

**NEW CEILINGS
ON EGGS SET
FOR SUMMER**

WASHINGTON, Aug. 3 (AP)—Wholesale egg ceilings for August will be effective from August 1 through September 30, announced today by the Federal price administration. The ceilings conform to the ceilings for consumer grades in the period of last year. The action was taken pending a complete revision of the egg regulation, issuance of which has been delayed. The ceilings in cents per dozen eggs for producers were set as follows for the base of New York, Seattle, Los Angeles, San Diego, Phoenix and Tucson:

Standards Nos. 3 & 4, and "Current" standard receipts	37.5
Standards Nos. 1 & 2 (unclassified)	38.5
Standards Nos. 1 & 2 (sifted)	39.0
Standards Nos. 3 & 4, and "Current" standard receipts	40.5
Standards Nos. 1 & 2 (unclassified)	41.0
Standards Nos. 1 & 2 (sifted)	41.5
Standards Nos. 3 & 4, and "Current" standard receipts	42.0
Standards Nos. 1 & 2 (unclassified)	42.5
Standards Nos. 1 & 2 (sifted)	43.0

The new features were written into the amendment. One feature that wholesale grades "specials" must be inspected by the department of agriculture before commanding the premium price permitted over the other feature is the in-

clusion of "light dirty" eggs at a consumer grade price in areas where such eggs have been customarily sold to civilians. The price was fixed at one cent less than the equivalent price for large or medium grade A eggs. However, sales of "light dirty" are permitted only if sold in sealed cartons bearing the agriculture department certificate showing the eggs to be of consumer grade A or better, and only if the regional OPA administrator finds that their sale was customary in the past and specifically authorizes their sale.

**RATIONING LIFTED
ON 12 FARM ITEMS**

When the 1945 farm machinery rationing program went into effect on July 20, a dozen items went off the rationing list of farm equipment—corn and cotton planters, row-type sprayers, potato graders, stationary balers, field ensilage harvesters, portable elevators, grain and forage blowers, milking machines, field hay choppers and harvesters, windmills, listers and listers with planting attachments. Farmers no longer need to secure purchase certificates for these machines from the county farm machinery rationing committee.

This reduction from 31 to 19 of the types of farm implements rationed was possible due to overall farm machinery production, at 1940 levels, a better-than-average year, and the fact that most of the needed war food production shifts have been made. It is in line with WFA's policy to remove any restrictions necessitated by war conditions just as soon as possible. Purchase certificates will be required in 1945 on all 19 of the rationed items, but there will be

no county quotas on grain drills, potato planters, potato diggers, silo fillers, irrigation pumps, power sprayers, garden tractors, deep and shallow well water systems, power pumps, and farm milk coolers. County quotas will be established on combines, corn spreaders, mowers, side-delivery rakes, and tractors. With the exception of power sprayers, garden tractors, deep and shallow well water systems, power pumps and farm milk coolers, manufacturers will distribute only 80 per cent of their authorized production with WFA directing distribution of the 20 per cent reserve on the other 14 rationed items to take care of special needs that may develop. The entire distribution of the five items listed as exceptions will be by manufacturers.

**Silverton Man
In Bomber Wreck**

MUROC ARMY AIR BASE, Calif., Aug. 3 (AP)—Cpl. Kenneth D. Towns, 21, 1106 Pine street, Silverton, Ore., was one of 17 fliers aboard two heavy bombers which collided and crashed Tuesday in the Panamint mountains overlooking Death valley. The army announced last night. His widow, Mrs. Bessie C. Towns, resides at Silverton.

The names of those aboard the planes were released after hope of finding any alive had been abandoned.

An active squirrel was found to have a heart action of 350 beats per minute, and a hibernating ground squirrel only 17 beats.

**Mexican Residents
To Celebrate**

PORTLAND, Aug. 3 (AP)—Oregon's Mexican residents will celebrate the 134th anniversary of their independence from Spain with a public fiesta here September 15 and 16. Rubalcaba Routtu, president of the Portland group, said today.

Admission will be free to purchasers of war bonds. The Mexican population has increased greatly due to importation of

farm workers, some of whom have been released temporarily for other types of war work.

It's a brainy day on which you buy War Bonds to lay away for a rainy day.

**Disastrous Farm Land Boom
Developing, Says Wickard**

WASHINGTON, Aug. 3 (AP)—A disastrous farm land boom is developing, Secretary of Agriculture Claude R. Wickard said today as he urged farmers to use extra money to retire debts or to purchase war bonds rather than buy farm real estate at inflated values.

The rate at which farm land values are rising, coupled with the large number of sales, are alarming signs that an inflationary land spree is under way in many regions, he said.

The secretary's comments were made in connection with an agriculture department survey showing that war markets for farm commodities have inflated land values an average of 4 per cent above the average prevailing in the 1935-39 period.

Wickard said that about a third of the farm purchases are made by city people, particularly war workers seeking places to go when the war ends. In too many cases, he said, the city people and war workers, as well as farmers, are buying too much. By "too much," the secretary meant a price greater than the long-term earning power of the land.

Farm commodity prices low, and those prevailing under wartime conditions.

"People who go into debt to buy farms at inflated prices," Wickard said, "stand to lose in the long run, through foreclosure and economic ruin, when peace-time conditions return to the commodity-and-real-estate market."

**ICE CREAM
AS LOW AS
11¢ a pint**

Here to be pure—YOU make it in 2 minutes, mix LONDONDERRY, sugar and evaporated milk, or any cream that will whip. Whip, freeze, that's all. No cooking, no re-whipping. Smooth, no ice crystals. (Use milk or skim milk for delicious frozen desserts.) 15¢ pkg. LONDONDERRY makes 4 pints, any flavor. Ask your grocer for LONDONDERRY. If he does not carry it, send us \$1.00 for 7 packages and 20 famous recipes, postpaid.
