

OUR MEN AND WOMEN IN SERVICE

Three Oregon coast men participated in the invasion as crew members of the assault landing craft. They were: William L. Arnold, Stanley F. Moro, and William B. Astoria.

here to stay now, you can bet on that.

I remember one day I ran behind a stump, about a foot thick, and a bullet went right straight through about level with old L. E.'s head and sprayed me with splinters. Boy, I thought that was the end.

Say, I wish that you would cut clippings of anything that appears concerning the third division. You folks know more about how the war is going than we do. When old Sherman said "war is hell," that was an understatement—the world's biggest.

I think that old L. E. has now spent more time in the jungle than Tarzan, and more in a Higgins' boat than most people do in a car. So long and the best ever, L. E.

RECOVERING—Tech. Cpl. Lester Melntyre of Durris, who was wounded at Anzio beachhead in Italy, is recuperating at the Bushnell hospital in Utah. Cpl. Melntyre had been overseas for two and a half years and has been in Ireland, Africa, Sicily, and finally Italy. Cpl. Melntyre, who lost a foot at Anzio,

played on the Dorris baseball team before he was called to the army. He is a member of the engineer corps.

Robert Kangas of the navy air corps, was visiting in Keno one day last week. Kangas is on leave from overseas duty. At the conclusion of his leave he expects to go to Seattle, where he will be stationed at the navy air base. Bob is a machinist's mate 2/c and has been in overseas duty 28 months. His wife, the former Eldine White, and little daughter, live in Klamath Falls. Bob's parents lived in the Keno community for several years. Kangas has two brothers, Wesley and Sydney, who are also in the service.

Nelle T. Flynn, of the army corps, daughter of Athlen Flynn of Garden, is on furlough before reporting to a new assignment at Northport, Ga. She enlisted in the WAC in Seattle in 1944, and took basic training at Fort Des Moines, Ia. Basic training she was sent to Camp Roberts.

Flynn is a graduate of the city of Washington and a member of Columbia university chapter of Phi Delta Gamma. For several years she lived in Washington, she was connected with the school system. She is the daughter of David O. Flynn, USN, at the Aleutians, and of Smith Powell of San Francisco, a former teacher in Klamath Falls schools.

AIR SERVICE COMMAND STATION, "Somewhere in England"—1st Lt. Henry L. of route 1, box 935, Klamath Falls, Ore., recently passed through this air service command station en route to a well-earned rest after 35 missions as a bombardier on a B-24.

Mr. air service command officer "briefed" him on the need of safeguarding certain information he gained as a member of his combat experience. Before his return to the states, David was awarded the Medal with four clusters and Distinguished Flying Cross. He is the son of Mr. and Mrs. Dutton of route 1, box Klamath Falls, Ore.

The following letter, the first in three months, was sent to Mr. Jim Young of 2215 1st, from their son, Leonard Young, a corporal in the 1st Marine Division, new holding Guam island. Young has been in every island invasion by the main force in the South Pacific.

Dear Mom and Dad: Here comes the long awaited letter. Sorry to have no long but things are a little different than they were in the past one, and that is putting me down.

I guess about everyone in the company got his Jap, or at least a piece of one. I had a tough time landing and a tougher time staying. I do mean tough. We could see Japs all the first two days, in fact, I lost my men the second day, that is all past and we're

ADLER-I-KA affected, to relieve the pressure on the intestines and nerves and the digestive tract. Adler-I-KA is a safe old food waste and is so comfortable bowel movement so that bowels return to normal size and the discomforts pressure stop. Before you know you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun.

CAN'T SLEEP—No need to lie in bed—toss and turn because CONSTITUTION or GAS PRESSURE won't let you sleep. Be Adler-I-KA—get up—take a dash of Adler-I-KA

AN EIGHTH AAF FIGHTER STATION, ENGLAND—Two brothers from Klamath Falls, Ore., Cpl. Raymond E. Downs (left) and Pvt. Albert N. Downs—who had not seen each other for nearly two years, had a happy reunion recently at an eighth fighter command station in Britain.

Raymond, member of a service group attached to a P-51 Mustang fighter base, had been overseas for almost a year when his brother, a paratrooper, arrived in England a few weeks ago and traced Raymond's address through the American Red Cross.

"I got a weekend pass and hitch-hiked to my brother's station," Albert explained, "and he was plenty surprised to see me. One of Ray's bike-riding friends, whom I happened to meet on the way, brought me the last 12 miles on his bicycle."

The brothers are sons of Mr. and Mrs. R. E. Downs of 1826 Arthur, Klamath Falls. Before entering the service, Raymond, 25, was a printer with the Pelican Bay company, Pelican City, Ore., and Albert, 29, was employed by the U. S. government as a carpenter engaged in building army camps in Oregon.

Lt. (jg) Glenn Donald Bowen, 31, of Klamath Falls will graduate from the naval reserve officers indoctrination school at Tucson, Ariz., with the 22nd battalion on September 12.

Prior to entering the service, Bowen was an engineer for California Oregon Power company. He attended the University of Alaska, receiving the degree of BS in mining engineering in 1939.

The son of Mr. and Mrs. H. J. Bowen of Lakeshore drive, Klamath Falls, he is married to the former Alyse Hector of 533 North 9th, Klamath Falls.

Two Klamath Falls' men recently arrived at Camp Wolters, Tex., to begin basic training as infantrymen.

They are Private Howard Clifford Robertson, 24, husband of Mrs. Bonnie Robertson of 206 Gage road, Klamath Falls; and Private Earl Harding Tracy, 23, husband of Rose M. Tracy, of Klamath Falls.

A cablegram received by Mr. and Mrs. George Gardner told that their son-in-law, Flight Officer Archie Laine has been wounded in action somewhere in Italy.

He is expected in the United States soon to receive further treatment for his wounds. He has been awarded the Purple Heart.

Mr. and Mrs. Otto Smith, 331 Jefferson, have received the diploma of their son, Cpl. Donald (Pat) Smith, on completion of his advanced gunnery school training at Hickam Field, Honolulu, on July 16. He arrived in Hawaii in May of this year.

Last week a letter was received from Pat stating that he was now stationed on Kwajalein island, one of the Marshall group, and had participated in some of the missions from that base.

His address can be obtained by calling his parents at 3489.

Air express shipments carried in combined air and rail express service in June, 1944, marked an increase of 10.7 per cent over June, 1943.

Amazing new war vehicle travels in water...glides like a ghost over swamp or sand

Army's latest Weasel M29C
Built by Studebaker and powered by famous Studebaker Champion engine

HERE'S a brand-new example of the teamwork of the Office of Scientific Research and Development, the War Department and Studebaker engineers... It's the latest model of the Army's versatile track-laying vehicle known as the Weasel... This new M29C is just as much at home in water as it is on sand, mud, swamp or solid ground... It not only propels itself in deep water, fully loaded, but it also clammers up and down steep, slippery banks with amazing ease... This new Weasel is built by Studebaker under contract with the Ordnance Department, Army Service Forces. It adds another unit of war equipment to an impressive Studebaker list that includes aircraft engines and heavy-duty trucks.

Studebaker... Pioneer and Pacemaker in Automotive Progress

Don't Look So Pained, Friend! It's For The Klamath County Community Fund

You'll be asked for one contribution to take care of all donations, except the Red Cross.

The fund goes largely to the following worthy groups:

- BOY SCOUTS
- GIRL SCOUTS
- CAMP FIRE GIRLS
- SALVATION ARMY
- KLAMATH COMMANDOS
- WAR PRISONER RELIEF
- MERCHANT SEAMAN RELIEF
- U. S. O.

The goal is not small --- \$65,000. Be ready to give generously when a solicitor calls on you.
