

# U. S. TO ACT ON UNIVERSAL NEWS FREEDOM

By JOHN M. HIGHTOWER  
WASHINGTON, Sept. 13 (AP)—American action toward proposing international guarantees of news freedom appeared probable today.

The next move is up to President Roosevelt. There is a growing sentiment among legislators to put congress on record as supporting such a guarantee, but there is no prospect of house or senate votes to that end very soon because congress may recess next week.

Meanwhile Mr. Roosevelt may act on a foreign policy statement of news freedom which was completed by the state department last week and approved by Secretary Hull. Since it was not immediately made public it evidently went to the White House for final action.

Senator Taft (R-Ohio) yesterday took the latest step toward congressional approval of the news freedom objective. He introduced a resolution by which congress would request the president to seek treaty guarantees with other nations for equal access to information and the right to transmit it without censorship at fair communication rates. That would contribute to the preservation of future peace, Taft said.

One way to accomplish the guarantee, he suggested, would be to write it into the charter of whatever world security organization eventually is created. This linked the objective with the security organization talks going forward among American, British and Russian representatives at Dumbarton Oaks. There has been no evidence that the subject has even been raised in those talks. It could be formally presented later, however, at the fullness United Nations conference on world security expected to be held in this country late this year, if all goes smoothly with preliminary negotiations.

Taft's proposed resolution in the senate was the second on news freedom dropped into congressional hoppers in the space of a few days. Thursday Rep. Fulbright (D-Ark.) proposed in a resolution in the house that congress go on record as favoring international news freedom in the interest of safeguarding future peace.

## GROUP INSPECTS INTERSTATE ROADS

JORDAN VALLEY, Sept. 13 (AP)—State highway commissioners left here for Baker today after inspecting the Idaho-Oregon-California highway.

Meeting in Burns yesterday, they voted to purchase 80 acres of additional land for Silver Creek Falls park in Marion county at a cost of \$5000.

They also authorized the commission highway engineers to obtain petitions for rights-of-way for curbs on the Oregon coast highway at Taft, Oceanlake, Nelscott and Delake.

The engineer was instructed to determine the cost of straightening the southern section of the coast highway to accommodate 60-foot trucks.

## Enrollment In County Schools Reaches 8628

Record of enrollment in county schools at the school office here was boosted to 8628 students when reports came in from three additional schools Tuesday.

Shevlin reported 40 students, Gilchrist 175, and Weyerhaeuser Camp 6, 20.

## Boeing Official Suffers Hemorrhage

WICHITA, Kas., Sept. 13 (AP)—Philip G. Johnson, 50, president of the Boeing Airplane company at Seattle, suffered a cerebral hemorrhage here last night and is confined to St. Francis hotel, where his condition was described as critical.

Johnson was in Wichita on a routine visit with local Boeing officials. His wife arrived by plane this morning.

One of the most prominent men in the aircraft industry, he has been in charge of the vast Flying Fortress and Superfortress construction programs.

## Swoon Study Slated In Vancouver

VANCOUVER, B. C., Sept. 13 (AP)—The effect of demoralizing or otherwise—of Frank Sinatra's singing on Vancouver school children will be reported at the October meeting of the school board.

"I don't believe our children have gone so far as to prefer Sinatra to symphony," said Trustee James Blackwood in asking the report. But if so, he added, the board will "try to educate them along different lines."

# MEN AND WOMEN IN SERVICE

WOUNDED IN ACTION—Official word that First Lt. Lynn McDaniels had been seriously injured in France, August 21, was received here recently by his wife, Margaret McDaniels, 737 North Ninth.

Mrs. McDaniels has received two letters from her husband since he was sent to a hospital in London, where he is now recovering from a leg injury.

Lt. McDaniels was a student at KUHS when he joined the national guard in 1940. He has been with the tank destroyers since July, 1942 and left for overseas duty last February.

In active duty in France since D-Day, Lt. McDaniels recently sent his wife some flowers which a French peasant had thrown to him as he marched through a liberated village. He received a shrapnel wound in July.

Lt. McDaniels' mother, Mrs. T. R. McDaniels, lives in Vancouver, Wash.

He and his wife, the former Margaret Mahoney, have a small daughter, Marilyn, who is one year old.

From a hospital in Italy, Pfc. Harvey Brannan has written his mother that he is having his Red Cross mail the Purple Heart to her, which he received for wounds incurred at the battle of Leghorn on July 18. He is under Gen. Clark. Before one detachment could move forward to take Leghorn, his company was detailed to clean out five machine gun nests and 20 Germans. It was at this time while Harvey was acting as radio man for his captain that he was shot through the hip and his leg fractured.

He writes cheerful letters home and is quite enthusiastic about the wonderful work the doctors are doing, saying that the confidence they instill in the wounded is half the battle for recovery. He is also appreciative of the service rendered the men by the Red Cross.

He expects to be transferred in September to another hospital and as soon as well enough to travel may be sent to a hospital in the U. S. Harvey seems to regret being in combat such a short time after all the long months of training, his mother reported. He did not see Leghorn or even Rome but did get a thrill out of seeing Gen. Clark ride up in a jeep and ask the whereabouts of the commanding officer.

Mrs. Brannan has another son in service, Glenn Brannan, S 1/c, at present in the Hawaiian Islands.

AN EIGHTH AAF BOMBER STATION, England—Award of the Air Medal for "exceptionally meritorious achievement while participating in sustained bomber combat operations over enemy occupied continental Europe" to Sgt. Robert Burns, 19, The Dalles, was announced recently.

A waist gunner on a B-17 Flying Fortress, Sgt. Burns, son of Mr. and Mrs. Fred F. Burns of the same address, has taken part in more than 10 bombing attacks against targets in Germany and the occupied countries. Prior to entering the service, he attended Klamath Falls Union high school. Together with the Air Medal, he received a promotion to staff sergeant.

WITH THE FIFTH ARMY, Italy—Private Adrian L. Strader, son of Mrs. Maude E. Boggs, who lives at 4615 Shasta way, Klamath Falls, has been promoted to private first class. He is a clerk with the 88th infantry division of the fifth army in Italy.

Twenty of the giant Mars flying boats are being built for the U. S. navy, to rush mail, men and material to the far-flung Pacific bases.

Next time your dinner doesn't set well, and you feel sick and miserable, let soothing PEPTO-BISMOL help you. Relieves heartburn, sour, upset stomach—helps retard gas formation and simple diarrhoea. Ask your druggist for PEPTO-BISMOL when your stomach is upset.

# GRADE SCHOOL MUSIC CLASS TO ORGANIZE

The beginning instrumental classes of the grade schools of the city school system are being organized this week. A much larger enrollment in these beginning classes is expected over last year, when 138 students took up the study of instruments in public school classes.

These classes are to be taught by competent music teachers and will be under the direct supervision of Andrew Loney, director of music education, assisted by John Best, a specialist in string instruments. These classes will be offered during regular school time and will be graded in such a way that instruction will be continued through grade school, Junior high, and high school. Instruction will be offered on the following instruments: violin, viola, cello, string bass, clarinet, flute, piccolo, oboe, bassoon, saxophone, French horn, cornet, trumpet, trombone, baritone, bass, and percussion instruments.

Except in the case of large, bulky instruments, which are furnished by the school district, students purchase or rent their own instruments.

In addition to the 138 students who entered the beginning classes last year, the grade schools of Klamath Falls had an enrollment of 144 in grade bands and orchestras.

At a student council meeting held Tuesday afternoon, the question of whether or not there should be a traffic squad in KUHS this year as there was several years ago, was brought up. Action was taken to reorganize the traffic squad, although no definite plans have been worked out. Details will be worked out with the advisor, who is as yet unnamed.

The squad will be appointed by the advisor and will probably consist of only senior boys.

Each of the four classes held class meetings Tuesday afternoon for purposes of nominating class officers. Voting will take place in home rooms Wednesday, and the results will be announced in the near future.

Army transport planes have proved that the North Atlantic is flyable the year round, both eastbound and westbound.

# HIGH SCHOOL News Notes and Comment

By JUANITA SHINN

Along with the many new students in KUHS, many new faculty members have put in an appearance.

Some of these new teachers come from the staff of substitute teachers, some from the various grade schools in Klamath Falls, some from other parts of Oregon, and even some from other states.

Far from unfamiliar is Paul Angstead, former principal of Fremont junior high, who is the new assistant principal of KUHS.

Coaching Pelican football and basketball, and heading the boys' physical education department this year is L. Marble Cook, coming from Lincoln high school in Portland.

From Evanston, Wyo., to assume the position of assistant supervisor for the music department is John Best.

The English department boasts three new teachers, Mrs. Loretta Drueker, Mrs. Ellen Patterson, and Mrs. Grace Rozendal.

Gladys Wardwell will teach home economics and general science, and Lyravine Fish will teach algebra.

At a student council meeting held Tuesday afternoon, the question of whether or not there should be a traffic squad in KUHS this year as there was several years ago, was brought up. Action was taken to reorganize the traffic squad, although no definite plans have been worked out. Details will be worked out with the advisor, who is as yet unnamed.
