THE season for leg make-up and the cool comfort of going bare-legged is here in a swing... and with it many who are using leg make-up for the first time. To achieve this stockless freedom, and with it a satiny smooth leg beauty, a little advance preparation is needed.

FIRST, your legs must be smooth and free from blemishes. I recommend "Velva-Tize," a small disk which removes superfluous hair the clean, odorless way. There's no pain and no bother. Velva-Tize for months.

DUBARRY Leg Make-up shades is ideal for summer. It is easy to apply evenly and quick to dry, with no streaking. It gives real cool comfort, and that "beach tan" look.

ONCE the leg make-up is on you sometimes want to in a hurry, perhaps for another shade to match another costume. For removing cosmetics and lotions, I like "Chic." I bet you will. And if you're "Foot-Sore" you'll also like "Foot-Sol" light open toe or plain toe sock that does away with bare-footed feel.

AND we've heaps of other aids for summer comfort. You'd better come in and see them.
