# Government Gives Coal Mines Back

WASHINGTON, June 23 (AP)—The government gave the last thousand coal mines back to their owners today, with the exception of two in Virginia, and thus virtually quit being a coal mine operator after 13 months.

Because anthracite and bituminous wage contracts have been finally signed and approved by the war labor board, and a period of labor peace is apparently ahead, Interior Secretary Ickes liquidated his job of bossing the mines and said he was "tickled to death" to be rid of it.

Two soft coal mines, both belonging to the Jewell Ridge Coal corporation, Tazewell, Va., was held in government possession because the company refused to sign the bituminous wage agreement.

# Congested Area Fund Retained

WASHINGTON, June 23 (AP)—Funds for the president's committee on congested areas, previously stricken from the war agencies appropriation bill, will be retained, Senator Holman (R-Ore.), senate conference committee member, announced.

On Holman's motion, the conferees restored \$300,000 of the proposed \$834,000 to keep the committee functioning for another six months instead of the originally called-for year.

# PIN-WORMS Now can be Beaten!

The misery of Pin-Worms has been known for centuries, and many doctors have sought a way to deal with this dreadful pest that lives and grows inside the human body. Today, thanks to an important scientific discovery, a new and highly effective treatment is being hailed by medical authorities. It is based on a remarkable drug known as gentian violet. This drug is the vital element in P-W, the new Pin-Worm tablet developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines. P-W makes it unnecessary for you or your child to suffer in silence with the embarrassing rectal itch caused by Pin-Worms, or to take chances on the real distress they often create. The small, easy-to-take P-W tablets act in a special way to destroy Pin-Worms. So watch for possible warning signs such as: itching seat and nose, uneasy stomach, bed-wetting, nervous digesting. If you suspect Pin-Worms, ask your druggist for a package of P-W and follow the simple directions carefully. It is easy to remember: P-W for Pin-Worms!

According to reports, Meacham a mental patient, was en route from a Vancouver, Wash., hospital to Book's General hospital at San Antonio, Tex., when the accident happened. At a point near Chiloquin the soldier evidently broke a coach window of the passenger train he was riding and jumped onto the tracks. A freight train following close behind the passenger saw Meacham on the tracks but it was too late to stop and the soldier was killed.

# Klamath People Asked to Offer Home Hospitality

Klamath people were asked today to join in a home hospitality program for service men at the time of the Fourth of July rodeo here.

The home hospitality committee suggested that local people invite soldiers, sailors or marines to be their guests at the rodeo on one of the three days—July 2, 3 or 4—and have them at their homes for dinner or supper after the fairgrounds show.

It was further suggested that after dinner, the service men be made to feel free to leave the home in order to participate in down-town activities.

The committee has arranged to accept invitations and arrange for service men guests for people who respond to this plan. Telephone calls may be to number 9103 any afternoon up to June 27, the deadline.

# Camp Scholarships Offered to Scouts

The J. C. Penney company is offering awards to the Girl Scouts who sell the greatest amount of war bonds and stamps during the drive, and the first prize will be a \$10 scholarship to be applied to a week's camping at the established camp at Lake o' the Woods; there will be two \$5 scholarships and two \$2.50 awards, also to be applied toward a week of camping.

All Girl Scouts are eligible to enter this contest, and may obtain entrance blanks at Penney's store, where there is a special war bond secretary on duty for the company.

# SCOUTS RACK UP \$5500 IN DRIVE

Doubling their pace of the two previous days, Klamath Falls Scouts rolled up \$5500 worth of "E" Bonds as of Thursday afternoon. With many troops still to be heard from, this is more than twice the average of the first two days of the Scouts' house to house canvass.

No figures were available as yet on the status of the various troops but reports showed that the home calls were producing results. Scouts who visited war loan headquarters with their report slips were reported to have viewed with awe the size of the bomb on the sidewalk. They have resolved to work a little harder in raising the price of a few more of these bombs as gifts for Hitler-Tojo and company.

# TRANSFORMER
