as for regular overseas mailing, and one package per person per week is allowed.

gers lasted nearly three-quarters of a century.

THE politicians who gathered at Versailles, after the fighting men had fought the last world war, made what we now know to have been a poor job of the peace.

MORAL: Let's be as wise and as careful as we have the brains to be in choosing the men we send to make OUR SHARE of the peace that will follow this war.

TELEGRAPH MERGER APPROVED BY FCC

WASHINGTON, Sept. 28 (AP)—The federal communications commission (FCC) today approved merger of the Western Union and Postal Telegraph companies in a move designed to give the nation one vast telegraph system that can operate efficiently and economically.

FCC's action climaxed years of study by congress and government agencies. Both wire companies sought the merger, after a long and hotly waged business battle.

The approval order, last step needed for the machinery to be merged, contemplates a two-year integration period for the far flung holdings of each system to be shaken down to a money-making instead of losing basis.

School Teacher Shortage Lessened

SALEM, Sept. 28 (AP)—Oregon's school teacher shortage, estimated at 800 last June, now is only 90, and there are prospects that these 90 vacancies will be filled before all schools open, State Superintendent of Public Instruction Rex Putnam told the state board of education Monday.

Putnam said the shortage was relieved partially by closing some rural schools and sending their students to other districts.

HIGHWAY to VICTORY and your highway to a better future

The road to Victory must be paved with War Bonds. The purchase of bonds will help win the war and assure a sound post-war economy. Every dollar you put into War Bonds does three vital jobs:

1. It helps shorten the war and thus saves American lives.
2. It protects your future as an investment.
3. It prevents inflation now and after the war.

Our Government needs \$15 Billion from War Bonds this month to "back the attack." Your share, every American's share, is at least one extra \$100 Bond.

Back the attack—Buy an extra \$100 War Bond this month!
