Ranking Nazis in Bomb Plot, Asserts German Broadcast

LONDON, July 27 (AP)—The German radio asserted today that Infantry Gen. Olbricht, Col. Gen. Ludwig Beck and Col. Gen. Erich Hoepner took part in the bomb plot against Hitler. Olbricht was shot after a court martial, the broadcast said. Beck was said to have committed suicide when arrested. Hoepner was reported under arrest awaiting trial. The Berlin account said these were the three mentioned by Propaganda Minister Paul Joseph Goebbels in his speech last night. The propaganda minister, without mentioning names, said one general "up to then had been prominent only for sabotaging all decisions in the war."

BOY SCOUT CAMP IN FULL SWING AT LAKE

Camp Makualla for Boy Scouts is in full swing, with all kind of sports and activities being carried on at Crescent lake where the camp is located. The camp program calls for swimming and other water activities in the morning and various activities in the afternoon. And the end of each week a water carnival is held with swimming races, canoe tilts, etc. One of the features of the week is the hike for older scouts to Cowhorn Peak. Also of interest to many of the boys are the fishing trips down Crescent creek. The camp, which is under the leadership of Robert Lamott, scout executive, is filled to near capacity. Troops attending Makualla this week include troop 2, 18, and 50 from Klamath Falls; troop 33 from Malin; troop 20 from Bend; and troop 28 from Prineville.

Goebbels said a certain colonel general "had hysterical breakdowns" and that another colonel general conducted a "cowardly retreat" on the Russian front. How Olbricht, Beck and Hoepner were also added to the swiftly lengthening list of nazi command casualties in 24 hours. The Russians announced the capture of Lt. Gen. Moser-Hillmann, commandant of fallen Lublin. He was their 26th captured general of the summer of offensive. Lt. Gen. Wilhelm Grimm "met with a fatal accident," probably at Munich, the Berlin radio said last night. American bombs cratered that nazi shrine city last week. Col. Gen. Freiherr Geyer von Schweppenburg, commander of a German tank division in Normandy, was reported by the Stockholm Morgon Tidningen to have been shot. Gen. von Mackenfeldt was arrested in the Hitler bomb plot, the same newspaper said. Propaganda Minister Goebbels hinted at sudden death for a number of other ranking officers in his utterances last night.

Flashes of Life

By The Associated Press
BACKFIRE
ELGIN, Ill.—Charles W. Baukin, vacationing in Wisconsin, wrote many of his co-workers in a war plant about his big hauls of fish. When he got home he was kept busy answering his telephone and doorbell, all callers asking for free fish. Baukin solved the mystery when he learned his friends had inserted an ad in a newspaper advising there was "Free fish—pike, bass, sturgeon"—at Baukin's home.

RECESS PLANS
SALT LAKE CITY—Department store Manager R. W. Madson has told his employees they will have the day off when Germany surrenders. If the surrender is at night, they needn't come to work the next day. If it's in the daytime, the doors will be locked immediately and business suspended.

MUTINY ON THE BOUNTY?
TOPEKA, Kas.—Kansas is having bounty trouble again. State Auditor George Robb reports coyote catches are supposed to be given \$1 a head. But there already are 25,210 claims on file and only \$15,000 bounty body—with 20 counties still to be heard from. It was the same thing last year. The fund was \$11,000 short then, and finally paid out at 58 cents a head.

Caution Urged by Chief To Prevent Fires in Town

Fire hazards are at their greatest peak from now until the latter part of September and care should be taken not to start a fire by throwing matches or cigarettes in dry grass, Fire Chief Keith Ambrose warned today. If care is practiced in town, chances will not be so great for fires to be started by carelessness in the woods, where results are likely to be disastrous. Now that the grass in vacant lots is dry, the fire department will soon begin its burning program, working at it two days a week. There has been no definite schedule set for the work yet. Burning permits can be obtained by city residents by calling the fire department, and giving their name and address. A hose should be kept handy and people should not hesitate to call the fire department should the blaze get out of hand. "In other words," Ambrose has stated, "if everyone would use

plain common sense in regard to preventing fires or keeping them under control, the damage by fire during the dangerous summer season can be greatly curtailed."
