

UMW FAVORS REPUBLICANS' LABOR PLANK

CHICAGO, June 28 (AP)—The republican labor plank, a slashing indictment of the new deal, basked in praise of a United Mine Workers' spokesman today but appeared unsatisfactory to the AFL and, amazingly, to the CIO which is pro-Roosevelt.

K. C. Adams, editor of the United Mine Workers Journal and personal emissary of John L. Lewis before the labor subcommittee, called the plank "eminently satisfactory."

AFL President William Green, who presented his organization's proposals to the same subcommittee a few days ago, found the plank "disappointing" and said the GOP "has missed a great opportunity."

All this brought into focus the political alliances and divisions within the labor movement. The proposals which Green laid before the subcommittee at the direction of the AFL executive council were largely disregarded. Yet the subcommittee's chairman, William L. Hutcherson, is a dominant figure in the AFL council. But Hutcherson, like UMW President Lewis, is a long-time republican. It was Hutcherson who sponsored Lewis' application for readmission to the AFL. Lewis withdrew it when the federation refused to meet the terms.

The plank accused the new deal of "perversion of the Wagner act to destroy collective bargaining, seeking to build up a totalitarian labor front and "political trickery." The labor department has disintegrated as a result, the plank said.

There was praise for all workers for a "magnificent productive" effort but the language did not include the term "organized labor." It pledged fair administration of laws designed for labor's welfare and a secretary of labor who is "representative of labor."

Smaller Yields Predicted in Umatilla Wheat

PENDLETON, June 28 (AP)—An average Umatilla county wheat crop of 5,500,000 to 6,000,000 acre bushels was predicted by grain men today as growers prepared for the six-week harvest expected to start between July 5 and 10.

Smaller yields per acre than the last three seasons, all bumper years, are expected. Triple-A compliance figures show 228,644 acres in wheat this year compared to 175,907 last year. More than 200,000 acres are in summerfallow, as against 213,000 in 1943.

The storage outlook is reported bright, with the bulk of last season's crop already moved to market. Labor is expected to be tight but not critical.

Boy Scout Troop Makes Trip to Crystal Springs

Boy Scout Troop 5, a group of boys headed by Warren Whitlock of the funeral home and sponsored by the Kiwanis club, went to Crystal Springs last Sunday on an excursion.

The scouts cooked their own food and ate it; they swam, tracked, and made a few unsuccessful tries at fishing.

The troop meets on Sunday, particularly for those boys who work during the week or at night. Anyone who is interested in joining the troop may get in touch with Whitlock by calling 3330 or they may call Bob Brown, senior patrol leader, at 8191 after Thursday, June 29.

APPOINTED
WASHINGTON, June 28 (AP)—Mrs. Julius Young Talmadge of Athens, Ga., newly-installed president general of the DAR, has announced appointment of Mrs. Charles E. Head, Seattle, as chairman of the Americanism committee.

To a Boilermaker about a better job

Maybe you have a wife and youngsters. Maybe you're new out here in the West. And maybe you figure you'd like to connect with a big and permanent company. You know best. Anyway, we'll tell you about the job. It's with Southern Pacific in our big railroad Shops or Roundhouses. General boiler-making on railroad equipment... locomotives, rolling stock, etc. Working with "good stuff" on interesting jobs. Keeping the railroad on the tracks, you might say... keeping the war trains rolling. A good gang to work with—men you'll like. Men who've found there's something just a bit different about railroading—more exciting, more interesting. New, higher railroad pay. Liberal age limits. Railroad pass privileges. Fine pension plan. Medical services. All of which adds up to a better than usual job with a good outfit. We think you'll like it. How about coming in and seeing us?
