

YANK INFANTRY COUP CAPTURES ALBAN HEIGHTS

(Continued From Page One)

stroying 43 planes, losing 14 heavy bombers and nine fighters. In May, a staggering bomb weight was hurled on the Germans from 148,000 planes. Americans alone destroyed 1072 of the Luftwaffe at the cost of 611.

Reds Busy

The Russians said they shot down 164 German aircraft and knocked out 122 tanks in two days north of Iasi in Romania where the worried Germans left "thousands of dead" before Russian lines in vain attempts to throw the soviet offensive plans off balance. Moscow said the Germans advanced not "a single step" yesterday.

All the Balkan countries stirred. A London dispatch said Turkey probably would march when Gen. Eisenhower strikes. Moscow said Bulgarian rulers were veering into "ventures dictated by Hitler." Lisbon said the Hungarians were torn between terror, despair and apathy in the new order of German puppet rule. Marshal Tito, reported appointed Yugoslav commander by King Peter in place of Gen. Mihailovic, ordered immediate offensives against the Germans and declared:

"The last blow of the red army and the Anglo-American allied troops is approaching."

Germans Impelled

The crack in the Valmontone line in Italy imperilled the German retreat in the center, because the enemy had been using the 25-mile sector as a hinge to extricate his tired and mauled troops to the southeast. Captured towns included San Giovanni, Patricia, Ripi and Torrice.

Britons on the coast advanced steadily north of Ardea toward the Tiber. In "limited but important" gains, the fifth army near Lanuvio crossed the Fosso Di Campoleone, a drainage ditch. Other units pushed nearer Valmontone itself, 20 miles from Rome on the interdicted via Casilina. Tactical aircraft flew around the clock shattering German lines of retreat and shattering forward positions.

The fall of Rome appeared a matter of days.

Streetcar Strike Hits St. Louis

By The Associated Press
All street cars and buses in St. Louis were idle today as 3500 operators went on strike while elsewhere along the country's labor front conditions eased somewhat as workers in several industries ended walkouts which yesterday had kept idle some 50,000 men and women.

The strike of St. Louis transportation operators, members of the Amalgamated Street and Electric Railway and Motor Coach Employes of America union (AFM), was reportedly over an overtime pay controversy.

The last major strike in Detroit was ended when employees of Parke, Davis and company, producer of medical supplies, voted to return to their jobs; the nine-day walkout had affected 1900 men and women.

Lull Occurs in Fight for Biak

ADVANCED ALLIED HEADQUARTERS, NEW GUINEA, June 1 (AP)—Deprived of bad weather of vital air support, Yank invaders of Biak broke off momentarily their violent bid for three airfields but headquarters disclosed today they already have killed 679 Japanese and control the eastern part of that Schouten island.

The lull was expected to continue until such time as snipers and small scattered forces hiding in ridges along a road to the Mokmer airfield are cleaned out. That will permit the Americans to advance without fear of attacks on the right flank which have stopped the main force short of their first objective.

said to be now in the works, to be issued in about two weeks.

HERE'S some gratuitous advice to WPB and WLB:

Don't delay so long hereafter when cases come before you. Get QUICKER action. HOLD THE CONFIDENCE of these workers by dealing realistically, but PROMPTLY, with them.

They're good citizens at heart, and if handled right will cooperate.

WASHINGTON (U. S. political center) thinks that as New Deal nominee for v-p Wallace is IT. Before taking off for China, he talked with FDR and came away LOOKING PLEASED. A Washington dispatch today says: "There has been some clamor on the part of (New Deal) party members, particularly in the South, for Wallace's replacement, but many legislators have come to the conclusion that Mr. Roosevelt WILL NOT COUNTENANCE A CHANGE."

That about tells the story.

TWO DAMAGE SUITS REPORTED SETTLED

Two large damage suits by Ray and Nellie Swindler against O. A. McCord and Arthur Beck, on which trial proceedings were started Wednesday, were settled Thursday morning out of court with award of \$4000 to the plaintiffs.

The suits evolved out of an automobile accident on Summers lane on December 31 of last year. Swindler asked \$10,900 damages for alleged personal injuries received when his car collided with a truck operated by Arthur Beck and owned by O. A. McCord. The complaint stated that the truck was on the wrong side of the highway at the time of the accident.

The second suit against McCord and Beck with Nellie Swindler as the plaintiff was to have immediately followed the first. Mrs. Swindler was also injured in the accident.

Attorney for the plaintiffs was Henry Perkins and the defense attorneys were Richard Maxwell and Paul Farrans.

east." They are veterans of the African campaign and had seen service as members of the German paratroop corps. It is thought that they were taken prisoner at the close of the African fighting.

The men left Camp White some time between 8 a. m. and 5:30 p. m. Tuesday while working among other prisoners in a remote section of Camp White, known as the Antelope firing range. Just where they got the army sun-tan uniforms was not learned here today.

Klamath Helps
First report that the men were headed into the mountain country came from Mrs. Jack Tyrrell of Dead Indian Soda Springs at about 5:30 p. m. Tuesday. She saw the pair, thought they might be escaped convicts and immediately contacted military authorities.

The search started at that time and called out Klamath county law enforcement officers as well as those from Jackson county.

It is thought that Kiehle and Fahrberger took trails and logging roads in the area as officers had been over the Fish lake road just a short time before the two were taken in custody. All summer homes in the Lake o' the Woods' area were checked for occupancy as officers thought that the two might seek cover there for the night.

MOUNTAIN ROADS REPORTED GOOD

Roads leading into Lake o' the Woods, Fish lake and the surrounding area are all open and in good condition, according to report of travelers in that vicinity this week.

The roads are also open from Lake o' the Woods and Fish lake on towards Medford. It is possible to travel entirely around Lake o' the Woods.

Fishing is reportedly good at both these lakes. Suttle Lake lodge and store opened Thursday (today) and cabins and boats are available. Fishermen should bring their own anchor ropes, however, for still fishing.
