

GOP CHOOSES DEWEY-BRICKER PARTY TICKET

(Continued From Page One)

The host of friends which I have here for Thomas E. Dewey for president of the United States."

No sooner had Bricker turned from the platform than Chairman Joseph W. Martin of Massachusetts announced:

"I now introduce Senator Ball of Minnesota." Ball led the campaign in behalf of Lt. Commander Harold E. Stassen for president. He said:

"Ours has been a clean fight. We are proud of Commander Stassen."

"As long as there was the slightest chance of Stassen's nomination we were determined to present his name to this convention. Governor Bricker's eloquent statement has eliminated any chance that existed. Minnesota's delegation has therefore decided not to present Stassen's name to this convention."

Representative Everett M. Dirksen of Illinois, another "favorite son," followed Senator Ball and pledged his support to Dewey.

"Here and now I want to offer my hands and my heart, my support and my energy, to what I believe is a great winning ticket in this decisive year of 1944. Gov. Thomas E. Dewey of New York, and Gov. John W. Bricker of Ohio." Dirksen said.

Gov. Leverett Saltonstall of Massachusetts next declared Dewey's nomination, declaring Dewey "is proving himself daily as governor of our largest state."

Rep. Leonard W. Hall of New York, in another seconding speech, predicted "the next congress will be republican—the next president must be a republican."

If Dewey had not already been assured of the nomination, his followers would have clinched it when they began handing out blue cardboard fans.

Alabama, first state on the call for nominations, yielded to Nebraska whose Governor Griswold had been named to place Dewey's name in nomination.

Nebraska Yields
Nebraska, in turn, yielded to Ohio—and state after state passed on the roll call to move toward swift approval of Dewey, Bricker.

When Minnesota was called, however, a voice rang out from the delegation:

"Minnesota has a candidate." The Minnesotans were sticking to their decision to place in nomination the name of their former governor, Stassen.

When Ohio was reached on the roll call, the chairman of the delegation sang out:

Ohio passes.
Thus the plan unfolded for Bricker's nomination for the vice presidency.

After the state call, Griswold took over the speaker's platform and made his speech in Dewey's behalf, drawing applause almost immediately by declaring:

"We are here to bring Washington, D. C. back into the union."
Demonstration
Governor Griswold's closing mention of the name of Thomas E. Dewey, set off the first big demonstration of the convention.

Bands blared "Hall Michigan." State standard after state standard bobbed out into the jam-packed aisles.

There was a veritable forest of posters bearing Dewey's picture.

Martin tried to bring order after the demonstration had gone on for 8 minutes but he was unsuccessful. Brass bands started off again just below his dais.

STORE, principles must always be more important than men. The platform will have its day soon.

SO much for politics, which on this day is only one of our interests.

At Cherbourg, we're frantically restoring the port facilities while clearing out the remaining Germans. At Caen, a clanking tank battle, one of the greatest of the war, is developing. Montgomery is reaching for more ELBOW ROOM in the invasion beachhead.

It will be needed for the greater forces we'll be able to pour in through the port we've just taken.

FINLAND goes ALL-GERMAN—handed over to Hitler by its leaders WITHOUT PARLIAMENTARY APPROVAL. (The Finnish parliament is the equivalent of our congress.) German troops swarm in Helsinki.

Mannerheim, Finland's indispensable man, a former high-ranking officer of the CZAR who hates communist Russia more than he loves Finland, makes the decision and calls in the Germans.

FOUR Russian armies, paced by unprecedented Russian air power, converge on Minsk. Beyond Minsk lies Warsaw. Beyond Warsaw lies Berlin.

THE infantry battle on Saipan still rages. We have the edge, but hard fighting still lies ahead.

The Japs have a stranglehold on Hengyang. Beyond Hengyang, reached by one of China's few railroads, lies Kweilin. Beyond Kweilin lies KUNMING, U. S. air headquarters in China. Beyond Kunming lies Chungking.

Beaten on the sea, the Japs are throwing their all into the land fighting in China.

GOP Farm Plank Given Approval

CHICAGO, June 28 (AP)—Earl C. Smith, vice president of the American Farm Bureau federation, said in a statement today that the agricultural plank adopted for the republican platform "is satisfactory."

"Literally interpreted and sympathetically put into action, the plank is adequate to meet the problems connected with the farm situation," he said.

Smith last week presented farm bureau recommendations to the republican general platform committee and a subcommittee on agriculture.

Demo Hopes For California Win

WASHINGTON, June 28 (AP) Senator Chandler (D-Ky.) said today that he believed a Dewey-Bricker ticket would make a weaker republican campaign than a Dewey-Warren ticket would have provided.

"The republicans are concentrating most of their strength where they already had it," Chandler said at the White House after talking with President Roosevelt.

"I think we can take California away from them."

LIONS MEET

NAZI TROOPS SWARM ACROSS PUPPET LAND

Helsinki to confer with Rytli and Foreign Minister Sir Henri Ramssay.

It was uncertain whether Von Ribbentrop still was in Helsinki, although one report said he had been seen dining yesterday noon at an exclusive restaurant, the Savoy. He was understood to have given a dinner last night at which Finland's total collaboration with Germany was formalized.

All through the negotiations, it was said, the Finnish parliament was uninformed of the proceedings, a duplication of the actions of Rytli and his associates when Finland went to war with Russia in 1941.

Relations between the United States and Finland were described as on a "day to day" basis. A break in relations between the United States and Finland seems certain, reliable sources said tonight in view of the joint declaration of solidarity between Helsinki and Berlin. No instructions had reached Helsinki from Washington, however.

NIPPONS CLAMP STRANGLEHOLD ON HENGYANG

of Saipan. Tokyo radio said, declaring that from 80 to 100 craft struck at the islands still in enemy hands. These were the third attacks in four days on Guam and Rota, suggesting that the U. S. navy was clearing the way for expansion of its holdings in the Marianas, which are 1500 miles from Japan.

Yap Hit From Air
Coupled with the reported Guam-Rota raids was an air blow at Yap from Gen. Douglas MacArthur's Southwest Pacific theater.

Yap, 250 miles northeast of Palau in the Carolines, was slugged with 35 tons of bombs, presumably to insure that Japanese air forces there are kept from interfering with the Saipan operations 700 miles to the north.

It was Yap's third raid in a week and 30 enemy planes rose to meet it. Eight were downed. The Americans lost a Liberator.

Airmen Active
MacArthur's airmen bombed Palau and Woleai, wrecked a Jap freighter off Boeroe Island west of New Guinea, damaged three other vessels in the East Indies, and attacked Manokwari, Noemfoor, Wewak and their old favorite, Rabaul.

The Japanese retaliated with a 10-ton raid on Biak Island's Mokmer airfield, inflicting minor casualties.

Myitkyina was a still under heavy attack by Lt. Gen. Joseph Stilwell's troops, and a supporting Chinese force cut the Burma road below Lungling, which the Chinese are trying to recapture. The Chinese who captured Mogaung moved six miles northeast and took Namli.

RUSSIANS PERIL MINSK; BRITISH DRIVE PROCEEDS

In the campaign, Caen is 120 miles from Paris.

Refinery Hit
The first three-way shuttle bombing of an enemy target was disclosed. Britain-based U. S. Fortresses which bombed Berlin and flew to Russian bases rose from the soviet fields and bombed a Polish oil refinery and landed in Italy, all within a week.

Allied casualties in the invasion were announced as 40,549. Of these 24,162 were American, 13,572 British and 2815 Canadian. Of the American losses, 3082 were killed, 13,121 wounded and 7959 missing. German casualties are above 70,000.

As salvage experts restored the great Cherbourg harbor, the GI's cleared the port arsenal of Germans and reduced a few other doomed pockets in detail.

Resistance Stiffens
German resistance stiffened appreciably in Italy although numerous villages were captured, including San Vincenzo, 32 miles below Livorno. Mediterranean air forces in two days destroyed 100 planes in Italy, the Balkans and Austria.

Clouds of 750 or more American heavy bombers in a triple attack today pounded three airbases near Lyon, the Saarbrücken rail yards and targets near Paris. Germany reported bombers over the southwest reach. By night 1000 RAF heavies struck two rail centers south and east of Paris and Pas-de-Calais robot bomb-launching sites from which the foe tormented southern England. Allied air commanders said the Germans had an "acute shortage" of oil.

BLACKFOOT, Idaho, June 28 (AP)—Mrs. Hazel K. Brown, women's supervisor at Idaho's mental hospital here, was acquitted by a jury last night of charges of neglecting female patients.

SCHOOL CHIEFS MAKE STUDY OF DORRIS SCHEME

Stanley Woodruff, principal of KUHS, and Arnold Gralapp, city superintendent of schools, made a trip to Dorris Tuesday afternoon to find out further information about the proposed transfer of the Dorris high school students to KUHS.

Fifty-eight boys and girls would be attending high school here under the proposed plan, according to Woodruff. There would be 17 freshmen, 12 sophomores, 15 juniors and 14 seniors entering.

Woodruff said that whether Klamath can accept the pupils or not depends for the most part on the teacher situation. He said that the principal of the Dorris high school, Ralph Kauer, and one teacher, Mrs. Grayson, may be able to teach here, thus alleviating the situation. Kauer teaches social studies, and Mrs. Grayson is an instructor in English.

The students attending from Dorris would have to pay tuition because of the added cost of maintaining them.

Another problem, Woodruff said, is the question of the seniors graduating if they attend for the full year. There would be a technicality of whether the seniors would graduate from Dorris high school or from KUHS. The Oregon requirements are quite a bit different from the California education laws.

Man Nabbed Here Taken to Utah

John A. Zollars, who has been held here under \$500 cash bail on a fugitive warrant, is being returned to Tooele county, Utah, by a Utah deputy sheriff.

Zollars is wanted in Utah on a charge of failure to support minor children. In court here this week, he waived preliminary hearing and signed extradition papers.

Quake Noted by Spokane Station

SPOKANE, Wash., June 28 (AP)—An earthquake described as "very heavy" was recorded at 1:06 a. m. (PWT) today by the seismograph at Mt. St. Michael's Scholasticate, school officials reported.

The direction and approximate distance from Spokane could not be determined.

near Pawling, Dutchess county. Members of the executive mansion staff said Mrs. Dewey appeared tired when she returned to Albany last night from the Dewey farm.

Preparations were completed for a quick trip to the airport, seven miles distant, where the plane remained ready. An automobile caravan containing the governor's entourage was to be preceded by motorcycle police.

The caravan was to stop at the capitol to pick up members of Dewey's staff not at the mansion. The capitol is only four blocks away.

IMOGENE FISHER WAIVES HEARING

Imogene Fisher, who is charged with first degree murder in connection with the fatal stabbing last Saturday night of W. K. Davis, was arraigned in justice court Tuesday. She waived preliminary hearing.

Mrs. Fisher, who is from Beatty, is accused, according to authorities, of stabbing Davis several times with a pocket knife at a drinking party involving six Klamath Indians near the Economy Wrecking company on South Sixth street. Davis' body was discovered by an employee of the wrecking yards early Sunday morning.

HEARINGS HELD ON NEW BUDGET

Final hearings on the new 1944-45 county budget were held Wednesday in the county courtroom to make necessary adjustments before the budget goes into effect July 1.

Hearings lasted all morning and part of the afternoon.

Miners Walk Out In Wage Dispute

PITTSBURGH, June 28 (AP)—More than 3800 miners in four "captive" bituminous coal mines of two steel corporations walked out today over demands for payment of \$50 vacation wages stipulated in the United Mine Workers contract.

Company spokesmen said a number of miners do not qualify for the \$50 vacation pay under terms of the contract, and that the strikes centered around demands of this group.

HEALTH QUIZ

- Do you have poor digestion? YES NO
- Do you feel headachy after eating? YES NO
- Do you get sour or upset easily? YES NO
- Do you feel tired—listless? YES NO

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—liver bile—each day to help digest your food. If Nature fails, your food may remain undigested, is sour and heavy within you.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for hours—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's, taken as directed, aid digestion after Nature's own order. Get Carter's Little Liver Pills today—only 25c. You'll be glad you did.
