

NAZI REVOLT BELIEVED SEETHING

By FRANK JENKINS
There is trouble in Germany. We don't know how extensively it is spreading. But this much is certain today:
With grim and determined and numerically superior, BETTER-ARMED ENEMIES pounding at all their gates and from the roof, GERMAN ARE SHOOTING GERMAN.
That can't be pooh-poohed.

THE air is full of rumors. Swedes assert they have seen the "Atlantic" supposed underground, inside Germany. "Revolution has burst forth in Germany. Part of the army is deserting and attacking Germany." (Moscow dispatches say today: "Upset and serious panic are developing in East Prussia.")
A Swedish newspaper quotes an unconfirmed report from a source in Germany to the effect that SS (Hitler) units are marching to Berlin to MAINTAIN ORDER.
And so on.

TRAVELER reaching Sweden from Germany, via Denmark, says: "Two divisions revolted yesterday in Prussia. Whatever it was that resulted in the (alleged) Hitler bombing." A Swedish newspaper quotes an unconfirmed report from a source in Germany to the effect that SS (Hitler) units are marching to Berlin to MAINTAIN ORDER.
And so on.

STILL, the fact remains (based on fairly dependable evidence) that Germans are shooting Germans—HELPING US to kill off Germans, which is what will end the war.

IN Normandy, the weather stays grim—as it has been from the beginning. Torrential rains bog down Montgomery's tanks east of Caen. Lowering skies continue to hamper our air operations. Pro-German rain pours on the Italian front.

ONE more rumor, before we quit for the day:
The Vichy radio (German) says TURKEY IS COMING IN—ordering her ships into harbor, etc.
If Turkey IS moving in, it is a dependable sign the Germans are cracking.

It is not surprising to learn this morning that our marines and infantry are pouring ashore on Guam. We've been preparing way now for more than two weeks.
Admiral Nimitz' communique says the landings are continuing "against MODERATE enemy ground resistance." That probably means that the resistance from the burrowed-under Japs is pretty tough.
After Saipan, they will fight like wildcats to hold Guam.

GUAM is believed to be garrisoned by about 20,000 Japs—roughly the same as at Saipan. It has the same hills and caves and crevices as Saipan—and in these hills and caves and crevices the Japs may be expected to die to the last man as at Saipan.
It will be a hard and bloody fight—but we will WIN. We have what it takes to win.

ON the home political front, FDR was one of the minor casualties of the startling world developments of the past couple of days. For once, his luck in the TIMING of the news deserted him.
He had planned a dramatic acceptance of his fourth nomination—traveling across the country in great secrecy (probably knowing about it) to a "bristling base" in the Midwest on the great Pacific coast to the Chicago convention. The Germans and the Japs chose this time, of all times, to

By The Associated Press
LONDON, July 21 (AP)—A purge of German generals by Heinrich Himmler apparently was proceeding in Germany today as an aftermath to what Adolf Hitler described as an army clique's attempt to assassinate him and pave the way for surrender.
Berlin announced that Col. Gen. Ludwig Beck, former chief of the general staff, was dead. Nazis tonight disclosed that "insurgents" had narrowly missed seizing government quarters in Berlin.
Goebbels Consulted
The German military radio declared reichs Minister Goebbels had frustrated a conspirators' coup to take over capital buildings through forced orders to a crack army battalion.
These orders said Hitler had been killed and that the German high command was taking over, the broadcast said, but the battalion commander first consulted Goebbels before moving his troops, and the ruse was discovered. Hitler himself then gave the orders to the battalion major, the broadcast added.

Broken communication masked actual conditions within Germany, leaving only the German accounts and a flood of rumors in neutral countries. A traveler who reached Sweden said two German divisions had revolted in East Prussia Wednesday, apparently touching off the movement against Hitler. There was no confirmation of this, nor of various reports of street fighting in German towns.
Field Marshal Gen. Guenther von Kluge, whose forces are opposing the armies of Gen. Dwight D. Eisenhower in France, found it necessary to issue an order of the day to his troops, urging them to "inflexible determination and unconditional loyalty to the fuhrer."
"No 1918"
"There will be no repetition of the year 1918," Von Kluge declared, according to Berlin broadcasts.
Switzerland clamped down a rigid censorship on the transmission abroad of reports that reached there from Germany.
A German Transocean News agency (propaganda) broadcast (Continued on Page Two)

Eugene W. Garrett of Tulelake was among the names of 68 merchant seamen missing and believed to have been killed on the two merchant ships blown up by the Monday night explosion at the Port Chicago, Calif., naval ammunition depot, it was announced today by the twelfth naval district.
Garrett is the son of Mr. and Mrs. Tom Garrett of Tulelake and was a machinist on the victory ship Quinalot Victory.
His brother, Elmer, was also in the area of the explosion but he called his parents and friends after the explosion telling them that he was all right.

General Pleads For Nazi Loyalty
LONDON, July 21 (AP)—The German radio said tonight that Fieldmarshal Gen. Guenther von Kluge in an order of the day to his French command underlined what he called the absolute necessity for loyalty to Hitler.
The text of the order, as reported by the Berlin radio: "Soldiers of the west: a small clique of retired officers made a mean attempt on the life of our fuhrer. The fuhrer is alive, he spoke to the German people and to German soldiers last night.
"The perpetrators have been rendered harmless. Calm and order prevail at home."

American Troops Land On Guam

SUPPORT FROM SHIPS GIVEN ARMY, MARINES

Violent Bombardment Prepared Way For New Attack

By CHARLES S. McMURTRY
U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, July 21 (AP)—United States marines and infantry are pouring ashore on Guam, first American territory seized by the Japanese, and fighting their way inland under cover of a pulverizing aerial and warship bombardment. Adm. Chester W. Nimitz announced today.
The landings, a quick follow-up to the great victory on Saipan, started yesterday morning, and "are continuing against moderate ground opposition," Nimitz' communique said.
Establish Beachheads
"United States marines and army assault troops established beachheads on Guam island on July 20 (west longitude—U. S. time) with the support of carrier aircraft and surface combat units of the fifth fleet," the early-morning communique continued. "Enemy defenses are being heavily bombed and shelled at close range."
Guam is the southernmost and largest of the Marianas group of islands. Its capture would strengthen Saipan's position as a base from which Japan can be mortally assaulted. Guam is 130 miles southwest of Saipan and both islands are within easy Superfortress range of Tokyo and the whole of Japan.
The Philippines, lying some 1500 miles west of Guam and (Continued on Page Two)

Germans Fire at Fallen Livorno

ROME, July 21 (AP)—Big German guns in the hills behind Pisa lobbed a harassing fire into the stricken city of Livorno today while fifth army patrols probed into enemy defense lines north of the Arno river for the first time.
Allied headquarters announced that American units still were finding and exterminating pockets of enemy resistance on the south side of the river yesterday, described as one of the quietest days experienced by the fifth army since the offensive began May 11.
The enemy was reported in strong outpost positions on the north side of the Arno, especially where the stream could be forded, but at the eastern end of the willow front the Germans continued to flee before the avenging Poles.

Cpl. Dan Ellis Missing In Action Since June 9

Word was received from the war department on July 20 that Cpl. Dan R. Ellis of the medical detachment of the paratroops is missing in action in France since June 9.
Cpl. Ellis is the youngest son of Mr. and Mrs. C. C. Ellis of 5608 Shasta way. He went to Mills school and attended KUHS until his senior year. He graduated from Marshfield high school in 1942, enlisting the same year in the paratroops.
June 10 of this year the San Francisco Chronicle carried a radio photo of a group of happy American paratroops displaying a captured Nazi flag. Dan Ellis was easily recognized as one of this group.
This same picture was in a news reel at the Pelican theatre and his mother was thrilled at seeing her son's picture, which was taken on D-Day in France.
Mr. and Mrs. Ellis have two other sons now in the service and a fourth son honorably discharged from the Seabees. Maynard C. Ellis is receiving training in the navy at Farragut, Ida. Lt. James C. Ellis, in the

KUHS Coach

L. Marble Cook, above, will head the KUHS athletic activities. It was announced today. Cook, who replaced Frank Ramsey as head basketball and football coach, has had coaching experience in many Oregon high schools, the latest of which was Lincoln high in Portland.

NEW COACH NAMED FOR HIGH SCHOOL

Klamath Union high school today had a new football and basketball coach.
He is L. Marble Cook, who comes here from Lincoln high school at Portland. Cook was elected by the high school board in special session this week, and today gave final notification of his acceptance and his release from his Portland job. He is a 1934 University of Oregon graduate.
The tall, blond, 39-year-old coach was a dark horse in the race for the Klamath post, left vacant by the departure of Frank Ramsey for the marine corps. He was not included in a list of prospects published a short time ago, having come recently into the situation as the Klamath board members searched for the best man available for the key sports job here.
Former Lincoln Coach
Cook was basketball, track and assistant football coach at Lincoln last year, and was slated for (Continued on Page Two)

Military Head Changes Title

HONOLULU, July 21 (AP)—Lt. Gen. Robert C. Richardson last night relinquished the title of military governor of Hawaii and said his office would be continued under the name of office of internal security.
The change does not end Hawaii's martial law status, now under attack in U. S. courts.

Nazis Evacuate Black Sea Ports

ISTANBUL, Turkey, July 20 (Delayed) (AP)—The Germans appear to be evacuating the Bulgarian Black sea ports of Varna and Burgas, a traveler from eastern Bulgaria said today, adding that during the past week he had seen train loads of German troops moving westward from the vicinity of both ports.
German evacuation of these ports was believed to be one of the Russian demands for continued Soviet-Bulgarian diplomatic relations.

Hardin Wounded In Action

An announcement by the war department of men wounded in action included the name of PFC Desel O. Hardin of Klamath Falls.
Hardin is the son of Mrs. Ethel L. Hardin of 311 Division. He was wounded in the Mediterranean area.

ALLIES MAKE SMALL GAINS IN NORMANDY

Rain Slows Offense; Canadians Advance One Mile

By WES GALLAGHER
SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, July 21 (AP)—Torrential rains and deep mud bogging the battlefields of Normandy slowed allied offensives today, but Canadian troops slogging forward a mile captured St. Martin de Fontenay, five miles due south of Caen.
Slight Gains
The British to the west gained 1000 yards on a two-mile front below the Caumont-Tilly road and Americans pinched off a longer portion of the road from St. Lo to Periers, supreme headquarters said, but virtually continuous rains for 36 hours "interfered with ground operations."
Canadian infantrymen routed Germans from underground shelters in the advance into St. Martin after seizing St. Andre-Sur-Orne on the east bank of the Orne river.
Counterpunch Beaten
A German tank counterattack was beaten back near St. Martin.
British and Canadian infantry had taken over the brunt of the fighting from Gen. Sir Bernard L. Montgomery's armored units.
The deepest penetration of the German defenses took place directly east of Caen, where British Tommies, passing Troarn to the north drove to within 1000 yards of the village of Bures on the Dives river slightly more than eight miles from Caen. The enemy has flooded the river to block the coastal route to the great port of Le Havre.
Main Objective Falls
It was apparent that Gen. Sir Bernard L. Montgomery's advance, while making gains, had (Continued on Page Two)

Japanese Silent On Guam Assault

By The Associated Press
Japanese radios were silent today concerning the American landings upon Guam, but a cryptic Domei broadcast suggested Emperor Hirohito's warlords had reconsidered the idea of naming co-premiers to succeed Gen. Hideki Tojo.
"The Imperial Rule Assistance association (Japan's fascist party) at a special meeting of party directors last afternoon unanimously pledged to give whole-hearted support to the new cabinet which will be formed under Gen. Kuniaki Koiso or Admiral Mitsumasa Yonai," the Domei dispatch said.
This indicated that only one of them would get the No. 1 post.

Turkey May End Neutrality Soon

LONDON, July 21 (AP)—Signs increased today that Turkey soon may swing from her tenderly-balanced neutral position to a possible declaration of war against the axis.
One such indication was a broadcast by the German-controlled Vichy radio that all Turkish ships had been ordered into Turkish harbors without delay, and that all navigation in Turkish waters of the Black sea had been suspended.
There was a growing belief in London that Turkey may attempt to improve her position at the allied peace table by handing axis diplomats their walking papers.
Expulsion of Nazi agents has been at the top of allied requests to the Turks ever since they agreed to end shipping of oil to Germany.
Earlier in the war, Turkey declined to become a belligerent on the allied side despite delivery of millions of dollars worth of allied supplies.

Germans Order Hitler Edition

NEW YORK, July 21 (AP)—The German radio today instructed the German army newspaper to issue a special edition on Adolf Hitler, stressing the "unshakable faithfulness of all the men" to Hitler.
U. S. government monitors heard the broadcast order a picture layout to include photographs of Hitler, Heinrich Himmler, the newly appointed Chief-of-Staff Col. Gen. Heinz Guderian, and Col. Gen. Hans Stumpf, new chief of Luftwaffe forces inside the reich.

Ballot Approached By Demos; Wallace, Truman Out Ahead

By JACK BELL
CHICAGO STADIUM, July 21 (AP)—With Henry A. Wallace and Senator Harry Truman far ahead and gaining on the field, the democratic national convention approached a ballot today on the big and bitter business of the conclave—selection of a vice presidential nominee.
At 1:30 p. m. (PWT) Wallace had a total of 389 delegate votes pledged and claimed in advance of the actual roll call. The senator from Missouri had 213 1/2, with 589 needed to nominate.
Thirteen other candidates were assured first-ballot support—serious or complimentary—and an early conclusion drew prospectively increasingly remote. Senator Alben W. Barkley of Kentucky, claiming 75 to 100 first-ballot votes, declared:
"I won't be surprised if there is a deadlock. Anything may happen after that."
It was a tense, irritable convention that booted at times, cheered often and repeatedly defied the efforts of Senator Samuel Jackson of Indiana to maintain order as nominating speakers and seconders droned on. The galleries, heavy with Wallace banners, let go for the vice president at every opportunity and, despite the threats and pleas of Jackson, cat-calls and boos for others.

OSTROV CAPTURED BY RUSSIAN ARMY

LONDON, July 21 (AP)—Red army troops today captured Ostrov near the Latvian border and 150 other populated places, and cut the road from Brest Litovsk to Chelm in old Poland, the Russian communique announced tonight.
Russian troops crossed the Bug river on a front of 37 miles and advanced up to more than nine miles, seizing over 20 populated places in a sweep toward Warsaw.
Roads Cut
Both the road and railroad between Brest Litovsk and Chelm were snipped.
More than 100 populated places were swept up in the battle veering toward Brest Litovsk. Farther south more than 100 populated places were enveloped in the offensive toward Lwow, said the bulletin broadcast by Moscow and recorded by the soviet monitor.
Premier Marshal Stalin had announced the capture of Ostrov a few hours earlier in an order of the day.
Ostrov, 10 miles from the Latvian (Continued on Page Two)

Stimson Returns To Washington

WASHINGTON, July 21 (AP) Secretary of War Stimson returned today from a trip to the battlefronts in Italy and Normandy and a visit to England.
Coming back with him were Maj. Gen. Alexander D. Surlis, chief of the army's bureau of public relations, and Harvey H. Bundy, special assistant to the secretary. Stimson had been out of the country about three weeks.

Turkey May End Neutrality Soon

LONDON, July 21 (AP)—Signs increased today that Turkey soon may swing from her tenderly-balanced neutral position to a possible declaration of war against the axis.
One such indication was a broadcast by the German-controlled Vichy radio that all Turkish ships had been ordered into Turkish harbors without delay, and that all navigation in Turkish waters of the Black sea had been suspended.
There was a growing belief in London that Turkey may attempt to improve her position at the allied peace table by handing axis diplomats their walking papers.
Expulsion of Nazi agents has been at the top of allied requests to the Turks ever since they agreed to end shipping of oil to Germany.
Earlier in the war, Turkey declined to become a belligerent on the allied side despite delivery of millions of dollars worth of allied supplies.

French Blow Up Munitions Dumps

LONDON, July 21 (AP)—In the biggest stroke of sabotage since D-Day, French patriots at Crugy blew up munitions dumps supplying all German air force bases in eastern France between June 19 and 22, authoritative French informants in London said last night. Approximately 10,000 tons of ammunition in more than 7000 rail cars were reported destroyed.

Heart of Germany Bombed By 2500 American Planes

LONDON, July 21 (AP)—Around 2500 American planes bombed the heart of Germany today, with 2000 flying above a howling channel storm for attacks on Regensburg and Schweinfurt and another 500 from Italy penetrating within 125 miles of Berlin.
It was the fourth consecutive day of massive, coordinated American attacks on Germany from the west and south.
More than 1100 American heavy bombers flew from Britain, convoyed by nearly 300 fighters from the U. S. eighth air force, the largest number of fighters from the force ever to take the air at one time. Scores of enemy aircraft were seen, but most kept a respectful distance.
En route home, some fighters dipped low to strafe in Sudetenland.
Targets of the Italy-based bombers were at Brux in Sudetenland, the mountainous border

OK With Truman

"It's all right. The more Mr. Wallace gets on the first ballot—short of course of the needed number—the better my chances thereafter. I hope he gets as many as 500."
Jake Moore, Iowa state chairman, predicted Wallace would have "more than 400 on the first ballot." He said the vice president would not come to the convention "until after he is nominated."
With delegates elbowing their way into this stadium for the (Continued on Page Two)

Unidentified Girl Found Dead

PORTLAND, Ore., July 21 (AP) An unidentified girl, whose purse contained a match-folder advertising a Seattle firm and some Washington tax tokens, was found dead today in the bathroom of a hotel here.
The hotel manager said the girl, apparently about 17 or 19 years old, had not registered there. The coroner ordered an autopsy to determine the cause of death.

Indian Goes On Warpath in Jail

PORTLAND, July 21 (AP)—A three-year-old Indian boy was back on the Warm Springs reservation today after going on the war path in a city jail.
The leather-lunged youngster whooped and howled his protest at being held in the jail while waiting for his parents who were jailed on drunk charges. Judge John Seabrook sentenced the parents to six months each, suspended on condition they return to the reservation.
An infant sister of the boy spent the day happily in her parents' basket, unmoved by her brother's protests or her parents' troubles.

French Blow Up Munitions Dumps

LONDON, July 21 (AP)—In the biggest stroke of sabotage since D-Day, French patriots at Crugy blew up munitions dumps supplying all German air force bases in eastern France between June 19 and 22, authoritative French informants in London said last night. Approximately 10,000 tons of ammunition in more than 7000 rail cars were reported destroyed.

SAVAGE FIGHTING RAGES AT AITAPE

ADVANCED ALLIED HEADQUARTERS, NEW GUINEA, July 21 (AP)—Fighting on the Aitape beachhead has reverted to savage hand-to-hand combat with Americans and Japanese struggling in the dark with bayonet and knife.
At least 50 Japanese were killed in such a battle Monday night. One enemy sergeant was pinned to the side of a slit trench with his own bayonet.
Hayden Lennard, Australian correspondent, related the particulars of one bitter episode of the struggle in which the Japanese fought desperately to break the ring of American steel separating them from the last enemy bases on northwest New Guinea.
(Reports from Gen. Douglas MacArthur's headquarters have (Continued on Page Two)

Radio Reports Hitler Prepares To Flee Country

NEW YORK, July 21 (AP)—NBC said today that a clandestine German radio station had reported a four-engine transport plane capable of flying 10,000 miles was standing by at a secret airbase in Germany at the disposal of Adolf Hitler.
The station "implied that Hitler may be preparing to flee the country, or at least is getting things in readiness for any eventual emergency," NBC said.
"The plane is the same craft that last year flew non-stop to Japan."

Tulelake Man Missing After Ship Explosion

Eugene W. Garrett of Tulelake was among the names of 68 merchant seamen missing and believed to have been killed on the two merchant ships blown up by the Monday night explosion at the Port Chicago, Calif., naval ammunition depot, it was announced today by the twelfth naval district.
Garrett is the son of Mr. and Mrs. Tom Garrett of Tulelake and was a machinist on the victory ship Quinalot Victory.
His brother, Elmer, was also in the area of the explosion but he called his parents and friends after the explosion telling them that he was all right.
