

# SCHOOL BOARD VOTE CHANGES ONE MEMBER

The recent grade and high school board elections changed the personnel of the boards in only one case but the length of the terms of many of the members were increased.

The only change in personnel was on board number one where Mrs. S. Marie Stearns defeated Dr. L. L. Truax in a close race. E. S. Robinson, whose term expires June 30, 1946, replaced Dr. Truax as chairman of the board. Mrs. Stearns was elected for a five year term expiring in 1949. The other members of the grade school board and when their terms expire are as follows: G. C. Blohm, 1946; Mrs. Dorothy Rogers, 1947; C. S. Elliot, 1948.

In board two elections A. R. Dickson was elected for a one year term, George Hagelestein was elected for a two year term, and Mrs. Grace Johnston was elected for a five year term. The other two members of the high school board and when their terms expire are K. G. Klahn, 1948, and chairman of the board Nelson Reed, 1947.

# OREGON STUDENTS PURCHASE BONDS

Students in Oregon schools purchased \$9,059,992.50 in war bonds and stamps from September, 1943, to June 1, 1944, representing a per capita investment of \$34.83, it was announced by Mrs. F. W. Blum, schools-at-war chairman, Oregon war finance committee. This standing does not include participation by college students, who purchased an additional \$1,491,063. The purchase of bonds and stamps by Catholic schools of the western archdiocese, which amounted to \$252,481.80, a per capita rating of \$25.45, has also been omitted from the total.

Klamath county pupils purchased \$128,196.00 of the \$9,059,992.50 amount, Mrs. Blum reports.

## Hager

Mr. Smithers is busy making hay. Marvin Newell is helping him. Mr. Klein has been getting in his winter fuel. Mr. Biederman is having some leveling done on his farm. The Nichol brothers are busy tending onions on the Herschberger farm here.

Mrs. Blondell, who is employed at the Mallory market, took her vacation last week so as to visit with her son who is home on a furlough from the armed forces. Clarence Taylor is helping Charles Hess make cement bricks for a garage. Lenard Harrison has been working many hours the past week due to a shortage of labor in his particular line of duty.

The Dick Derry family are nicely settled in their new home, the former Wommeg farm here. Joe Liebing is busy killing thistles now. The section men repaired the crossing on highway 39 here and did a splendid job of it. The crossing was very rough and hard on tires.

Word was received here that Mary A. Kohler of Denver, Col., passed away June 17, after a lingering illness of several years. She was the mother of six sons and three daughters. The daughters all live in Denver, one son at Tucson, Ariz., one at Roscoe, Neb., one at Seattle, Gus Kohler, a former

## Government Buys One-Half Of Lumber From West Coast

SEATTLE, July 13 (AP)—Approximately one-half the lumber the government's central procuring agency bought the first six months this year came from west coast mills.

The West Coast Lumbermen's association, disclosing this today in the monthly report, said production virtually reached in June the amount in April, before the walkouts, and was now neck-and-neck with last year's figure at this time.

"The lumber industry is now so deep in war requirements that it has little time or thought for post-war prospects," the association said. "However, demands are already taking shape for large post-war reconstruction programs overseas, indicating that the end of the war will mean very little change in calls on west coast production."

Average weekly production in June was 163,734,000 board feet, or 103.6 per cent of 1940-1943 average, compared with the May weekly average of 140,796,000 feet. June orders averaged 163,623,000 board feet weekly and shipments 162,143,000 feet. The comparable May figures were: Orders, 138,251,000 feet; shipments, 148,334,000 feet.

A New York clubman's wife was granted a divorce. And one of these days he'll hear about it.

resident of Summers lane, Klamath Falls but now of Shelton, Wash., and George and Fred Kohler of Klamath Falls. Mrs. Kohler visited here eight years ago this summer. She had a lovable disposition and was very well liked by all who knew her. She was laid to rest beside her husband at Ogalla, Neb., who preceded her in death nine years ago.

## LUMBER PRODUCTION GOALS TO CONTINUE

SEATTLE, July 13 (AP)—Little prospect in the slackening of the production goals for the lumber industry after the war was seen by the West Coast Lumbermen's association in a report released last night disclosing that approximately half the lumber purchased by the government central procuring agency this year had been from west coast mills.

"The lumber industry is now so deep in war requirements that it has little time or thought for post-war prospects but demands are already taking shape overseas indicating that the end of the war will mean very little change in calls on west coast production," the report said.

Average weekly production in June was 163,734,000 board feet, or 103.6 per cent of the 1940-43 average. Weekly June orders averaged 163,623,000 board feet and shipments 162,143,000.

## BELL AIRCRAFT CUTS NUMBER WORKERS

BUFFALO, N. Y., July 13 (AP)—The Bell Aircraft corporation has laid off 400 employees, of which 43 are war veterans, because of what it termed a "leveling off of production."

Company officials said yesterday the company had failed in its attempts to amend the company's contract with the CIO United Automobile Workers, to give seniority status to the veterans, who had not been employed at Bell prior to their service within the armed forces.

The company said it proposed to grant the veterans seniority rights from the date of their entry into the armed forces. Under present contract terms, workers must be laid off in the order they were hired, regardless of their status as veterans.

William S. Hilger, sub-regional director of the CIO-UAW, said today the union, through a national committee, was working out a program for protecting returned veterans in industry, and that this program was expected to be incorporated into the company's contract when it was renegotiated next month.

## Forest Closures Proclaimed

SALEM, July 13 (AP)—State Forester N. S. Rogers announced today the first of a series of proclamations which will close to entry, except by permit, all state and federal forests where fire hazards exist.

Should fire conditions become more serious, absolute closures may be effected, he said.

## APRICOT JAM RECIPE SAVES SUGAR, FRUIT

Make it This Quick, Easy Way  
4 Cups Ground Fruit  
6 Cups Sugar  
1/2 Cup Lemon Juice  
1 Package M.C.P. Pectin

Wash and pit 4 pounds fully ripe apricots, grind. Do not peel. Measure exactly 4 level cups of the ground fruit (add water to fill last cup, if necessary) into a large kettle. Add the M.C.P. Pectin and lemon juice, stir well and bring to a boil, stirring constantly. NOW, add the sugar (which has been previously measured), continue stirring and bring to a full rolling boil. BOIL EXACTLY 4 MINUTES. Remove from fire, let the boil subside, stir and skim by turns for 5 minutes. Pour into sterilized jars, allowing 1/2-inch space for sealing with fresh paraffin.

## Marshall Cornett Says Convention Great Show

The republican convention was the "greatest show I ever saw," said Senator Marshall Cornett, Klamath man home today from the convention where he was assistant sergeant-at-arms in charge of the platform.

He said the big meeting was well-handled and well-organized, with a "minimum of horseplay" commensurate with the seriousness of the times.

Cornett's job was to control the gate to the speaker's platform. Only the press, speakers and convention officials could go through Cornett's door.

"Hot" isn't the word to describe Chicago's weather at the convention, Cornett said. Twenty-six were overcome with the heat in the convention hall on one day, and Cornett himself went to his hotel suffering from a heat-stroke.

Cornett sat within a few feet of Governor Dewey when he made his convention acceptance speech.

Dewey, he said, made a tremendously favorable impression on the convention and overcame many skeptics. Cornett spent a brief period in Washington before going to Chicago, and assisted in the presentation of information to the WPB concerning the Lower Klamath drain project, which received WPB approval while he was there.

It was plenty hot in Washington, too, said Cornett. "In fact, temperature and prices were high throughout the east and midwest" until the senator. "I'm glad to be home."

## Shepherders to Receive More Sugar

WASHINGTON, July 13 (AP)—Shepherders may now get a pound and a half of sugar each month in addition to the usual ration.

So ruling today, OPA explained that herders use unusually large amounts of cereals since they lack kitchen facilities in the outdoors and thus require more sugar than they are able to get with regular rations.

WANNABUY A BARRACKS? PORTLAND, July 13 (AP)—Thirty-two army barracks no longer needed by the war department are for sale, the Portland army engineers said today. The buildings, 15 at Bandon, 12 at Newport, and 5 at Waldport, must be removed by the bidder. Bids will be opened here July 24.

### Nurses to Receive Regular Commissions

WASHINGTON, July 13 (AP)—President Roosevelt today ordered all army nurses commissioned as actual army officers in lieu of the relative rank they now hold. The effect of the executive order will give nurses, female dieticians and physical personnel of the army and department the full status of their officer rank, which before nurses have been commissioned by relative rank, what limiting their authority.

# the big "buy" in oranges: SMALL SIZES!

This summer small size oranges are plentiful—and good! They are loaded with delicious, healthful juice. Make the most of this big health value. Buy at least two dozen at a time.

## Add Health to Breakfast!

Start the day with health by serving fresh California orange juice for all the family. One 6 to 8 ounce glass will supply your daily requirement of vitamin C, plus giving you a healthful bonus of A, B<sub>1</sub>, B<sub>2</sub> (G), calcium and other needed minerals. The plentiful small size oranges are perfect for juice—just what you need to serve big glasses for everyone.

Be sure you get trademarked Sunkist Oranges, the finest from 14,500 cooperating California-Arizona citrus growers.

# Sunkist CALIFORNIA ORANGES

BEST FOR JUICE - and Every use!

Use these thrifty small size oranges in other ways. Put two in the lunch box for health and freshness. Let the children enjoy them for a healthful between-meal snack.
