A flower and vegetable show will be sponsored by the Bonanza-Langell Valley Garden club to be held on September 1 from 3 until 5 p. m. at the Bonanza library.

Ribbons will be given for the first, second and third best of any specimens of flowers or vegetables. Entrants are to bring their own containers and displays must be in place by 2 o'clock on the day of the show. People who are not members of the organization are also invited to enter displays.

Beside the regular prizes to be given for the different arrangements, a sweepstakes prize will be chosen by popular vote.

In the flower arrangement division, prizes will be awarded for the best old fashioned bouquet, living room, kitchen, miniatures under five inches, vines, and grasses and seed pods. Under vegetable arrangements, prizes will be awarded for the best vegetable display, the most artistic, and the most comic arrangement.

A prize will also be given for houseplants.

DEMOS SCHEDULE COMMITTEE MEET

A meeting of the democratic central committee has been called by Chairman E. P. Ivory for Wednesday, August 30, for the purpose of organizing for the fall campaign.

All committee men and women are asked to meet in the circuit court room in the courthouse at 8 p. m., and to bring a friend who is interested in being appointed to fill a precinct vacancy. The committee hopes to fill all openings with committee men and women who will give some of their time to the democratic cause.

Last minute plans for the democratic picnic to be held at Moore park September 3 will be discussed.

Anyone interested in party politics is urged to attend the meeting.

ACCIDENTS RESULT IN FOUR FATALITIES

By The Associated Press. Accidents have claimed four more lives in Oregon, two from drowning, one from traffic and one from a logging mishap.

A Eugene mail carrier, Edwin E. Reiser, 36, was swept away by the Willamette river after pulling his 11-year-old son, Wayne, from a deep pool and pushing him into the arms of other would-be rescuers. Reiser leaped in the water fully clothed.

The body of Dr. C. F. Chapin, 51, former Marshfield dentist, was recovered from North Coos river. Chapin, who authorities believe fell from a dock, had been missing since Saturday from the Coland C. Beattie ranch bordering the river.

In Portland a bakery truck struck a tricycle, killing five-year-old Gerald Targe. It was the city's 23th traffic fatality of the year.

A log rolled from a truck in Forest Grove, fatally crushing Frank Kitting, 45, route 1, Yamhill. Survivors include the widow and five children at the home, and his parents at The Dalles.

USO SLATES STAGE SHOWS AT BARRACKS

First of a series of USO stage shows will be presented in the Marine Barracks theatre tonight at 7 p. m., the recreation office has announced.

The variety program, featuring professional entertainers, will run approximately an hour and a half, and marks the first time the new post theatre has been used. Previous shows and movies have been presented either in the mess hall or in the open.

Tonight's stage show is presented through the courtesy of the Tulelake special services office. Marine officers and men may bring members of their immediate families to the post theatre, but because of the limited capacity of the building, it has been deemed impracticable to extend invitations to civilians.

Six future camp shows are being planned by the recreation office, but dates for only two have been tentatively set on October 2 and 18.

Here it is, MEN!

A FINE RAILROAD JOB AT ABOUT \$220 BASE PAY

Active and important work with a company whose biggest war job STILL lies ahead!

These two jobs are not ordinary, everyday jobs. They call for action. They've got a real challenge in 'em for men who like to work at a good job and for a good outfit. These jobs are absolutely vital in keeping the war trains rolling. Look them over.

- 1. STUDENT SWITCHMEN.** You've got a locomotive to help you on this job... switching trains and cars... cars from the N. Y. Central, Milwaukee, Union Pacific—every road in the nation... cars loaded with guns, tanks, half-tracks, war materials. No experience to start. A couple of weeks training and you're a full-fledged Switchman who can really keep 'em humping. You work with an engine crew, get around, see things move, see railroading on the ground floor. About \$220 base pay after training. (Some Switchmen average a whale of a lot more when there's overtime). Fine pension plan. Railroad pass privileges. Medical services. Good gang to work with. A job for a real man.
- 2. STUDENT BRAKEMEN.** Maybe we shouldn't say "Student" Brakemen. Because after about 2 weeks' training you'll be a real honest-to-goodness operating Brakeman. You'll form a team with the Conductor and Engineer. You'll ride the trains, learn railroad lingo, meet a lot of people... do a job that's one of the most interesting on the entire railroad. If you're a sincere, reliable man who wants not only good money but a real chance with an established company—one whose biggest war job still lies ahead—by all means look into this right now. It's a job we think you'll like.

Experienced Switchmen and Brakemen needed also
