

# ACCOUNTS TO BENEFITS TOLD

More than 700,000 men and women in Oregon now have security accounts. In many of these accounts, many of the age of 65, will receive their jobs and claim from old-age insurance. They will die, leaving dependents who are entitled to benefits under the social security act. The worker wants to be sure he will get the right insurance checks when he grows old, and his family will receive the right checks in the right amount.

L. Maginnis, manager of Klamath Falls office, said that care and attention to the matter of keeping the record straight now, might very well mean the difference between the right payments and the wrong payments of benefits.

The act, passed last spring, made it unlawful for an officer or government employee to place at the disposal of the armed forces literature or broadcasts "when considered in its entirety contains political propaganda obviously designed to affect the result of any election for president, vice president, presidential elector, member of the senate, or member of the house of representatives."

The amendment would permit these exceptions: 1. Broadcasts of political speeches, on equally divided time between opponents in the major parties.

2. Dissemination of written material, films, broadcasts, plays, news or entertainment similar to that used in civilian entertainment programs.

3. Servicemen's publications which handle news of public events and affairs on a non-partisan basis, and divides its space for politics equally among opposing parties.

4. Sending letters, newspapers, etc., by an individual, a corporation or political committee to any member of the armed forces addressed to him personally.

## Snell Joins In Rationing Holiday Appeal For Lamb

SALEM, Aug. 2 (AP)—Governor Earl Snell and State Agriculture Director E. L. Peterson joined officials of Washington, Idaho, Utah, Nevada and California in asking that lamb and mutton be made ration-free to help market the huge western lamb production.

A telegram sent today to Marvin Jones, director of the war food administration, said that unless action is taken immediately, there is danger of losing the entire lamb crop.

## AMENDMENT TO GI VOTE BILL OFFERED

WASHINGTON, Aug. 2 (AP)—Senators Green (D-R.I.) and Lucas (D-Ill.), authors of the soldier-vote law, offered an amendment today to relax political propaganda restrictions by giving overseas servicemen access to the same publications and broadcasts they would get at home.

The act, passed last spring, made it unlawful for an officer or government employee to place at the disposal of the armed forces literature or broadcasts "when considered in its entirety contains political propaganda obviously designed to affect the result of any election for president, vice president, presidential elector, member of the senate, or member of the house of representatives."

The amendment would permit these exceptions: 1. Broadcasts of political speeches, on equally divided time between opponents in the major parties.

2. Dissemination of written material, films, broadcasts, plays, news or entertainment similar to that used in civilian entertainment programs.

3. Servicemen's publications which handle news of public events and affairs on a non-partisan basis, and divides its space for politics equally among opposing parties.

4. Sending letters, newspapers, etc., by an individual, a corporation or political committee to any member of the armed forces addressed to him personally.

## GALORY NEED DESCRIBED BY MRS. GILLEN

Workers who do the same job the year round need enough calories in food to provide for energy spent, according to Mrs. Winnifred K. Gillen, Klamath county home demonstration agent. Even during the hot days of summer, therefore, the homemaker should continue to serve balanced meals to the workers in her family. That means food that includes milk, fruit, green and yellow vegetables, and the rest of the "basic seven" foods.

Even though iced beverages may be the family choice, this must not prevent their getting the regular quota of milk in some form, Mrs. Gillen believes. Good ways to insure sufficient amounts of the protective food is to cook milk into foods, or to use cheese and ice cream in healthful proportions.

The home demonstration agent suggests this recipe for a delicious substitute for some of the less nourishing summer "coolers" that can so easily, and harmfully, supplant the vital high-vitamin foods.

**Peach-Milk Drink**  
(May be made with apricots or other fruits.)  
1 cup cold milk  
1/4 cup peach puree  
1 tablespoon lemon juice  
1 teaspoon sugar  
Few grains salt  
Sprinkling of cloves or cinnamon.

Blend puree with lemon juice, sugar and salt. Add chilled milk and stir thoroughly. Top with a few sprinklings of cloves or cinnamon. Serve at once garnished with lemon slice or wedge. Makes one glass. Add more sugar to suit taste. Several tablespoons of vanilla ice cream may be added on top.

## Quezon Death Shock To P. I., Says General MacArthur

ADVANCED ALLIED HEADQUARTERS, New Guinea, Aug. 2 (AP)—Gen. Douglas MacArthur, commenting today on the death of Philippine President Manuel Quezon, said:

"President Quezon's death will be a great shock to the people of the Philippines, who so keenly anticipated his return to Manila. He was the very apotheosis of the aspiration of the Filipinos for the higher things of life. A great liberal, his fame and glory will increase as his policies gradually approach fruition. I mourn him."

## Brundage Predicts Fir Production Drop Under OPA Tire Cut

PORTLAND, Ore., Aug. 2 (AP)—Douglas fir log production will drop 25 per cent within 30 days and possibly 50 per cent in 60 days unless OPA modifies its 67 per cent slash in heavy truck tire allocations.

This is the prediction of Frederick H. Brundage, the WPB's western log and lumber administrator. Nearly 100 per cent of western Oregon's fir logs are moved by truck, he said in warning that the tire situation has become more critical than the manpower shortage.

## Expansion Program Starts At Hospital

PORTLAND, Aug. 2 (AP)—A \$50,000 expansion and modernization program at the Shriners hospital for crippled children started here today. The work is the first of three projects which will cost a total of \$150,000.

Expansion of classrooms, a new surgery and entire overhauling of the main structure are planned.

## MEN AND WOMEN IN SERVICE

Eileen R. Vitus will leave for basic training with the WACs at Fort Des Moines, Ia., on August 6. She has selected as her station the Los Angeles port of embarkation and will serve with the army service forces. She has been a resident of Klamath Falls for the past two years, making her home with her brother and sister-in-law, Mr. and Mrs. Otto Vitus, of 1205 Klamath avenue. She is a former resident of Eugene, Ore.

Mrs. Olive Stodiek, 2118 Radcliffe street, enlisted in the women's army corps and has been assigned to the army air forces as an air WAC. She has been a resident of Klamath Falls for the past five years, being employed as a secretary at the Ivory Pine Lumber company. She has chosen as her first station the army air field at Fairfield, Calif., and leaves for basic training at Fort Des Moines on August 20.

PFC Alfred A. Larson has returned to Camp Forest, Tenn., where he is attending radio school. He attended anti-aircraft school in San Diego, Calif., Fort Bliss, Tex., and Camp Chaffee, Ark. PFC Larson is the son of Mr. and Mrs. J. A. Larson of 1445 Lakeview street.

Stopped Over—Cpl. Charles C. Raney of North Fort Lewis, Wash., stopped over in Klamath Falls Sunday en route south, to visit briefly with his parents, Mr. and Mrs. C. B. Raney of 1617 Manzanita, Cpl. Raney entered the service in October, 1943. He was employed by the Klamath Valley Lumber company at the time of his induction. Raney graduated from Klamath Union high school in 1928. His wife is with him at Fort Lewis.

PFC Robert C. Simmers, formerly of Klamath Falls, is now on Saipan and has written to his wife, now living in Bend, some of the living conditions for the men there.

He said that he was sleeping in a Jap shack which was unusual in that it had a floor. The roof leaked because it was full of bullet and shrapnel holes. Simmers wrote that he went in with the third assault wave. The main things bothering him now are his inability to keep clean for more than half an hour at a time, and the multitudes of big flies and mosquitoes.

PFC Simmers worked at one time for the Chiloquin Lumber company and he also attended school in Klamath Falls.

## DEWEY FAILS TO DUST FISH IN NEW YORK

By The Associated Press  
Rep. Hamilton Fish weathered the opposition of Republican Presidential Nominee Thomas E. Dewey in his bid for GOP renomination in New York, but another congressional veteran, Democratic Senator Bennett Champ Clark, apparently was unseated in yesterday's Missouri primary.

State Attorney General Roy McKittrick, who campaigned as a Roosevelt administration supporter and sharply criticized Clark for his pre-war policy stand, held a lead of nearly 20,000 on the basis of unofficial returns from 3609 of the state's 4512 precincts. Clark had countered McKittrick's criticism by asserting that he had tried to keep the country out of war.

The count was McKittrick 147,128, Clark 128,691. In addition to the missing precincts, however, some 30,000 absentee ballots remain to be counted Friday.

In Kansas, U. S. Senator Clyde M. Reed, Parsons publisher, won republican nomination handily over Carl E. Friend, Lawrence lumberman. Fish has represented New York's 29th district for 24 years; Clark is completing his second six-year term.

Dewey had accused Fish of raising religious and racial issues by being quoted as saying the Jews are generally for President Roosevelt's new deal. The congressman commented on his victory over Augustus W. Bennett, Newburgh lawyer, thusly: "The people of this district are opposed to outside interference of any kind. They are and have been fully competent to choose their own candidates."

## FACES CHARGES

PORTLAND, Aug. 2 (AP)—Julius W. Carlson, 33, route 9, Portland, driver of a car which crashed into four automobiles and a bridge girder yesterday, faced charges today of hit-and-run and reckless driving, disorderly conduct and driving without an operator's license.

## Zoot-Suiters, Merchant Seamen Quiet in Canada

VANCOUVER, Aug. 2 (CP)—Squads of city and military police succeeded early today in keeping organized gangs of zoot-suiters and merchant seamen separated and with the exception of several minor brushes the fourth day of Vancouver's zoot-suit riots passed without incident.

Approximately 50 merchant seamen, many armed with crude clubs, roamed the city streets early last night under the watchful eye of police who rescued any civilian youths accosted by the hunters. A gathering of zoot-suiters at a favored cafe hangout was broken up by police before the parade of merchant sailors arrived on the scene.

Another gathering of zoot-suiters formed shortly after midnight in front of an east-end apartment house, but it also was scattered by police minutes before the seamen arrived to give battle.

In the early morning hours both factions were still prowling downtown streets, but police in squad cars were on hand constantly to break up minor skirmishes.

Battles on city streets during the weekend allegedly started when merchant seamen went out to avenge an attack on one of their comrades by a zoot-suit. Police said, however, that the seaman was not attacked, but suffered his battle scars when he fell down a flight of stairs while in an intoxicated condition.

Mayor J. W. Cornett threatened yesterday to demand a sundown curfew for the seamen if the street skirmishes were not halted.

## OREGON UNAFFECTED BY NEW DRAFT RULE

SALEM, Aug. 2 (AP)—The order from national selective service headquarters to draft men over 26 years old who are not in essential occupations will have no effect on Oregon, because that has been the policy in this state, Col. Elmer V. Wootton, state selective service director, said today.

Colonel Wootton said that several months ago, state selective service directors were given permission to stop drafting all men over 26, but that Oregon chose to draft men over that age if they were in unessential occupations. That was necessary, he said, to enable the state to fill its draft quotas.

He said that 80 per cent of

## CITIZEN SOLDIERS

### Help food fight for freedom

YOU who contribute to victory in this real American way, deserve a salute. Preserving precious foods at home is an essential Citizen Soldier activity true to our traditions of thrift, of cooperation, of constructive fighting against a destructive foe.

America's farmers, and victory gardeners, will produce in 1944 the greatest amount of food in our country's history. None of it can be wasted—all of it will be needed for our fighting men and women, our allies, the liberated countries and ourselves. In this invasion year, less canned fruits and vegetables than ever will be available for civilians.

Help food fight for freedom in your own home by canning all the fresh produce possible from your victory garden, or from your market by wise in-season purchases. And to prevent waste, know your canning methods. Write for free booklets to your State Agricultural College, or to the United States Department of Agriculture, Washington 25, D. C.

There are many other vital Citizen Soldier activities (check box). Let's not overlook any of them. In one—caring for your car—your nearby Helpful Associated Dealer can help you. See him for free protective services, and for Veedol Motor Oil and Veedol Safety-Check Lubrication.
