Tight Scores Prevail in Major Tilts

Pirates and White Sox Have Habit of Taking One-Run Affairs, Survey Shows

By JACK HAND Associated Press Sports Writer

If winning light, one-run games means a pennant—as the experts say—the second place Pittsburgh Pirates and the fourth place Chicago White Sox

As the majors resumed operations after a two-day rest period caused jointly by the schedule makers and D-Day, a survey of the first quarter of the league races revealed that of 341 games played, roughly one-third, or 118, have been decided by a single score.

Frankie Frisch's Pirates have the best record of pulling those tight ones out of the fire, winning eight of 10 for a 27 per centage, far above the Cincinnati Reds who placed next by taking 10 of 18.

Strangely enough the St. Louis Cardinals have grabbed but four of nine close fits, but lead the league by four games, indicating they don't often make it close.

The White Sox have the edge on one-run games by taking seven of 11, but Detroit with 10 of 14 is close behind.

REPUBLICANS JUBILANT OVER NEW YORK WIN

By The Associated Press Republicans jauntily hailed today as a feather in their campaign had a 14,289-to-10,764 victory in a New York City congressional district that has gone democratic for 25 years.

The victory was scored by Ellsworth B. Buck over Thomas V. Cantwell, democrat with American labor party support, in a special election yesterday to fill the seat of the late Rep. James A. O'Leary, democrat who carried the district (New York's 11th) by 9000 votes in 1942.

The democratic tradition was continued in New York's fourth district, in Brooklyn, where in another special election John J. Rooney, democrat backed by the American labor party, won over Republican William G. Nolan on an unofficial count of 4860 to 1850.

Test Elections? Because of New York's heavy electoral vote, both races had attracted interest of politicians nationally. Thomas J. Curran, GOP county chairman, called Buck's triumph "a forerunner of things to come next November."

In Washington, a group of republican representatives came forward with a proposal that their vice presidential candidate be Rep. Everett Dirksen of Illinois, who has been a candidate for the top place on the ticket.

Several suggested at a testimonial dinner last night that Dirksen run with Gov. Thomas E. Dewey of New York, who has a long lead for the presidential nomination, and Rep. Charles Eaton of New Jersey suggested "a new D. D. degree for the nation"—Dewey and Dirksen.

Mississippi Meets Meanwhile, with Roosevelt administration supporters and anti-battling for control, Mississippi democrats meet today in state convention to pick a 20-vote slate of national delegates and to act on the choice of 12 democratic electors.

If the anti's, who are in charge of the state's party machinery, have their way the delegation may go unstructured to the Chicago convention and the selection of electors either delayed or their presidential vote made conditional on the national convention's compliance with "white supremacy" demands.

Invasion Effects The fourth term question bobbed up in congressional discussion of the effect on the campaign of the allied invasion of Europe, with some private speculation that President Roosevelt may want to retire if the signs point to victory in the period which elapses before the democratic convention in Chicago July 19.

Democrats and republicans agree that swift success in the invasion, with the indications that Germany might collapse,

Raffetto is one of 824 United States soldiers held by those countries. The fact that he is a prisoner was previously announced when John's family received word of his capture several weeks ago from the war department.

probably would react to the benefit of the republican presidential candidate while, they said, a stalemate might make the voters more reluctant to change the democratic administration in a time of crisis.

Sentiment for Gov. Prentice Cooper as a favorite son candidate for vice president was apparent as Tennessee democrats yesterday wound up the selection of 26 delegates, largely un-instructed as to the presidential nomination.
