Disease Drop Noted Here

Dad Puts 'Em to Bed

Supper is on. Up you go kiddies and Dad jumps them into their chairs. After the meal, Dad puts them to bed. Now comes a pillow fight or a story or is it a romp? Whatever it is, they grow fat on it. And all day long, they feast on Mother's love without knowing how much.

It was just so in the days when Christ walked among men. The big folk brought up the needfuls and the kiddies knew that all things would be provided. Christ's alert eye took it all in and He used it to show God as the Great Giver and that we are to open our hearts and receive of his vast plenty.

FIRST—God cleared the way from heaven down to earth. ALL hate, spite, lies, unfit thought and deed, the smut and sneaking, he put on Christ. The Lord hath laid on Him the iniquity of us all—BIBLE. Iniquity—Any wrong, whether or not there is a law against it.

NEXT—With sins blotted out, God imparts his own life. This is the new birth. Said the grade school boy, next morning after he had received Christ as Saviour—if there is anything in this new life, let God now take away my sins and swearing. And Christ was there to do it. That was forty years ago and on this day a lot more have been out to this day.

THREE—But God has still more. It is your destiny out in eternity. On Resurrection Morn, you are to be raised from the grave and receive your body of glory. We have a house not made with hands, eternal in the heavens—BIBLE. In the ages to come, GOD is to show the exceeding riches of his grace in his kindness to us through Christ Jesus.

How shall we escape if we neglect so great salvation?

Stan Taylor.

Flashes of Life

By The Associated Press
TOOK VANILLA
NEW YORK—Pedestrians and motorists took vanilla, whether they liked it or not when five 50-gallon barrels of the extract fell from a truck. Until police hoisted and sanded the area, cars skidded and pedestrians slid in the goo.

STRICTLY FEMINE
PHILADELPHIA—Police raided an under-manned gambling establishment. They arrested two women on charges of taking horse racing bets and accepting number plays—the only patron was another woman.

OR, "WE DON'T KNOW"
CHAMBERSBURG, Pa.—Court attendants were puzzled when a grand jury marked two indictments "ignoramus." The district attorney explained it was an old legal custom of saying "we ignore," or that the evidence was insufficient to warrant the findings of a true bill.

UNSHOCKED
EASTPORT, N. Y.—A swan flew into a 2300-volt power line and the wires snapped. Three communities were without electricity for two hours, and the Long Island Duck Packing company had to shut down. The swan, a fugitive from the Long Island country club, flew on as though nothing had happened.

TIRE SOME
SPOKANE, Wash.—Manager Al Fevabend of the Spokane Press club says he's getting tired of explaining to people who come in, tender a garment and say "put a sharp crease in it, will ya?" A sign over the building's marquee reads simply, "press club."

WHERE HE CAME IN
SPOKANE, Wash.—Antonio Cuconato, 81, was struck by an automobile and received cuts and bruises. The name sounded familiar to Traffic Officer James Northey.

He checked the records and found the aged man had been struck and seriously injured at the same intersection exactly three years before—to the day.

GEESE LIMITED
SPRINGFIELD, Ill.—Geese rationed? Hunters will be permitted to bag only 6000 geese, instead of a normal 10,000 to 15,000 at the famous Horseshoe lake area during the migratory waterfowl season which opens October 14 in Illinois. The conservation department will keep account of the number shot, halting further shooting after 6000 geese are bagged.

There will be no regular meeting of the city council Monday night but those interested in attending the session are advised that an adjournment will be held Wednesday night at 7:30 o'clock in the council chambers. Mayor John H. Houston will be out of town the first of the week.

DESERT RAIN BARREL
The barrel cactus of the southwestern deserts of the United States is known as the "rain barrel of the desert," since it can be used for both food and drink in emergency.

MEN AND WOMEN IN SERVICE

Fear From Son—After not hearing from their son Ladd for many weeks, Mr. and Mrs. R. O. Hoyt received a letter from Italy this month. Ladd has been overseas for 28 months and was just recently moved from Africa to Italy. A recent promotion gave him the rank of technical sergeant. A part of the letter follows:

"I finally managed to catch up with Pauline Suty and had a very nice talk with her this evening. We both work practically in the same building . . . I'm sure you will remember Glen Jackson, who used to be head of the sales department for Copco. Dad will, I know. As things have turned out, he is practically my commanding officer. When I first saw him, I thought he looked familiar, but never gave it much thought until the other day when he walked into the office and wanted to know who was from Klamath Falls. He had seen a copy of The Herald and News which I had thrown into the ash can. Quite coincidental all the way around, don't you think? We had a very nice chat and he invited me to come in any time. He is a lieutenant-colonel now."

WOUNDED IN ACTION—Word has been received here by Mr. and Mrs. S. H. Ackerman, 1030 Upham, that their son, Cpl. Richard W. Ackerman, was wounded July 21 in the South Pacific. Cpl. Ackerman attended KUHS here, and has been in the service three years.

HIGH SCHOOL News Notes and Comment

After last night's defeat, the students of KUHS felt pretty glum. For most of them it's a new thing to witness a game in which the Pelicans lost, however, most of the students seemed to register no hard feelings.

The Grant Generals attended the DeMolay and the common expression heard around the floor was "Golly, they dance like they're goin' some place!" The Krater concessions consisted of pop, peanuts, hot dogs, and quite a variety of candy bars. This year they sold only from the two concession stands, rather than having salesmen in the bleachers and grandstand.

FREIGHT LINE RULE SUSPENDED

PORTLAND, Sept. 23 (AP)—Three federal judges Friday suspended an Interstate Commerce commission order granting Consolidated Freightways Inc. and Oregon-Nevada-California Fast Freight Inc. the right to operate through lines between Portland and Los Angeles.

"SWING SHIFT"
Home team
working overtime for Victory!

Practically every man and woman in our plant family does "after-hours" war work, too! Many have victory gardens, for they realize that food, too, fights for freedom. The more food we grow and can now, the more can go to our troops and allies.

Other members of the "shop" are doing volunteer Red Cross work, cooperating in Bond Drives, taking part in civilian community activities. These are just a few of the favorite in and outdoor sports of our busier-than-ever plant people.

We think our men and women in uniform will be gratified to know that the folks back home are right with them in the spirit of all-out Victory. For our part, we are mighty proud of the patriotic achievements of every man and woman who is helping us, in and out of the plant, to stand behind the man behind the gun!

More bandage makers needed at the Red Cross war rooms.
