KLAMATH SPUD ACREAGE LEADS ALL OF OREGON

Klamath county's 1943 record-breaking potato acreage, estimated at approximately 15,000 acres, accounted for about 28 per cent of Oregon's total estimated plantings of 53,000 acres last year, according to County Agent C. A. Henderson. This year's acreage in Klamath county is estimated at about 15,500 acres by Henderson.

The 1942 acreage in Klamath county was 11,300, and that for 1939 was 10,600 acres, according to extension circular No. 432 prepared by the Oregon State college extension service in cooperation with the federal buresu of agricultural economics.

Based on 1943 estimates, Malheur county ranked second in potato acreage with 10,000 acres, followed by Clackamas county with 3400, Deschutes with 3100, and Crook and Marion with about 3000 each.

Although Oregon's 1944 production objectives call for a decresae in potato acreage of about 6 per cent this year, Malheur county has been asked to absorb all of this decrease of about 3000 acres in order to boost its acreage of sugar beets, corn and seed crops. All other counties were asked to hold their acreages at about the same levels as last year.

Idaho's potato production objectives were decreased 9 per cent this year while the national production goal was increased 3 per cent. The greatest increases were proposed in states having or adjacent to large cities.

Oregon's total potato production in 1943 is estimated in the extension circular at 10,335,000 bushels—an all-time record for this state. Yields last year were practically the same as for 1942, but the acreage was more than 50 per cent greater.

The 1943 seasonal average price to producers in Oregon, estimated at $1.47 a bushel, was unchanged from the previous year, but was more than twice the average during the 1935-39 period, the circular points out. With an average price the same as the previous year, and marketable supplies the greatest on record, cash income from sales during the calendar year 1943, estimated at $8,862,000, was also the greatest on record—23 per cent above 1942 and 21 per cent above the previous high of $7,297,000 which occurred in 1917.

Lake Wheat Hit By Frost Damage

PORTLAND, June 1 (AP)—Frost damage to wheat in Lake county and to garden vegetables and early potatoes in eastern and southeastern counties was reported today by the weather bureau.

The weekly weather-crop survey also warned that rain is needed in eastern Oregon for grain crops and field peas. Little rain fell in most of the state last week, and freezing temperatures were recorded in elevated eastern areas.

800 ASK FOR 'V' GARDENING WATER RATES

Over 800 Klamath residents have applied to Copco for credit allowances on water rates given to persons raising a victory garden of 400 square feet of more, according to Keva Hutchinson of the California Oregon Power company.

Applications are still coming in at the rate of about 10 a day and Hutchinson said that he believed there would be about 200 additional requests for victory garden credit allowances before the season is over.

Last year, between 1300 and 1400 persons applied, showing that interest in gardens has lagged somewhat this year.

This summer as last, victory gardens are being raised everywhere throughout the city and suburban areas. However, most of the applications in town come from the California avenue area and the Hot Springs district and those outside of town from around Pelican City and the South Sixth street area.

Now Is Time to Poison Squirrels

Young squirrels have been making their appearance during the past week when weather permitted.

This is an especially good time for poisoning as they take poison readily and very little is required to kill them. Poisoned oats is the bait used.

Liquor Bonus For June Announced

PORTLAND, June 1 (AP) — A liquor bonus of a fifth of bourbon whiskey for each Oregon permit holder will be issued again this month, George P. Lilley, chairman of the state liquor control commission, said today.

Regular rationing—a quart of whiskey and a fifth of brandy monthly — remains unchanged. Other distilled liquors are unrationed, but purchasers are restricted to one bottle at a time.

Weekly Market Trend

(Editor's Note: The following market information is supplied from material obtained over the government leased wire in the office of the extension economist at Oregon State college. The material, in the form of a weekly summary of trends in the livestock market, is not intended to replace spot day by day market reports).

Larger receipts of hogs were at North Portland, Monday, May 29 but supplies of cattle and sheep were somewhat less than a week previous. Despite the heavy supply of hogs (3300 salable) prices were steady to 10 cents higher while cattle lost 25 cents and lambs were 50 cents lower than a week earlier.

CATTLE

Trading was fairly active on the 1850 head offered with good fed steers going at $15 and $16. Grass steers went at around $13 and medium to good heifers at $13 to $14.25.

At San Francisco, supplies were light and the market steady. Fed steers were $15.75 and grass steers $14 to $15.

HOGS

Carlots of good to choice 170 to 270 lb. butchers went at $13.85 while truckins were $13.75 to $13.85. On the San Francisco market good to choice 200 to 250 lb. hogs brought $14.75.

LAMBS

Spring lambs grading good to choice were $14.50 to $15.00 and common to medium shorn lambs $9 to $12.00. Trading in lambs at San Francisco was slow with good to choice kinds going at $14 to $15.

Slaughter supplies of livestock so far in 1944 have been larger than in 1943 and prices of livestock have averaged less than during the corresponding months of 1943.

The farm price of hogs has been from $1.25 to $1.75 less than a year earlier. Cattle have been 35 cents to a dollar lower and sheep and lambs 25 to 60 cents lower.

Continued heavy slaughterings of livestock are expected to result in a record production of meat in 1944. The WFA anticipates a total of 25 to 25½ billion pounds, dressed weight, or about 5 per cent more than was produced in 1943.

On the basis of information now available, total meat production in 1943 was 24.2 billion pounds, up 11 per cent from 1942 and the largest annual production on record. Meat produced under Federal inspection in 1943 was 9 per cent larger than in 1942, while the estimated output on farms was 10 per cent larger. Output by commercial non-inspected plants was around 20 per cent larger than in 1942.

Most of the increased 1943 meat production came from hogs. Pork production was up 25 per cent, lamb and mutton 6 per cent, but beef production in 1943 was 3 per cent less than in 1942.

Cattle and calf slaughter the first quarter in 1944 was about 15 per cent greater than for the same period last year. Hog slaughter for the first six months of the hog marketing year is reported 35 per cent above a year previous while sheep and lamb slaughter for the first quarter this year is reported 5 per cent above a year previous.

WOOL

The Boston wool market experienced a somewhat stronger demand during the week ending May 27.

Sales of graded Montana wool were made at a clean price range of $1.18 to $1.19 and Wyoming at $1.17 to $1.19. The demand was for the better grown clips. Idaho quarter-blood staple wools sold subject to appraisals. Idaho graded staple wools were appraised in Boston at the following grease prices: Half-blood, shrinking 60 per cent at 47.2 cents; three-eighths shrinking 56 per cent at 47.5 cents; quarter-blood shrinking 50 per cent at 49 cents; and low-quarter, shrinking 48 per cent at 48.3 cents.

During the month of March, the weekly consumption of grease apparel shorn wool totaled 17,700,000 pounds, compared with a weekly consumption of 19 million pounds in March, 1943.

Potatoes

CHICAGO, June 1 (AP-WFA)—Potatoes, arrivals 117; on track 212; total U. S. shipments 1230; supplies moderate, demand slow; for California market unsettled with slightly weaker tendency; for Southern Triumphs, best quality, market about steady; California Long Whites U. S. No. 1, $2.84-4.21; Louisiana Bliss Triumphs U. S. No. 1, $4.40-47.

WHEAT

CHICAGO, June 1 (AP)—Profit taking and the pressure of crop forecasts reporting good to excellent prospects for all small grains affected wheat futures today and prices at the close were fractionally below the day's best levels. Mill buying, heavy overnight purchases of flour and short covering had given the market for all grains a firm undertone during the early trading.

Weakness of Winnipeg, lack of demand and profit taking influenced rye futures which also lost part of their advances. Analysts said the rye market probably was vulnerable with a number of traders believing the rally had run its course.

Wheat closed ¾c to 1¼c higher than yesterday, July $1.63¼. Oats were unchanged to ¼c higher, July 77¼c. Rye was unchanged to ¼c higher, July $1.12⅞-1.13. Barley was ¼c to 2¼c higher, July $1.22.

Courthouse Records

Complaints Filed

Grace Cathleen McCord versus Owen Austin McCord. Suit for divorce, charge cruel and inhuman treatment. Couple married in Davenport, Wash., December 27, 1916. Plaintiff asks restoration of maiden name, Grace Cathleen Kiner. U. S. Balentine, attorney for plaintiff.

Justice Court

LIVESTOCK

PORTLAND, Ore., June 1 (AP-WFA) Salable and total cattle 200; calves 50; holdover 150; market extremely slow; only scattered sales about steady with Wednesday's 50 cent lower close; some dairy type cows $1.00 lower than early in week; practically no bulls selling with supply liberal; few good fed steers held steady without bids; odd cutter-common light steers $7.00-10.00; common heifers $8.50-10.50; canner-cutter cows mostly $5.00-6.50; medium beef cows $9.50-10.50; asking $8.00-9.50 or above for common-medium bulls; vealers weak; good-choice grades $15.00-50; few $16.00.

Salable and total hogs 400, holdover 700; scattered sales about steady but bulk of supply unsold; few good-choice 160-270 lbs. $13.75; 165-175 lbs. $12.00-13.00; light lights down to $10.00; 280 lbs. up, $12.00; good sows $8.00-50; light weights to $9.00; good 45-58 lb. feeder pigs $7.00; choice above 100 lb. feeders quotable to $9.00 or above.

Salable and total sheep 350; few sales spring lambs around 50 cents lower than early Wednesday; other classes about steady; good-choice spring lambs $14.25-50; culls down to $9.00; common-medium shorn old crop lambs $8.00-10.00; good-choice heavy ewes $4.00.

CHICAGO, June 1 (AP-WFA)—Salable hogs 16,000; total 20,000; slow, generally steady; good and choice 180-270 lbs. $13.75, the top; 280-330 lbs. $11.75-12.25; few loads 330-365 lbs. $11.50-75; good and choice 150-170 lbs. $12.00-13.00; medium grades 160-220 lbs. $11.75-13.00; good and choice 350-500 lb. sows $10.75-90; choice light weights to $11.00; approximately 10,000 unsold, virtually all support hogs.

Salable cattle 4500; salable calves 700; another very irregular market on all classes; everything unevenly higher; best steers and yearlings quality considered, strong to 25 cents up; heifers strong; cows 15-25 cents higher, and bulls 10-15 cents up; vealers firm; stock cattle slow, steady, only thin, light kind available; steers trade highest of year to date, quality considered; bulk $15.00-17.00, top $17.25; best yearlings including mixed steers and heifers $17.00; bulk heifers $14.00-16.00, choice 821 lb. averages $16.85; cutter cows to $10.00 instances; heavy sausage bulls to $12.40 with bulk at $10.40-12.00; heavy fat bulls to $14.00; vealers $16.00 down; most stock cattle $10.75-14.00.

Salable sheep 2500; total 8000; load good and choice 100 lbs. fed wooled Colorado lambs sold strong at $16.25; no shorn lambs or lower grade wooled lambs sold early, with general undertone no better than steady, but interests talking weaker; odd lots native ewes steady at $7.25 down.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, the messages of sympathy, the beautiful floral offerings during our recent bereavement. We wish to especially thank the Klamath Temple.

Sophie Spencer and Children.

ICE CREAM AS LOW AS 11¢ a pint

Sure to be pure—YOU make it! In 2 minutes, mix LONDONDERRY, sugar and evaporated milk, or any cream that will whip. Whip, freeze, that's all. No cooking, no re-whipping. Smooth, no ice crystals. (Use milk or skim milk for delicious frozen desserts.) 15¢ pkg. LONDONDERRY makes 4 pints, any flavor. Ask your grocer for LONDONDERRY. If he does not carry it, send us $1.00 for 7 packages and 20 famous recipes, postpaid.
