JOE REICHMAN STARTED AT TOP

Joe Reichman, who brings his orchestra to the Klamath Falls armory on October 8, is one orchestra director who literally started at the top.

In New York Reichman stepped into a very dismal picture. Hundreds of musicians were out of work, and long recognized orchestras were struggling to keep going. However, Joe organized his orchestra and made a contact with a prominent hotel man. The upshot of it all was that the Reichman aggregation made their debut at the Hotel New Yorker, a place that has been the ambition of many an orchestra.

Shipbuilding Record Set at Portland

PORTLAND, Sept. 30 (AP)—Weary, tin-hatted men and women at the Oregon Shipbuilding corporation stood by today to watch their 24th Liberty freighter of the month slide into the Columbia river—a national record they figure will stand for the duration.

They gave up vacations, home life and sleep to set this record. Many of them worked seven days a week throughout the month. At times, some worked up to 36 hours without stopping. This boosted pay checks, but yard officials credit morale, not money, for bringing about the record.
