FRIDAY BOND DAY SLATED FOR CARNIVAL

Friday will be war bond day at the carnival on South Sixth street, according to Joe Hicks, Fifth War Loan chairman.

Any person who buys an E bond dated on Friday, July 7, will be entitled to a ticket for entrance to the grounds and free admission to all shows and rides. The arrangements were made with Manager Mike Krekos and Bill Jessup, publicity director. The Klamath committee plans to send two men to the carnival to sell war bonds to employees of the carnival company at 2 p. m. Friday.

Oregon Company Awarded Contract

SAN FRANCISCO, July 6 (AP)—Northwest Fabrications of Albany, Ore., has been awarded a contract of \$174,750 for the construction of 150 portable shelters at Pittsburgh, Calif., the federal public housing authority announced last night.

Work must be started by July 17 and completed by September 15.

E Bond Sales Pass Halfway Mark

PORTLAND, July 6 (AP)—Oregon's sales of E bonds crawled past the halfway mark today, with only two days remaining before the close of the Fifth War Loan drive.

State bond officials reported E purchases of \$19,030,000 against a quota of \$38,000,000. The overall total mounted to 113 per cent of the goal.

CONTRIBUTION CHICAGO—A Lafayette, Ind., widow's contribution to the recent republican national convention was a huge bundle of towels—to the manager of the world's largest hotel.

In a note to the manager of the Stevens hotel, the party's headquarters, the widow, Mrs. Ann Oliver, asked him to "please accept a widow's mite to help take care of our good republicans at your place."

Hotel officials said they related the incident to party leaders who were impressed by her "sincerity and loyalty."

Quaker Girl to Marry Hirabayashi

SEATTLE, July 6 (AP)—Esther Schmoie, 20-year-old Quaker girl who plans to marry Gordon Hirabayashi, a Japanese-American, this summer, said today the discrimination likely to confront her would be "easier to take than not to marry him at all."

Miss Schmoie, former University of Washington student, was back at her work at the YWCA after spending a week in Spokane, where she and Hirabayashi were issued a marriage license Thursday.

She told a Seattle Times interviewer that some of their friends, although not trying to dissuade them, had warned "You know what you're getting into." The parents of both have given their approval, she said.

ATTENDANCE LOW AT NATATORIUM HERE

Only 220 people went swimming during the four-day holiday, Dave Bridge, city recreation officer has announced.

Bridge said that the crowd was very disappointing and he had expected many more to take part in the weekend swimming that is now open to adults, high school students and servicemen. He stated, however, that the other holiday attractions may have accounted for the small crowd.

The swimming pool will be open to those who aren't in the swimming classes on Saturday and Sunday from 1 p. m. to 6 p. m. and from 7 p. m. to 10 p. m. Suits and towels may be rented and servicemen are especially welcome.

Approximately 260 varieties of food are canned in the United States in normal times.

This is a piston

INSIDE your engine are cylinders... like so many upside-down water glasses. And inside each cylinder is a snug-fitting piston. Pistons must slide up and down about 1800 times every minute your engine is running.

Try how fast that is with your dish mop in a glass tumbler. Naturally, it'll go easier if you suds the tumbler first in nice soapy water. Which brings us to what we started to say... lubrication.

Without constant lubrication your car would quickly become one of the 5000 American automobiles that are junked every day. Dry pistons, for instance, would heat up and get stuck tight in seconds.

That's why examining the oil level in your car is a ritual with Shell people... a ritual you should never discourage by "guessing" your oil's all right. Because if it isn't, you're heading for trouble.

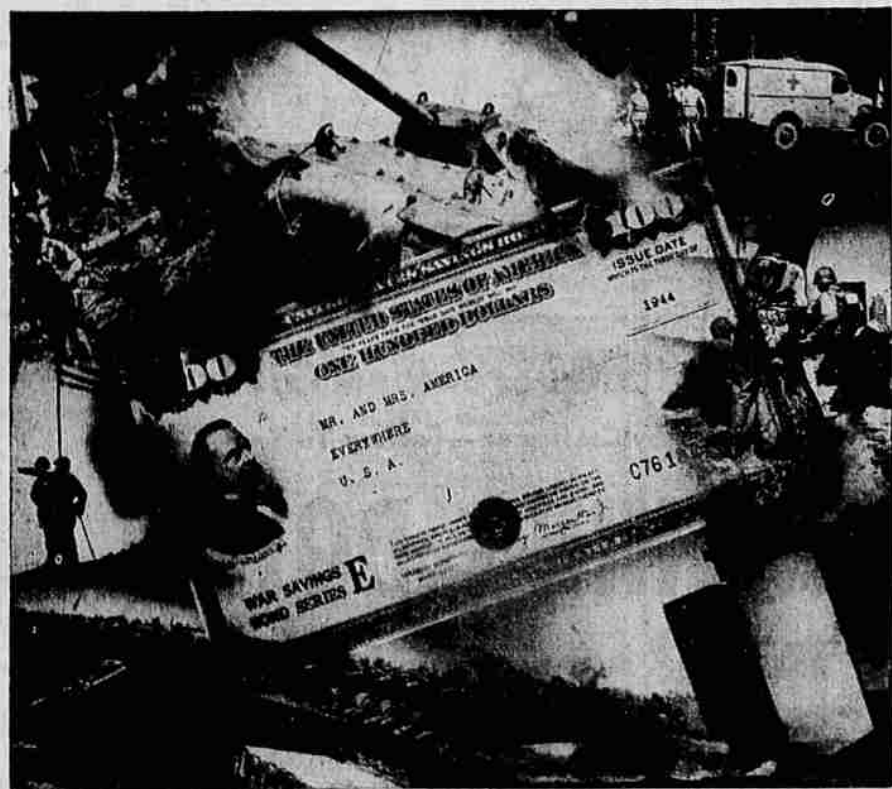

Shell does not want you in trouble. You're much too pretty. Besides if a piston sticks you won't be coming in for free water, air windshield wiping, etc., etc. Nor would you need our gasoline, oil, tires, grease jobs, light fuses, batteries, and things like that.

BETWEEN US GIRLS—Shell has a fascinating FREE booklet for you... *Alice in Motorland*. It tells how un-mysterious your car really is... how easy it is to keep something expensive from happening to it. Get yours at any Shell pump.
