

MAINE SETBACK IN VOTE

PORTLAND, Me., Sept. 12 (AP)—In another clean sweep, the state of Maine, handed a state committee a thumping setback in yesterday's state election.

U. S. Representatives Robert and Margaret Chase Smith re-elected in the first and second districts respectively by more than two to one margins. The democrats endorsed by the CIO political committee, Third District Representative Frank Fellows (R) election margin was better than three to one.

Republican State Senate President Horace A. Hildreth won re-election to the governorship over Paul J. Jullien, (D) with a majority of approximately 75, the greatest given any gubernatorial winner in Maine since 1928.

The total vote was approximately 8000 greater than 1942's when Governor Sumner Sewall was re-elected with a 59,000 majority.

Hildreth, in a victory state-called the GOP vote "a real sign for the future in the state and nation."

In 1940, when Sewall first elected by a majority of 4000, republican presidential Wendell L. Willkie carried Maine against President Roosevelt by only 7000.

Hildreth, in the only statewide contest, carried all 11 of Maine's 21 cities except Lewiston and Biddeford, textile cities which have been democratic strongholds for many years.

Pettis failed to carry any of the first district cities where many shipyard and other war industry workers reside, except Biddeford and the big town of Portland. Going into the half term were Portland, South Portland, Bathwn Westbrook, and Saco.

THREE BALLOT TITLES SET FOR ELECTION

Three ordinances were passed at their third and final reading before the city council Monday night, and will be placed on the ballot at the election November 7.

One ordinance, if it receives the voters' approval, will permit the council to go ahead with the plan to turn the south side of the lower end of Main into a city park. A tax of 2 mills will be levied on each dollar's worth of property in the city to raise money for the purchase of property for the site of the new Veterans Memorial park.

Another ordinance has to do with the annexation of two areas now outside the city limits, the vicinity of South Sixth, and the district north of the present city boundary, which includes Mountain View, Irvington Heights, Nob Hill, Sunnyside, Eldorado Heights, and Lakeview additions. DEWEY DISREGARDS TRUTH, SAYS LEADER

WASHINGTON, Sept. 12 (AP)—House Majority Leader McCormack of Massachusetts today accused Governor Thomas E. Dewey of "braven disregard to the truth to get votes" when he charged the democratic administration with failing to plan for demobilization of the armed forces.

McCormack told the house that the republican presidential nominee "hit below the belt" in his recent Philadelphia and Louisville speeches, "in an attempt to create a false issue."

Discussing Dewey's charge, McCormack said that "he will stop at nothing to try and get votes."

Dewey, in his opening campaign speech at Philadelphia quoted Maj. Gen. Lewis B. Hershey, director of selective service, as having said that "we can keep people in the army about as cheaply as we could create an agency for them when they are out." Of this quotation, McCormack said:

"General Hershey has absolutely no connection with the war department... Governor Dewey knows or ought to have known that General Hershey has nothing whatsoever to do with demobilization."

The democratic leader said that the war department announced demobilization plans the day before Dewey's Philadelphia speech and furthermore that congress has considered the question in detail.
