

WE MUST BE VIGILANT

A Klamath Union High School Forestry Student on Lookout Duty at a Klamath County Observation Station

ETERNAL VIGILANCE is the price of freedom from forest fires. The forest guards, lookouts, rangers, and wardens—and all of the men of the private, state and federal forest protection agencies are organized and on their toes to hit every fire that starts, quick and hard.

They know that forest fires destroy vital war material, disrupt war work, and take men from industry and agriculture to fight fires. They know that big forest fires would create a smoke screen which would hamper military activities.

No doubt some fires will have to be fought this year. These are the fires that are started by lightning, by accident, or by enemy saboteurs. All of these fires should be jumped on and put out while small.

There should be no forest fires started by our own citizens. The careless smoker, the easy-going camper, or the workman or brushburner who takes a chance, should be out of the picture. Every one of us must be vigilant to prevent fires from starting—to help put out any small fires that do start.

Just remember that the man who starts a forest fire is helping the enemy. Don't be in that class. We can't afford to take a chance, in this war year of 1944. We shouldn't take a chance any year. Let's all help to—

KEEP KLAMATH GREEN

PREVENT RANGE FIRES—REMEMBER

- 1.—Crush out your smokes.
- 2.—Drown your campfire, stir, then add more water.
- 3.—Break your match, then pinch till it's dead.
- 4.—If you need to burn:
 - First—Ask about a permit
 - Then—Follow safe rules.

Cooperate with the
American Legion
and its
"Stop Forest Fire"
Committee
—working to keep Klamath's
forests growing.
