OUR MEN AND WOMEN IN SERVICE

GUAM, Marianas Islands—(Delayed)—Marine Private First Class J. P. Wallace of Klamath Falls, Ore., and his buddy, Marine Private K. D. Johnson of San Bruno, Calif., today recovered one of the American flags that fell to the Japanese with the tiny marine garrison here December 10, 1941.

It was the first Stars and Stripes to be retaken on territory previously captured from the United States by the Japs. Wallace and Johnson found the tattered, earth-stained standard in a shattered pillbox near the road leading to the Piti navy yard.

15TH AAF IN ITALY—Sergeant Raymond H. Sacher, 27, whose wife, Mrs. R. H. Sacher, resides at route 3, Klamath Falls, Ore., has been awarded the Good Conduct medal, it was announced by the fifteenth army air force.

Sgt. Sacher is a member of a Liberator bomber group which has been in action in the Italian campaign for five months and has participated in repeated aerial assaults against the network of German industrial centers throughout southern Europe. He is attached to the armament section as a specialist-technician in power turbines.

Sgt. Sacher enlisted in the service August 3, 1942.

HOME ON FURLOUGH—S/Sgt. Wayne Taylor is at his home at 2345 Union on a 30-day furlough from New Guinea. S/Sgt. Taylor is not a native of Klamath Falls, having lived in South Dakota, but his parents, Mr. and Mrs. Clyde Taylor, moved here three years ago to their present home. Taylor has been in action overseas in the South Pacific for three years.

15TH AAF IN ITALY—T/Sgt. William C. Canton of Klamath Falls, completed two years of overseas duty with his Flying Fortress unit on August 6, thus becoming one of the real veterans of the war in the European and Mediterranean theaters.

His Fortress group was activated at Gieger field, Wash., shortly after Pearl Harbor, rushed through training and sent overseas to England on August 6.

Men of the group have twice received Distinguished Unit Citations. One of these was given for a brilliant and daring attack which destroyed an enemy ammunition convoy during the closing stages of the Tunisian campaign; the other for the first coordinated attack of the eighth and 15th air forces against Regensburg, Germany.

Sgt. Canton is a squadron aircraft inspector, or, as he says, "the nemesis of the crew chiefs." The sergeant's parents, Mr. and Mrs. W. R. Canton, live at 727 North 9th, Klamath Falls.

Mary Louise Thompson, daughter of Mr. and Mrs. O. E. Thompson, 5204 Harlan Drive, Klamath Falls, Ore., has been selected for advanced training in the U. S. naval hospital corps on completion of WAVES indoctrination training at the navy training school for WAVES, New York City, yesterday reported Recruiting Specialist D. T. Schreiber, recruiter in charge of the Klamath Falls U. S. navy recruiting station which handles WAVE recruiting in this area.

Miss Thompson completed six weeks basic training at the New York WAVES school with a rating of seaman second class.

Selection of Miss Thompson for specialized advanced instruction at the U. S. Naval Medical Center, Bethesda, Md., was because of her special aptitude for this work. On completion of this advanced hospital corps training, she will be rated a hospital apprentice and will be assigned to a naval hospital where she will be eligible for advancement to pharmacist mate.

Miss Thompson graduated from Chiloquin high school. Prior to her enlistment in the WAVES, she was a hairdresser with the Mode O'Day Beauty shop, Portland.

She is the third of her family to serve in the armed forces. One brother, Kenneth E. Thompson, is an aviation machinist's mate first class, in the South Pacific; another brother,

Kendall D. Thompson, is a lieutenant in the air corps.

TO TEXAS—Pet. M. L. Ruge, son of Mrs. Lucille Ruge, 1995 Siskiyou, has moved from Fort Lewis, Wash. His new address is 39338 661, Co. A, Cl. 42, SMDT-WBGH, El Paso, Tex.

Word has been received by Mr. and Mrs. J. H. Rogers of Dairy from their son, PFC Jack Rogers, that he came through Saipan and Guam without a scratch, Jack is with the 22nd marines and has been overseas for 25 months. He has seen action at Eniwetok and Wajalein in the Marshall Islands, on Guadalcanal and on Saipan and Guam in the Marianas.

The Good Conduct Medal has been awarded to PFC Edith P. Rink, Klamath Falls, member of the women's army corps stationed somewhere in Australia. This award is made for completion of one year of continuous active federal military service while the United States is at war to those enlisted men and women who have demonstrated fidelity through faithful and excellent performance of duty, efficiency through capacity to produce desired results, and whose behavior has been such as to deserve emulation.

PFC Rink was one of 18 WACs to receive the award on July 6, 1944. Presentation was made at a company formation by Captain Annie C. Gardner, commanding officer of the WAC detachment, USASOS.

Madge Loyce Coleman, 205 Donald, Klamath Falls, has completed enlistment in the women's army corps at Portland and will leave for basic training at Fort Des Moines, Iowa, early in September, 1944. Upon completion of basic training she will be assigned to the Los Angeles port of embarkation as a clerk.

Miss Coleman was formerly employed by J. E. Penney company in Klamath Falls.

Recognition as eligible to qualify for the petty officer rate of electrician's mate third class came to Blackie Virgil L. Johnson, 18, son of Mr. and Mrs. C. T. Johnson, 1545 Crescent, Klamath Falls, during recent graduation ceremonies at the naval training school on the University of Minnesota campus, Minneapolis, Minn.

Kaiser Yards Set Attack Ship Goal
PORTLAND, Ore., Aug. 23 (AP)—Twenty-nine attack transport ships by November 1 was set today as goal for the Kaiser shipyards at Vancouver and Oregon Shipbuilding corporation here.

A. R. Nieman, general manager at the Kaiser Swan island yard, told tinhaters at the launching of the tanker Montezuma Castle that Swan island workers would be loaned to the other two Kaiser yards to speed the turn-out of transports.

Swan island, which is still building tankers, will not follow the other two yards' seven-day-week schedule.

Ten marines from the Klamath Falls barracks were honor guests at the launching of the Montezuma.

Police Department Garage Picketed
PORTLAND, Aug. 23 (AP)—Mayor Earl Riley, at odds with the Portland AFL building trades council today over posting of a woman picket at the police department garage before specialized advanced instruction at the U. S. Naval Medical Center, Bethesda, Md., was because of her special aptitude for this work. On completion of this advanced hospital corps training, she will be rated a hospital apprentice and will be assigned to a naval hospital where she will be eligible for advancement to pharmacist mate.

Miss Thompson graduated from Chiloquin high school. Prior to her enlistment in the WAVES, she was a hairdresser with the Mode O'Day Beauty shop, Portland.

She is the third of her family to serve in the armed forces. One brother, Kenneth E. Thompson, is an aviation machinist's mate first class, in the South Pacific; another brother,

Four 17-year-old youths enlisted in the navy here last week and were sworn in at Portland. They were Bruce Braaten, White Auto camp, Klamath Falls; Vernon Roy Stickle, Medford; Phillip Owen Urbach, Tulalake; and Kenneth Duncan Bradshaw, Bonanza.

Four Youths Enlist In Navy From Here

SALEM, Aug. 23 (AP)—All classes of insurance companies collected \$62,750,957 in premiums in Oregon in 1943, a 12.04 per cent gain over 1942, State Insurance Commissioner Seth B. Thompson said today in his annual report.

The increased business, he said, was caused by increased industrial activity.

He said that \$915,186,932 in life insurance was in force last year, a gain of \$70,383,902 over 1942. New life insurance written during the year totaled \$89,218,121, or 18 per cent more than was written in 1942.

Fire insurance companies, with \$10,918,301 in premiums collected last year, paid out \$4,460,300 in claims.

GOP NOMINEE SLATES TOUR OF NATION

By JACK BELL
ALBANY, N. Y., Aug. 23 (AP)—Gov. Thomas E. Dewey's aides went ahead today with plans for a two-months' drive that may take him into a majority of the states of the union.

The republican presidential nominee already has announced he will speak in Philadelphia September 7 and Louisville, Ky., the following day on what has come to be regarded here as the beginning of a full-fledged campaign swing that may carry him westward to the Pacific coast later in the month.

Senator Ed H. Moore, Oklahoma republican, said after a conference with Dewey yesterday that the GOP nominee would fill a date in Oklahoma City about September 25. Moore added it was his understanding this stop would be made on the return from a west coast tour.

Thus the beginning of the active phase of the first wartime campaign since 1864 may find Dewey and his running mate, Governor John W. Bricker of Ohio, in full stride while President Roosevelt bides his time. Mr. Roosevelt said when accepting a fourth term nomination he would not campaign in the usual way, but would be ready to answer any "misstatements" the republican nominee might make.

Senator Harry S. Truman of Missouri, the democratic vice presidential nominee, has complained that republicans "have nothing to do but throw bricks," asserting that all of the campaign speechmaking probably would be done by the GOP.

Truman, who was to address the national convention of the Veterans of Foreign Wars in Chicago today and who has arranged to speak in Detroit on Labor Day, said President Roosevelt is too busy running the war to campaign and that he himself has a job to do in the senate. Truman will accept his nomination and speak in Lamar, Mo., August 31.

If this made any impression on Dewey's aides, they gave no sign and Herbert Brownell Jr., republican national chairman, went ahead with detailed arrangements which are expected to produce a lengthy itinerary soon for both Dewey and Ericker.

The New York governor has said he would be in Massachusetts before the campaign is over and has been invited to Maine with some indications he might accept. In the Midwest, he has been invited to Indiana, where Bricker today and in the European theater only to the extent that it directly helps to defeat Japan.

The latest report placed the value of lend-lease supplies and services at \$4,045,000,000 for the quarter ended June 30. The total of more than \$28,000,000,000 covered the period from March 11, 1941, when the act was first passed, to June 30 last, and represented about 15 per cent of all American production for defense and war.

In addition, \$678,241,000 worth of supplies have been consigned to American commanding generals in the field for subsequent lend-lease transfer to allied forces.

Reverse Policy
Reverse lend-lease was estimated in value at more than \$3,000,000,000. The report emphasized, however, that ultimate

Continuance of Aid To Allies Advised By Roosevelt

WASHINGTON, Aug. 23 (AP)—President Roosevelt today told congress today that lend-lease aid should continue until the unconditional surrender of both Japan and Germany.

Apparently taking note of statements by some persons in and out of congress that this vast program of allied aid should be curtailed or dropped after Germany is defeated, the chief executive, in forwarding a quarterly report to congress placing lend-lease help through June 30 at \$28,270,351,000, asserted: "We should not permit any weakening of this system of combined war supply to delay final victory a single day or to cost unnecessarily the life of one American boy."

NAM Issues Report
The last time the question arose as to the life of lend-lease was on August 7. Then, a report was issued by the National Association of Manufacturers saying British officials were insisting on keeping lend-lease alive after Germany gives up.

The report caused a flurry in congressional circles and caused the state department to declare: "The British government has not raised with us the future of lend-lease."

The lend-lease act was extended this year until June 30, 1945. Some legislators have said this government should not be too hasty about extending it again if Germany collapses meantime.

Certain government officials, though, have felt the act should continue to apply to Britain after the war has been reduced to operations against Japan, while others believe the aid should go to countries in the European theater only to the extent that it directly helps to defeat Japan.

Reverse Policy
Reverse lend-lease was estimated in value at more than \$3,000,000,000. The report emphasized, however, that ultimate

Turnbull Elected Legion Adjutant
NEWELL—George Turnbull, a member of the administrative police force at the Tulalake center, was elected adjutant of the Newell post-at-large of the American Legion at its regular weekly meeting Monday night.

Turnbull is a former member of the Oregon state police and of the Portland police department.

The Newell Legion group is composed of Legionnaires among the war relocation authority and army personnel at the Tulalake camp. All of the members belong to regular Legion posts.

At the Monday meeting, several members discussed plans for joining the Tulalake Legion post this fall.

HUFF SPEAKS TO LIONS AT LUNCHEON

Guest speaker of the day at the Lions club luncheon Tuesday noon was Rowland Huff, district supervisor of the Colusa district on the guayule project, a crude rubber project under the direction of the U. S. department of agriculture, forest service division.

Although many people think of this project as producing synthetic rubber, it is really crude rubber from a different type of plant than the original rubber used before the war. The guayule plant is a native of Central America and can be grown in the United States, with special success in the Salinas area in California.

Also at the noon meeting, Vern Moore, chairman of the day, introduced Clarence Humble, past district governor of the Lions, who gave a report on the International Lions war conference held last month in Chicago.

Guests for the day were Steve Rose, Harry Stoler, William VanBuskirk, Don Rice and Captain William Nash, home on leave from action in Europe.

Have a Coca-Cola = Let's work refreshed

... or a helping hand on the farm

Helping to feed America means long hours in the fields... endless tasks to perform. All the more welcome, then, is the friendly pause for an ice-cold Coca-Cola. Have a "Coke", says a farm companion, and it means Let's work refreshed. In country home or city dwelling, frosty bottles of "Coke" belong in the icebox. Across America, Coca-Cola stands for the pause that refreshes, — a symbol of kindly hospitality.
