

# INCREASE IN EMPLOYMENT POSTWAR NEED

WASHINGTON, June 12 (AP)—After victory, says the senate's special postwar planning committee, business and industry in the United States must employ 8 to 10 million more people than have ever been employed before in peacetime.

A report presented today by Chairman George (D-Ga.) estimated that even if 2 or 3 million men are retained in the armed forces, full employment must be available for between 54 and 56 million people. This compares with the pre-war peak of approximately 46 million employed, reached in 1929, 1937 and again in 1940.

"This country never had and never will have real prosperity without full employment," the report declared, adding that the huge number of jobs that must be provided "presents a challenge almost as grave as the challenge of war."

Present employment in the country was estimated at about 50,000,000 persons, exclusive of those in the armed forces. The overtime work they're putting in was reckoned the equivalent of an additional 5,000,000 persons.

After the war, the committee said, 4 or 5 million of the war workers will want to return to school, or withdraw from the labor market entirely. Off-setting this, of course, will be the veterans discharged from the army and navy.

"The first six months following final victory will see the greatest accession to the civilian labor market," the report stated. "Beyond doubt this will be the most critical portion of the transition period."

"The armed forces will be demobilized at a rate of from 500,000 to 600,000 per month. All war production will cease. Most of the workers in the munitions industries will be released during that period. The airplane plants and shipyards will operate little, if at all. The automobile plants will be in process of conversion. The forests that created the war-boom areas will terminate. The available jobs in those areas will not provide for the workers in them. This inevitably will leave large pools of unemployed in war-boom areas, regardless of the over-all national employment situation."

The committee declared the only answer to the full employment problem is "a much greater gross national production than this country has ever produced in peacetime."

## Communists Pledged To Speed War Work

SEATTLE, June 12 (AP)—Pacific northwest communists pledged "our supreme effort to speed production of the sinews of war for victory" and approved change of the name from the Communist party to the Communist Political association in conformity with national convention action in New York.

Henry Huff, Seattle, was elected president of the Washington state council.

The convention was attended by 380 delegates from Washington, Oregon and Idaho.

## KILLING OF JEWS GOES ON, SAYS FDR

WASHINGTON, June 12 (AP)—President Roosevelt told congress today that as a final Nazi defeat approaches "the fury of their insane desire to wipe out the Jewish race in Europe continues undiminished."

"This is but one example," Mr. Roosevelt said in transmitting a report on arrangements for caring for war refugees. "Many Christian groups also are being murdered."

"Knowing that they have lost the war, the nazis are determined to complete their program of mass extermination. This program is but one manifestation of Hitler's aim to salvage from military defeat victory for Nazi principles—the very principles which this war must destroy unless we shall have fought in vain."

The president outlined recently-completed arrangements to bring about 1000 refugees to this country for temporary housing in a military camp near Oswego, N. Y. After the war, he said, these refugees, mostly women and children, will be returned to their homeland.

Mr. Roosevelt said the work of the war refugee board, composed of the secretaries of state, treasury, and war, has "brought new hope to the oppressed peoples of Europe."

From various sources, he continued, he has received word that thousands "have been given the will and desire to continue by the concrete manifestation of this government's desire to do all possible to aid and rescue the oppressed."

Facilities for caring for war refugees in southern Italy have become so overtaxed, he added.

## To a responsible man with 2 or 3 children

It's no fun being a breadwinner unless you've got a real job. Right now, Southern Pacific has a special opening as Brakeman for the right man. You need to be steady and reliable because this is a responsible job. The work is both vital and interesting. As a Brakeman you work on trains, help operate them, help keep war materials moving. You get around, meet people—and get good money doing it. After a couple of weeks or so of training, you'll make over \$200 monthly at base pay. (Some Brakemen make considerably more.) This is an important job with a permanent company—even though it takes no experience to start.

See or write Trainmaster, S. P. Station, Klamath Falls, or your nearest S. P. Agent.

that unless arrangements to move them on can be made the escape of other refugees will be "seriously impeded." Even he, he said, had been a general movement of refugees from various countries into that area.

## Bartender Charged With \$300 Theft

Dolphus Lee Robertson, charged with taking \$300 from the Rialto, where he was employed as bartender, was ar-

raigned in justice court Saturday morning.

Robertson was returned here from Medford Friday by Deputy Mack Lillard. The accused man was arrested Wednesday in Medford on a felony warrant charging him with larceny by embezzlement in Klamath county.

In justice court Saturday, Robertson waived preliminary hearing and was committed to the county jail under \$1000 bail.
