

NUTRITIONISTS PLAN CANNING SCHOOL HERE

Valuable and timely will be the opportunity offered Klamath county homemakers during the first part of June when a "canning school," modeled after the "cooking schools" of pre-war memory, is to be presented in the interests of better food preservation by the Klamath county nutrition committee in the Pelican theatre, June 6, 7, 8, and 9. Mrs. Vivian Freeman, and Mrs. M. H. Gillen, are the school managers, and she has announced that prizes are to be offered to the women in the audience and that the public is invited.

Nutrition committee members who met Thursday in the chamber of commerce to make final arrangements for Mrs. Freeman's appearance in the city stressed the importance of the canning school to both beginners and experienced canners. Mrs. Freeman will demonstrate safe and reliable sealing methods for all types of jars now on the market, through economy, ball type, standard mason, coffee and mayonnaise jars. She will give detailed instruction on the use of the new war-time rubber rings, on how to determine which covers will really seal the cans, to insure as little waste as possible of vital food supplies. Safe and efficient use of both pre-war and victory-type pressure cookers will be discussed by Mrs. Freeman, who is canning specialist of the research and education department of the Kerr Glass Jar company of Portland. Some time each morning during the school period will be reserved for individual canning problems, and the Klamath county women are urged to prepare questions which they would like to have answered. Mrs. Freeman, with Mrs. Winifred K. Gillen, county home demonstration agent, will conduct the school for one day, Monday, June 5, at Gilchrist, in the north part of the county. The Pelican theatre is to be the scene of the Klamath Falls' school, and sessions will begin promptly at 9:30 a. m., and will be concluded by 11:30 o'clock so that the "students" may go home in time to prepare lunch for their families.

Father Reunited With Son After 40 Years of Silence

SPOKANE, May 26 (AP)—After a 40-year interval during which each thought the other had been killed in the San Francisco earthquake and fire, William M. Herrick, 83, retired Spokane fuel dealer, and his eldest son, Ross Dennis Merrick, now a deck officer in the merchant marine, were reunited yesterday.

At the time of the earthquake, the son actually was serving as cabin boy on a vessel out of San Francisco and the father had moved to British Columbia. The son's entry into the merchant marine in this war put him in contact with a cousin who knew of his father's whereabouts.

Youth Injured In Log Accident

Raymond Vetkos, 22, who had just completed his physical for the United States navy and was on a 21-day leave before reporting for active duty, suffered a broken back when a log rolled on him at Ellingson mill on the Klamath river late Thursday afternoon.

Young Vetkos was putting in his time working at the mill when the accident occurred. He was rushed from Ellingson's to Hillside hospital by Ward's ambulance. His condition was said to be good Friday. The youth's home is at Keno, hospital attendants reported.

Fire May Stop Electric Power

TOLEDO, May 26 (AP)—Electrical power, furnished to most of western Lincoln county by the C. D. Johnson lumber mill here, may be cut off as a result of a fire which damaged the mill yesterday.

Sore Tender Aching Feet

Moone's Emerald Oil Guaranteed to Stop Distress and Soreness, Banish Offensive Odors

In just one minute after an application of Emerald Oil you'll get the surprise of your life. Your tired, tender, aching, burning feet will literally jump for joy. No fuss, no trouble; you just apply a few drops of the oil over the surface of the feet at night and morning, or when occasion requires. Just a little and rub it in. It's simply wonderful the way it sweats and gives off an offensive odor. It's a wonderful formula—a combination of essential oils with camphor and menthol—so marvelous that thousands of bottles are sold annually to weary travelers to soothe and soothe. Good, fragrant, guaranteed. Moone's Emerald Oil to give you satisfaction or money back.

Canning Expert

Mrs. Vivian Freeman of Portland, specialist in modern, scientific home canning methods, will be in Klamath Falls on June 6, 7, 8 and 9 to conduct a canning school in the Pelican theatre. The school will be open to the public.

M'ARTHUR MEN THREATEN 9TH JAP AIRFIELD

ADVANCED ALLIED HEADQUARTERS, New Guinea, May 26 (AP)—Capture of the ninth Japanese air base within a month by Gen. Douglas MacArthur's forces moving toward the Philippines up the north New Guinea coast appears imminent.

Today headquarters reported that hard-fighting Yanks, who had to call on artillery and medium tanks to break up concentrated enemy small arms and mortar fire, had reached the

edge of an incomplete airfield at Maffin bay, Dutch New Guinea.

In Yank Hands (This field may be already in American hands, inasmuch as MacArthur's communique cover actions of two and three days ago and today's effort referred to an action Wednesday).

The Maffin field, beyond which lies the serviceable Sawwar airstrip, is on the mainland just west of the fine Wakde island air base, captured May 18 and now in operation.

Seize Airdrome In late April, MacArthur's leaping invaders seized four airdromes at Hollandia, another at Aitape, British New Guinea, and further to the southeast Australians overran the Madang and Alexishafen fields.

The jungle fighting in the Wakde-Maffin bay area has been bitter. Since the May 17 landing near Toem, south of Wakde, 971 Japanese have been killed and five captured as against American casualties of

61 killed, 182 wounded and three missing.

Headquarters also reported the slaying of 151 more Japanese and the capture of 29 new prisoners in the Hollandia-Aitape sector, raising Japanese casualties there to 3222.

In continuing air attacks against the next of Japanese airfields in the Geelving bay sector, headquarters announced the destruction of 19 parked enemy planes and the damaging of 12 others at Noemfoor Island.

Bypassed enemy airfields around Wewak, British New Guinea, were kept neutralized and adjacent supply stores ripped Wednesday by more than 100 Bostons, Mitchells, Lightnings and Thunderbolts.

PRESENTED PLAQUE PORTLAND, May 26 (AP)—A plaque has been presented to Palmer Hoyt, publisher of The Oregonian, in appreciation of an address at the republican party's Lincoln Day banquet.
