**Flashes of Life**

By The Associated Press  
**OLD STUFF**

PLYMOUTH, Conn.—William A. Eustice, nominated for first selectman last night at a republican caucus, thinks he can handle the job all right if he is elected. He has served 24 previous terms in the office.

**ALL QUIET**

YORK, Pa.—If city council approves a proposed ordinance, musically-inclined residents will be barred from singing, playing the radio or any other musical instrument from midnight until 7 a. m.

**BARRED SCHOOLHOUSE**

RICHY, Mont. — Practically every kid in town is headed for the county jail, but not because of juvenile delinquency.

A tornado and hailstorm damaged the school. Part of the classwork was scheduled for the jail.

**DOUBLE ORDER**

PORTLAND, Ore. — A bus driver on the Portland-Astoria run was surprised when a woman passenger handed him two tickets.

"I weigh 481 pounds," she explained, "and I really take up two full seats."

She did, too.

**FISHY**

HAVRE, Mont.—Five-year-old Richard Kolski couldn't keep his interest in fishing. He dozed off, and when he awoke, the pole was gone.

John Bradley, spotting a pole zigzagging in the water, sent his Springer spaniel "Duke" out to recover it. It was Richard's all right. And the end of the line was occupied by a three and a half pound bass.

Duke and Richard shared ownership.

**NAMES HELP OUT**

NEW YORK—Three Army tugboats lived up to their names with a fast getaway down the launching ways at Brooklyn. They were christened Man O' War, War Admiral and Sea-biscuit. The fourth, just numbered 754, displayed a mulish trait by balking.

**ENROLLMENT**  
**IN SCHOOLS**  
**HERE BOOSTED**

At the close of the second day of school for Klamath Falls youngsters, registration in the city grade schools and the Junior high school had climbed to a total of 1952 students registered. Enrollment in KUHS is now 1129, 28 more than first day figures showed.

There is still a vacancy occurring in the art department at the Junior and senior high schools. The position would call for a teacher for one-half day at the Junior high and the other half day at KUHS. The teacher previously signed up for this position, has been accepted for the WAC.

The principalship at Pollock school is also vacant at the present time. The assignment will be made to cover the principal's job and boys' activities.

The school system is also very short of substitute teachers, who are needed to teach when regular teachers are ill or unable to work for a short time, although this has been taken care of in a small measure by servicemen's wives.

Following is the break-down of the number of students in the city schools:

First grade, 303; second grade, 273; third grade, 224; fourth grade, 233; fifth grade, 230; sixth grade, 212; seventh grade, 256; Junior high (eighth grade), 221.

KUHS: Freshmen, 481; sophomores, 291; Juniors, 286; seniors, 211.

**Scout Executive Resigns Office**

PORTLAND, Sept. 7 (AP)—Edward L. Curtis, Boy Scout executive of the northwest region for 10 years, has resigned, the national executive board of the Boy Scouts said Wednesday.

Oregon, Washington, Idaho, western Montana, Alaska, and a part of northern California are included in the region.

**Forest Fire Hazard Decreased by Fog, Cooler Weather**

PORTLAND, Sept. 7 (AP)—A forest fire hazard was decreased today by fog and cooler weather in western Oregon and Washington, but forestry officials still waited for rain to cut down the danger appreciably.

No serious forest fires were reported. A 600-acre blaze in the Chelan national forest in northern Washington was brought under control yesterday before damaging valuable timber. A small fire checked 15 miles east of Scio was believed started from spontaneous combustion.

Tomorrow's high temperature in Portland is expected to reach only 78 degrees.

**U. S. NEEDS FDR, ASSERTS PEPPER**

SEATTLE, Sept. 7 (AP)—For an enduring peace and postwar prosperity, the American people "must have Roosevelt," Sen. Claude Pepper (D-Fla.) asserted here last night.

The result of the coming election, he said at a public meeting, "will determine whether we shall have peace and prosperity or depression and war."

"We can have an enduring peace—if we will. We can have prosperity—if we will. But to have them we must have an administration with experienced leadership."

"In short, we must have Roosevelt."

"The people cannot afford to experiment with the party that did not foresee the big depression and did nothing about it when it came."

A downward revision of the freight rate structure will be a key to the expansion of Pacific coast industry, the Florida senator said.

He predicted "extraordinary expansion" of western industry in the postwar era as a result of the lessons of war production.

"But," he said, "the develop-

ment can take place only under an administration friendly to the west.

"The Pacific coast will have expanded natural markets, but to obtain a maximum of markets it will be necessary to revise the freight rate structure. We propose seeing that the west and south get a lower freight rate that will put them on a parity with the east, now enjoying much lower rates."

World's largest towel factory is at Kannapolis, N. C.

PORTLAND, Sept. 7 (AP)—Patrons insist on ordering meals from the list of 40 dishes which must be posted in each cafe, restaurateurs complained to the OPA today.

**NEW kind of ASPIRIN tablet doesn't upset stomach**

WHEN you need quick relief from pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so, this new medical discovery, SUPERIN, is "just what the doctor ordered" for you.

Superin is aspirin plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeated doses.

Try this out to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking. At your druggist's, 15¢ and 39¢.

Guaranteed by Good Manufacturing Practices

**"REPAIRS HAVE COST NEXT TO NOTHING IN 4 YEARS..."**

**"Sure glad I've got a FORD!"**

**...FORD ALWAYS STARTS AND RUNS!**  
I've owned Fords since '34. They're cars that never quit. That's what I like. I fought some of the best heavyweights in the 1930's."

**...BY NONE WEATHER GETS TOUGH.**  
When you're raising stock and arin you often have to get to town and back fast. A Ford has the power and pep for any road and weather."

**"REPAIRS HAVE COST ME VERY LITTLE.**  
My 1940 Ford is mighty easy on gas and tires, and it's kept its smart looks and good finish in spite of constant hard use in all kinds of weather."

**...says CHARLES RITZLAFF, Stock and Grain Farmer Leonard, North Dakota**

From every state come friendly letters telling of the good service Ford owners are getting from their cars. They tell what millions of other Ford owners know to be true—that their cars are powerful, economical and dependable—that they are comfortable and easy to drive—and that their fine performance, backed by Ford Dealers' Protective Service, endures for years.

**NEW FORDS — Ford plants employ more than 5,000 men in cleaning crews. They wear out 3,000 mops and 3,000 brooms a month, and use 86 tons of soap and 15,000 gallons of paint keeping Ford plants clean.**

More than 30,000,000 Ford, Mercury and Lincoln cars—and Ford Trucks—have been built
