

REDS MAKE NEW DRIVES IN FINLAND

(Continued From Page One)

nish army remained obscure, but there were strong indications that the Finnish government was facing a crisis.

A Reuters dispatch from Stockholm said a Finnish peace cabinet had already been selected. An Associated Press Stockholm dispatch said the Swedish paper Svenska Dagbladet declared the Finnish government crisis had been "definitely solved."

The new Russian offensives were launched on the third anniversary of the German invasion of the Soviet Union, and apparently were aimed at clearing the Murmansk-Leningrad railway of Finnish forces.

One of the thrusts was launched along the Svir river, between Lakes Ladoga and Onega (Oneshkoe), approximately 150 to 200 miles northeast of Vilpuri. The other was started about 100 miles further north, above Lake Onega, and cracked Finnish lines east of Medvezhorsk, at the northwestern tip of the lake.

The broadcast Russian communiqué said that in the first day of the attack along the Svir more than 200 populated places had been occupied.

ALLIES PUSH NORTH ON ITALIAN FRONT

(Continued from Page One)

ing Germans may offer stiff resistance against the allied drive.

Limited Gains
Eighth army troops have also approached Nocero Umbra, 14 miles west of Camerino. Limited gains were made north of the newly-taken ancient fortress city of Perugia, and in the Lake Trasimeno area west of Perugia, despite strong resistance.

A field dispatch from Correspondent Sid Feder said casualties inflicted upon the Germans during the past 41 days of the allied offensive in Italy were estimated unofficially at between 80,000 and 100,000 killed, wounded and captured. More than 27,000 nazis were taken prisoner.

Air Activity
The Mediterranean air force stepped up its activity, making 1100 individual plane flights in attacking shipping in Livorno harbor, battle area targets and a railway at Ventimiglia on the Italian Riviera. There were no losses.

The communiqué disclosed that in a "spirited naval engagement" in connection with the ousting of the Germans from Elba, light coastal forces torpedoed three loaded enemy lighters attempting to evacuate troops, and possibly sank a fourth. In another engagement a single enemy lighter was sunk.

Evacuate
(The Berlin radio said German troops were evacuated from the island of Pianosa, south of Elba, and the island of Palmaiola, between the mainland and Elba, at the same time the allies seized Elba).

Speaker Here
Marshall Dana, editor of the editorial page of the Oregon Journal, will address an inter-service club meeting sponsored by the Rotary club at the Willard hotel Friday night. Rotary has invited Kiwanis, Lions, Sceptomists and Business and Professional Women's club members to attend. Men members may bring their wives, and women their husbands. Dana will spend the day here and will be introduced at the Willard hotel dinner by Frank Jenkins, Klamath publisher.

Crushing Aerial Offensive Continues

(Continued from Page One)

said. The bombers shot down a sixth. Yank fighters of the red air force supported the Mustangs in the last half of the trip, the announcement added.

Weather Fair
"Weather over the targets was fair and the results excellent," the communiqué said.

Keeping the assault going on the Germans' still active rocket bomb launching bases in the Pas-de-Calais area of France, RAF Lancasters and Halifaxes followed American Liberators and medium bombers over that region yesterday evening and delivered what was officially described as a "devastating" blow at the German installations there.

48 Missing
Forty-six bombers were missing from the widespread British operations, which included mine laying in enemy waters.

The German radio warned today that allied planes were over Syria—perhaps indicating that American bombers from Italy were out.

The daylight raid against Berlin by a fleet of more than 1000 U. S. Flying Fortresses and Liberators and 1200 escorting fighters was the greatest of the war against the reich capital. It was disclosed that some of the fighters as well as some of the heavy bombers made the shuttle flight between Britain and the Soviet Union.

Four-Second Start Saves Man's Life

TOLEDO, June 22 (AP)—Pete Sutter, Toledo, killed the engine of his tractor as he was passing between two railroad tracks—with an engine coming down one of them.

Witnesses said he took just four seconds to leap to the ground, crank the tractor, jump into the driver's seat and escape the oncoming engine.

KLAMATH MAN PLACES

VANCOUVER, B. C., June 22 (AP)—Pat McNulty, Klamath Falls, Ore., was among American contestants who shared honors in a rodeo here last night.

TEN DAMAGED IN ASSAULT ON FLEET

(Continued From Page One)

with the American force protecting the Saipan invasion, turned and fled with all speed toward the China sea. Nightfall saved it from further battering and there was no indication from Adm. Chester W. Nimitz, who announced the victory today, that the battle had been resumed.

Plane Losses
In the Sunday air battle preceding the bigger struggle, American plane losses were 21 against Japan's 353. The Sunday attack represented an arm's length enemy attempt to break up the American invasion of Saipan, principal island of the Marianas and only 1500 miles from Tokyo and the Philippines.

Admiral Nimitz also announced that 353 enemy planes were shot down in the Japanese futile attempt Sunday on Admiral Mitscher's carrier force. This added 53 enemy craft to the previous estimate of 300 destroyed.

Carrier Hit

Two U. S. carriers and one battleship suffered "superficial damage" and 21 aircraft were lost in combat. A fleet spokesman said superficial damage means the ship's capacity for battle was not impaired, indicating these three probably participated in Monday's action.

The attack of the fifth fleet under command of Adm. Raymond A. Spruance was such a complete surprise that the Japanese apparently made no counter attack against any of our surface units.

Admiral Nimitz, who stayed at his headquarters past midnight receiving battle reports and still appeared bright-eyed despite his 60 years, said the Japanese force consisted of four or more battleships, five or six cruisers, five fleet tankers and an unspecified number of cruisers and destroyers.

HAMMER ASSAULT MADE BY SEGREEGEE

(Continued from Page One)

progress towards recovery while Suzuki is reported to be in serious condition. Suzuki was still unconscious Thursday morning.

Shigeo Okamoto, the man under segregation center last fall with the segregation movement from Rohrer relocation center in Arkansas. He was detained in the wire compound area during the period when the army was in control of the segregation center and had been released last March to return to the center residential area. His home prior to evacuation was at Stockton, Calif.

No reason was given for the attack by Okamoto except a statement that certain people had been spreading rumors about him.

WRA officials stated that information concerning the case has been turned over to the office of the district attorney of Modoc county.

17 Per Cent Mark Hit In Oregon

PORTLAND, June 22 (AP)—Reporting Fifth War Loan bond sales of \$21,481,000 for 17.2 per cent of the Oregon quota, E. C. Sammons, state campaign chairman, urged solicitors today to complete assignments promptly.

Clatsop county reported sales of \$425,000 for 22 per cent of its quota as the quarter mark was reached in the bond drive.

EDITORIALS ON NEWS

(Continued From Page One)

sula, we've captured some of the robot-launching equipment, thus enabling us to figure out better ways to combat the new German weapon.

THE Russians, on the third anniversary of the German invasion of Russia, assert that in these bloody three years 7,800,000 Germans have been killed or captured as against 5,300,000 Russians killed, missing or wounded. (The German figures on missing and wounded are obviously unavailable to the Russians.)

ANOTHER slightly interesting sidelight:
Jap CIVILIANS are coming through our lines on Saipan island and GIVING THEMSELVES UP.

The suicide complex doesn't seem to include the Jap civilian.

IN these days of world-shattering war news, let's not overlook an outstanding scoop on the home front:

Governor Arnall, of Georgia, comes away from a White House conference this morning and announces that FDR is going to be a candidate for a fourth term!

Witnesses Deny Lack of Fuel For Heating Plant

(Continued From Page One)

plants, laundries and dairy plants, at any time conditions warrant.

A principal change in the proposed rate schedule would base the company's rates on the hogged fuel price delivered at the company's plant, instead of the price at the source of supply as in the past. Thus, transportation costs would be figured in the rates.

The following is taken from the amendment to the tariff proposed by the company:
"Hogged Fuel Price Differential:

All rates for steam quoted in the schedules of this tariff are base rates, subject at all times to a differential based on the average cost per unit of 200 cubic feet, paid by the company for hogged fuel, including sawdust and other wood waste fuel, f.o.b. the company's boilers at its steam generating plant at Klamath Falls on the last day of any calendar month, and will be applied in determining the rate for the succeeding month's consumption of steam."

"Availability:
Service under this schedule is available at the option of company in each case, to all premises located along the company's distribution mains; but the company shall not be required to furnish any service at line pressure in excess of 50 pounds line pressure at the company's generating plant during a period or periods when, in the judgment of the company, service at line pressure in excess of said 50 pounds would jeopardize continuity of other service to the public."

David Don, PUC engineer, conducted the hearing, and other PUC men from Salem here for the hearing were J. B. Kennedy, chief accountant, and Stanley Morse, reporter. Commissioner George Flagg will make a decision on hearings after the adjourned hearing is held.

LAST LINES HIT IN ASSAULT

(Continued From Page One)

coast and 13 miles southeast of Cherbourg.

On the west another spearhead had practically split the Germans in Cherbourg from those in the northwestern tip of the peninsula by advancing to within half a mile of Beaumont-Hague on the road to Cap de la Hague. Beaumont-Hague is 8 1/2 miles west of Cherbourg.

Supreme headquarters said it lacked any knowledge of a reported American ultimatum by field radio to the Cherbourg garrison demanding surrender by 7 a. m., Greenwich meridian time, today (midnight PWT). The London Daily Sketch said last night it had recorded such a broadcast.

Final Attack
It was assumed that if the ultimatum was made it was rejected and that Lt. Gen. Omar N. Bradley had ordered a final attack. Supreme headquarters said it was possible the field commander might have made the demand on his own authority.

On the American left flank, the U. S. infantrymen plunged to within three miles of the sea in the vicinity of St. Croix-Hague, a village seven miles west of Cherbourg astride the main highway to Cap de la Hague, where some German forces are reported seeking at least temporary refuge.
