

INDUSTRIAL TOUR SERIES PLANNED HERE

Series of industrial tours, to include members of the community and other business men in the local industrial activity, planned by the industrial management committee of the chamber of commerce at a meeting at the Pelican cafe Tuesday.

Jack Long, chairman, and R. Hooker, director in charge, they felt that the retail business community should become familiar with manufacturing activity in this area. They had there a number of or received general attention and should prove of great interest to local business men.

Two plants to be visited soon are the Klamath Concrete Pipe company, where there is a new plant, and Jack O'Connor's stock feeding operation on the site of the old Long Bell mill.

Members of the committee that they would announce for the tours, and others wish to accompany them will be welcome.

Yanks Get First Look at German Villagers

Curious German villagers surround this jeep crammed with American infantrymen of General Bradley's First Army as it entered outskirts of Aachen with first elements of armored column that completely penetrated Nazi's Siegfried line east of the city. Observers said the villagers appeared genuinely glad to be rid of the Nazis and to have the Americans take over. LUMBER RULE RELAXATION ASKED OF WPB

WASHINGTON, Sept. 27 (AP)—Relaxation of lumber controls to permit the sale of more lumber on orders lacking priority ratings or purchase certificates has been asked by both hardwood and softwood producers, the war production board has reported today.

Board sources indicated that steps already are being taken toward some modification to relieve hardship on certain mills, particularly the smaller operators, but there was no hint what these steps might be.

Members of advisory committees representing both hardwood and softwood loggers told WPB officials at a closed meeting yesterday that in some cases lumber orders set aside for sale to farmers and large industry groups had not been purchased in the quantity previously estimated.

Dealers there have been reducing their buying from mills, they said, with the result that lumber had been piling up in mill yards, the mills are forbidden to dispose of it except on priority-rated or certified orders. The situation has resulted in actual hardship for some smaller mills, it was stated, and some of these have given warning that they must shut down.

Both industry and WPB officials agreed, the agency said, that some control should be retained after V-Day in Europe to insure meeting military needs. Estimates of requirements for the first quarter of 1945, based on the assumption that the war in Europe will have ended by January 1, now are being prepared, officials reported.

However, J. Philip Boyd, director of the lumber and lumber products division of WPB, said it still was difficult to size up the lumber situation that will confront the industry when Germany collapses.

Among questions yet to be answered, Boyd said, include how many troops will remain in Europe and how much lumber will be needed to house and supply them; how much lumber will be required for the transfer of forces to the Pacific theater and what items will be included in the military priority group.

A shortage of about 150,000 tires for logging and lumbering operations is indicated for the quarter beginning October 1, WPB said. The total shortage expected on January 1 is around 274,000 tires.

RENT CONTROL VOLUNTEERS TO MEET THURSDAY

A meeting of prospective volunteer registrars for the rent control program will be held at the city council chambers at 2 p. m. Thursday, it was announced by Don Wilson, associate district director of OPA rent control.

Groups of navy and marine wives have already been recruited for the job, but many more are needed, Wilson said.

Marvin Hixon, district OPA enforcement officer, has been selected for the post of examiner for the OPA rent control here. He will be in charge of the Klamath Falls defense rental area.

Hixon and Wilson will speak at the meeting on Thursday.

Mrs. Charles Stark, formerly chief clerk of the Nampa, Idaho, ration board, is one of the permanent personnel for the Klamath rent control set-up.

Harold Ickes Plans Speech At CIO Meet

PORTLAND, Sept. 27 (AP)—Harold Ickes, secretary of the interior, will speak before the annual CIO state convention here October 10.

Other speakers will include Richard Frankenstein, vice president of the CIO United Auto Workers.

ROSE POOLE TALKS ON PROPOSED PARK

The proposed Veterans Memorial park project was discussed by Rose Poole, republican candidate for representative from Klamath county, at an enthusiastic meeting of Catholic Daughters held Monday night in the parish house.

Members appeared interested in the project which will be voted on at the November election.

United Airlines Completes 1500 Pacific Flights

PORTLAND, Sept. 27 (AP)—United Airlines, with war department approval, disclosed today that it had completed its 1500th flight across the Pacific, carrying men, mail and materials to war fronts.

A fleet of 20 four-engine transports are making two daily roundtrip flights over the 7350-mile route between California, Hawaii and Australia, under the army transport command.

The flights started soon after Pearl Harbor, but news about them, for security purposes, was restricted.

Testing Plant For Alumina Progresses

PORTLAND, Sept. 27 (AP)—Construction of a government plant to test extraction of alumina from a large clay deposit three miles southeast of Molalla is progressing, the state department of geology and mineral industries reported today.

Tests conducted by the department have indicated that the deposit has about 30,000,000 dry tons of high alumina clay, containing 25.7 per cent of available alumina and 7.7 per cent of available iron.

Next Monday, Mr. Whitlock the Earl Whitlock Funeral

will comment on "The Sense of Common Sense."

On Being Right
by EARL WHITLOCK
Way back in 1850 Henry said "I'd rather be right than be president." And the man has such fine and sound ideas since then, men have tried them on being right so much that they've taken to become can beings.

Many organizations have such men in them, who know the answers but never allow for the breaks that often such folks never to be president — or anything else.

That habit of being invariably "right" is apt to grow on a person until nobody likes him more. Instinctively we instinctively shun away from perfection.

If you want friends—and I bet even the self-satisfied of being eternally right never compensate for the loss of friends—you have to be occasionally wrong, so that you can take counsel with them. A little give and take is essential to happiness.

SEMPER PARATUS

Sparky, veteran of long service as mascot aboard a Coast Guard cutter hunting U-boats in the Atlantic, lives up to the Coast Guard motto, "Always Ready." Prepared to abandon ship if the emergency comes, he's pictured wearing his own special life jacket, carefully tailored by his shipmates.

Immigration Drops For 14th Year

PHILADELPHIA, Sept. 27 (AP)—Immigration into the United States for the 14th consecutive year has fallen below the 100,000 mark and is "substantially less" than the annual quota permitted by law, Attorney General Francis Biddle announced yesterday.

Wives, husbands and children of American citizens, admitted for permanent residence, totaled 1539 of which 391 came from Australia and New Zealand—"most of them probably wives of citizens in the armed forces," the statement said.

Nervous, Restless

On "CERTAIN DAYS" of the Month?
If functional periodic disturbances make you feel nervous, tired, restless, "dragged out"—at such times—try famous Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It helps nature! Pinkham's Compound is also a grand stomachic tonic. Follow label directions. Worth trying!

RAIL YARDS HIT BY U. S. BOMBERS

LONDON, Sept. 27 (AP)—More than 1100 American heavy bombers attacked railroad yards and industrial plants today at Kassel, Ludwigshafen, Cologne and Mainz, all in western Germany.

The big U. S. bombers struck out in the third straight day of heavy attacks on German communications and war plants behind the western front.

The bombers were escorted by approximately 700 American fighters.

Among targets attacked were a tank factory at Kassel, the railroad yards and the Oppau synthetic oil and chemical plant at Ludwigshafen, the railroad yards at Cologne and the rail

VEGETABLE ORNAMENTS

Carrot leaves once were believed to be so decorative that English ladies of Queen Elizabeth's time wore them in their hair in place of feathers.

ELKS BIRTHDAY DINNER

Thursday -- 7:30 P. M.
August and September Birthday
Elks are guests.
BE THERE FOR THE DINNER!

A Statement By DOROTHEA BUCK

Citizens of Klamath!
Do You Know What Is Happening to Our County?
Since 1942 SIX SAWMILLS have gone out of existence.

- 1600 jobs have been lost.
- 6400 people have had their livelihood wiped out.
- 5,000,000 dollars of payroll has been lost to Klamath business men.
- 20,000 cars of forest products have been lost to railroads.

Additional Mills Face Similar Shutdowns With the Loss of Even More Jobs

This is the employment to which our boys and girls, now at war, are expecting to return. THEY WERE PROMISED THEIR OLD JOBS BACK.

What are you doing to keep this promise to your sons and daughters? We knew this was coming. As far back as 1941 the Regional Forester predicted it.

Our civic leaders protested, "The public wants timber operations unhampered by too much regulation and believes operators should be left free in order to maintain current operation and consequent payroll."

DURING ALL THIS TIME YOUR COUNTY COMMISSION HAS SAT IDLY BY AND DONE NOTHING! WHILE TALKING OF NEW INDUSTRIES, OLD ESTABLISHED ONES HAVE BEEN FORCED OUT.

This Is Not Necessary

There is still 16 billion feet of saw timber in Klamath County.

Elect me County Commissioner and I will use all my efforts to remedy this loss to Klamath County and protect the jobs of our boys.

DOROTHEA BUCK
Democratic Candidate For County Commissioner
Pd. Adv. by Dorothea Buck

Have a "Coke" = Otlichno! (SWELL!)

... a way to rate with a Russian sailor
In west coast ports, newly-arrived Russian sailors encounter a familiar American greeting. It's the hearty "Have a 'Coke' of a Yankee tar..." and the Russian smiles as he replies, "Otlichno!" In many lands around the globe, Coca-Cola is spreading the custom of the pause that refreshes,—has become the happy introduction between friendly-minded folks, just as it is when served in your home.
