

WARD FOUND GUILTY OF CANAL BLOCK

Harry L. Ward, 2705 Ward street, was found guilty Friday afternoon, following a jury trial in justice court of obstructing an irrigation canal on May 27. Involved was the main canal of the Enterprise Irrigation district.

The trial, at which several witnesses were called to testify, lasted several hours.

F. O. Small was the defense attorney and Deputy District Attorney Clarence Humble and A. W. Schaupp handled the state's case.

Justice of the Peace J. A. Mahoney, who heard the case, held up judgment for a few days. Jurors at the trial were Elmer Hosking, foreman, Lloyd L. Porter, Roy Call, Carl Schubert and J. W. Kerns.

Judge Mahoney, speaking of the case later, stated that there has been considerable trouble over persons placing obstructions in canals and said that such acts are definitely against the law and can be an indictable misdemeanor. Maximum penalty upon conviction in justice court of such an act is \$100 fine or three months in jail.

MARINE BAND SET TO PLAY AT SHOW

The big war bond show slated for July 5 will start promptly at 7:30 p. m. and in addition to the other attractions will feature the Marine Barracks band.

The marine band is the third band that has been signed to play for the bond-buyers, the other two being the Camp White band and Jack Teagarden and his orchestra. Teagarden is known especially for his "blues" music and he is expected to put on 20 minutes of special numbers.

In addition to the music there will be a 30-minute 3-act play starring Wacs and soldiers from Camp White. Other features include the presentation of 5-star mothers, a grand finale of servicemen who are guests of the Pelican theatre, and some acts not yet arranged.

General admission is by a \$100 war bond with lots of seats costing a \$500 war bond. Fifth War Loan officials say that the seats are being sold very rapidly.

fresh reserves from deep in the rear, but Red Star Correspondent Peter Troyanovsky said they were hurled back.

Nearly 50 planes were reported captured on the two fronts in Finland in the vicinity of Viipuri and between Lakes Ladoga and Onegskoe (Onega), with advances scored in steady hammering of the enemy.

Enemy Casualties

A special announcement detailing the destruction of German forces said the first White Russian army fighting for Bobruisk had killed 50,000 and captured 23,680, and the second White Russian army which took Mogilev killed 30,000 and captured 3250.

Coupled with figures announced previously for the third White Russian and first Baltic armies, the Nazi dead alone in the week's fighting amounted to 132,000.

Master Workman

The sun rises; the seasons return; the planets make their circuits; all by the hand of Christ, the Master Workman.

All things were made by Him and without Him was nothing made that was made. Through Christ, God created the universe and, through Him, God brings all things to pass.

So it was that God also worked through Christ to save men from their sins. God sent Him forth to seek and to save that which was lost. And he obeyed the Father. Therefore doth My Father love Me, because I lay down My life that I might take it again." So Christ tells us.

He obeyed the Father and laid down His life for us. Our sins had separated between us and the Father but the blood of Christ blotted them out and opened the way back to God.

Now God has command for us also—"That we should believe on the name of his Son, Jesus Christ." 1 John 3:23.

Yes! Believe on the Lord Jesus Christ and thou shalt be saved—BIBLE. Saved from the guilt and power of sin. Enthroned Christ in your heart—Deliver yourself over to Him—Make Him the Lord of your life—Trust Him utterly—Let the Master Workman deliver you.

AFL Leader Charges Government With Invasion of Rights

PORTLAND, July 1 (AP)—Invasion by the government into the personal rights of American citizens is the biggest burr under the saddle of the AFL today, S. Eugene Allen, editor of the Oregon Labor Press, asserted yesterday.

"Dependence on the state is becoming the rule under the present administration," he said. "When a community depends on the state for a livelihood democracy disappears."

The AFL refuses to be an appendage of any political organization, he declared, and accused the CIO as being "Lock, stock and barrel in the Roosevelt camp."

Dewey-Bricker Breakfast Table Conference

Gov. Thomas E. Dewey (right), Republican presidential nominee, confers with his November running mate, Gov. John W. Bricker, over breakfast table in Chicago on morning following Dewey's acceptance speech at O. O. F. convention.

Department Store For Money Eyed

BRETTON WOODS, N. H., July 1 (AP)—All but obscured by the fighting for the peace it is intended to implement, the United Nations' monetary and financial conference opens today to plan the foundations for two new business houses on the world's main street.

One is a \$10,000,000,000 department store whose shelves would be stocked only with dollars, pounds, rubles, yuan, francs and the other monies of the world and with a storage vault for some \$2,000,000,000 in bright and shiny gold.

The other is a \$10,000,000,000 bank, patterned after this country's reconstruction finance corporation.

Together they are designed to promote world trade and prosperity and remove the causes of war.

The conference will convene to hear a message from President Roosevelt, to name Treasury Secretary Morgenthau its president and to chart the course of discussions that probably will last three weeks or more.

Mr. Roosevelt's message was to be read by a state department representative.

On hand at this swank and newly-refurnished resort are representatives of more than 40 other nations, including the French committee of national liberation. Their decisions—the first sought on a world-wide scale since the 1933 London monetary and economic conference—will go before each government for approval or rejection.

The projected department store, more formally designated as an international monetary fund, would be set up at the start as an \$8,000,000,000 project, later to be expanded by opening its doors to the nations now neutral or at war with us.

Five Star Mothers Will Be Presented at Program

One of the special features of the bond show to be put on at the Pelican theatre on July 5 is the presentation of five-star mothers from Klamath county who have five or more children in the armed services.

So far, K. A. "Dinty" Moore of the special events committee, has seven mothers who are to be presented.

Here is a brief summary of the mothers who are to appear and something about each one.

Mrs. Mary Mitchell has five sons in the service. One of her sons, S/Sgt. Jesse Mitchell, is a prisoner of war in Tokyo. He was captured on Bataan.

Mrs. Rex Walters has seven sons in the service. Her son, Robert Walters, is a paratrooper and when last heard from he was stationed in England. He has the Purple Heart which he received for wounds suffered earlier in the war.

Mrs. Albert Barrett has five sons in the armed forces. She has a total of 11 boys and two girls in her family with a set of twins who will be in the service some time this fall when they become 18.

Mrs. Ruth Hudson of Mallin has six sons in service. Her son, Charles, has received the Purple Heart and a Presidential Citation. All of her sons have been overseas.

Mrs. Lenora Scott has five sons and one son-in-law in the armed services. One of her boys, Glen, is taking part in the invasion of Saipan island in the Marianas.

Mrs. Rose B. Thomas has five sons in the service. One is in New Guinea and another is stationed in Hawaii.

Mrs. Ada Larson has six sons in the armed services. She is to be spokesman for the group of mothers.

WPB Lists Lumber Quotas For Third Quarter Period

WASHINGTON, July 1 (AP)—The war production board announced last night the quotas of lumber for major industries for July, August and September, leaving it to WPB's various divisions to divide up each quota among individual companies.

Demands of the army, navy, industry divisions, and other claimants had to be scaled down about 12 per cent, WPB said, to match the available supply.

The allocation is part of the broad new lumber controls being imposed by WPB to cope with the critical lumber shortage.

The WPB industry divisions requested 6,356,000,000 board feet of lumber on behalf of the major industrial consumers under their control. WPB reduced this to 5,219,982,000 feet. Lumber requirements of the army, navy, maritime commission and other direct military and export agencies were trimmed to a lesser extent, and these claimants were allotted 1,614,004,000 feet.

The WPB containers division received the largest allotment, 1,871,337,000 board feet, to be used in the commercial manufacture of boxes, baskets and other containers. The lumber and lumber products division was allotted 1,284,419,000 for the manufacture of millwork, hardwood flooring, tanks and

MOVIES SET FOR MARINES AT BARRACKS

Moving picture programs have been started at the Marine Barracks.

The 16 mm. films are shown three times a week in the mess hall, pending completion of the theatre in the auditorium building.

The first traveling USO show made its appearance at the Barracks this week. Tap dancing, singing, skits and magician's tricks featured the show, along with special music.

Captain Jack Salesky, recreation officer, said that the response from townspeople in presenting books, magazines and games, had been excellent.

Captain Salesky said that USO shows are now scheduled to come here regularly when on tour.

Jack Teagarden's orchestra, which will be here on July 5, will play at the mess hall at the Marine Barracks during the noon hour.

DEWEY WELCOMED AT ALBANY CAPITOL

(Continued from Page One)

after November 7 we are going to be stronger than ever before." It will demonstrate that the American people could "argue among themselves and still keep our shoulders to the wheel" in the war effort, he said.

There was a roar from the crowd, which was spread out under huge shade trees in the capitol park, as Dewey expressed thanks for the confidence displayed in him by the turnout for his homecoming.

Heads Parade

Dewey appeared at the capitol after heading an automobile parade from the railroad station along a route lined with thousands.

Dewey was introduced as "the next president" by State Senator Benjamin F. Feinberg, who has been acting governor during Dewey's absence in Chicago.

At the station, the governor was met in his private car by Albany's democratic Mayor Frank S. Harris, who shook hands with him.

Under Indictment

Harris is under indictment by a Dewey-ordered grand jury investigating crime in Albany county, the only upstate county which the governor failed to carry in his gubernatorial campaigns of 1938 and 1942.

Harris, Corporation Counsel James H. McGuinness and Frank J. Cassidy, superintendent of water rent delinquencies, were indicted June 2 on a technical charge of conspiring to obstruct administration of law.

The mayor had been asked to remove Cassidy after the latter declined to sign a waiver of immunity when called before the special grand jury. Instead, Cassidy was appointed to his present newly-created job at the same salary—\$5000 annually. The state constitution specifies that public officials refusing to sign such waivers shall be removed from office.

FORMER BOY MAYOR INDICTED FOR BRIBE

OGDEN, Utah, July 1 (AP)—Former "Boy Mayor" Kent S. Bramwell today was indicted by a Weber county grand jury which charged he "asked and agreed to receive an unspecified amount of money as a bribe."

Bramwell, 31, resigned suddenly last March and a day later enlisted in the army.

District Judge Glenn W. Adams, announcing the indictment, said Bramwell had posted \$1000 property bond.

J. C. Meyers, who pleaded innocent, is awaiting trial on a charge of offering a bribe to the former mayor.

Bramwell was elected last November, defeating four-term who was indicted yesterday on charges of "permitting gambling devices to operate."

In all, 25 persons were named in 14 indictments. Some were kept secret pending the arrests. Several former and present police officers were named.

The grand jury was called after Bramwell's resignation.

Indian Guilty of Taking Automobile

Anna Ortis, Indian, Friday afternoon was given a year's probation by Circuit Judge David R. Vandenberg, after she had pleaded guilty in court to a charge of taking and using an automobile without consent of the owner.

Mrs. Ortis on March 31, entered and started to drive away in an automobile belonging to Guy C. Noel. She was apprehended a few minutes later when the car stalled.

Sawmill in Idaho Halts Operations

LEWISTON, Idaho, July 1 (AP)—Operations at the Lewiston sawmill of Potlatch Forests, Inc., claimed to be the largest white pine sawmill in the world, were halted last night when CIO union members went into what they termed "a continuous meeting."

Union members said they were protesting alleged failure of the company to provide for rotation of day and night shifts each month.

Company officials did not comment.

SWIM POOL OPENING SET FOR HOLIDAY

One of the special features for the Fourth of July celebration is the opening of the swimming pool to adults, servicemen and high school students from July 1 to July 4, inclusive.

The natatorium, which is located on Spring street right near Modoc field, will be open from 1 p. m. to 6 p. m., and from 7 p. m. to 10 p. m. The charge to civilians is 50 cents, but men in uniform may get in for half price.

Swimmers are urged to bring their own towels and suits if possible, as only a few are available for rent.

CWO WILSON TAKES OVER ADJUTANCY

Chief Warrant Officer Robert L. Wilson has been appointed adjutant of the Klamath Falls Marine Barracks, relieving Captain Jack Salesky who takes over as recreation officer.

CWO Wilson comes here from Camp Elliott, San Diego, where he was camp adjutant. He and Mrs. Wilson are now living at 2111 Halley street.

Lucian Sentenced in Circuit Court

Leroy Lucian, after pleading guilty in circuit court to a charge of larceny from an automobile, was given three years probation by Circuit Judge David R. Vandenberg Friday morning.

Lucian was charged with taking \$38 in dimes, an Elgin watch and other articles from a parked automobile.
