Ten Marines Spend Weekend at Lake

Ten men from the Klamath Marine Barracks spent the weekend at Diamond lake, as guests at the cabin of Mr. and Mrs. George McIntyre. The boys fished in the lake and reported a "swell time."

Officials of the barracks said they understand McIntyre has offered the use of his cabin frequently during the summer for the boys at the local installation.

A number of the marines were invited to Klamath homes over the weekend and to various social functions.

Klamath Hospital To Handle Drug

Klamath Valley hospital has been included in the addition of 1000 more hospitals to those already serving as depot hospitals for the limited distribution of penicillin, it was announced by the chemicals bureau of the war production board.

This brings to more than 2000 the total number of hospitals serving as depots. The step was taken, officials related, to make the drug more conveniently available to hospitals in the less populated areas of the country.

SUMMER CAMP SEASON SET FOR JULY 16

Dates for the Camp Fire Girls summer camping season have been set for July 16 to July 30. This year will mark the seventh season of camping at Camp Esther Applegate located at Lake o' the Woods.

The campers are supervised by a staff of counselors chosen for their ability and fitness to work with children in a camp environment. The camp director has had seven years of experience in directing camps, and a graduate nurse will be in attendance during the entire camp season. All water sports are under the direction of an American Red Cross safety instructor. Classes offered will include handicraft, dancing, dramatics, nature lore, and camp craft. The chief sports offered will be swimming, hiking, riding, and other outdoor and indoor activities.

Camp Fire Girls may register for camp on Thursday and Friday, June 15 and 16, between 2 and 4 p. m. at Moe's store.

Additional Ticket Windows Opened at Passenger Depot

To help accommodate constantly increasing passenger business at the Southern Pacific, two additional ticket windows are being added at the passenger depot.

Work on the windows has not yet begun, but it is expected that construction will be underway soon, it was announced by Lloyd Stitt, district freight and passenger agent.

Navy Enlists Four From Klamath Area

Four 17-year-olds enlisted in the navy during the latter part of last week, D. T. Schreiber, navy recruiter here, announced Monday.

The men are Jack L. Moore, 33 Anderson avenue; Kelsey E. Ruland and Richard O. Peppie, both of Bonanza, and Lester M. Cushman of Tulelake. They are now on 10 days inactive duty and will report to Portland for further assignment at the end of the period.

CANNING SCHOOL SESSIONS FINISH

Mrs. Winnifred Gillen conducted the last session of the canning school in the Pelican theatre Saturday morning with a demonstration on freezing and drying foods.

She also showed the purpose and method of sulphuring light-colored fruits before drying. This lesson was the last of a week-long series sponsored by the Klamath county nutrition council in cooperation with the war food administration in order to stress the necessity of producing and preserving foods.

In continuation of this program, Mrs. Gillen will conduct a series of food spoilage clinics in the various communities in the county during the summer. Also scheduled is a series of garden pest control lectures by Robert Rieder, Oregon State college entomologist, who is being brought here by the nutrition council.

The council has been aided during the past week by the following firms: Mason Ehrman and company, Safeway stores, Mal-lory's, Wadhams and company, California Oregon Power company, East Side Electric company, and the city school system.

Freak Lightning Knocks Two-Year-Old From Bed

NEW PINE CREEK—A close call was registered here last Monday evening at 8:45 during the electrical storm, when lightning struck the Walt Lehman ranch and made freakish incursions of the premises, knocking two-year-old Judy Daniels out of her bed and scaring Mrs. Leroy Daniels frantic.

Mrs. Daniels was washing dishes by the stove when the jolt shook her nearly off her feet. After everything was checked over, it was discovered the phone and frigidaire were dead; a chunk was broken off the door knob, the screen door had an 18-inch strip ripped off of it just below the handle; the linoleum had a rip in it back of the frigidaire, a few feet from where Mrs. Daniels was standing; the roofing was ripped at the corner and other evidences were found revealing the freakish nature of lightning.

The electric charges seemed to play diagonally from Crane mountain down across the valley in line with the Evert Reid ranch. Shortly before the big

jolt came, a tree was up-rooted in Evert's feed lot. Several tele-phones in the vicinity were put out of commission.

This is the second time the Daniels have been too close for comfort to lightning strikes, as they were both knocked down once on the mountain slopes west of Lake City. Mrs. Daniels is now dreadfully afraid of lightning.
