every American life lost—said Peleliu's invaders have "brought the entire island under our control with the exception of Um-orbrogl mountain (Bloody Nose ridge) and a small pocket at the northeastern tip."

He spoke of "rapid progress" Tuesday: To the south of Peleliu on conquered Anguar Japanese remnants timed an infiltration effort Monday night with the aid of two Japanese planes but both failed dismally, headquarters said.

Round Trip Strating
MacArthur's communique disclosed a sensational roundtrip flight of more than 3000 miles by long range planes which carried the war to the Japanese at Batavia, capital of the Nipponese army-controlled administration for Java and Sumatra.

The raiders, catching the enemy by surprise, swooped low to strafe Japanese-occupied buildings.

Other planes added to Japan's shipping woes, sinking two small freighter-transports and a 3000-ton vessel loaded with gasoline in the vicinity of often-bombed Dutch Celebes.

which also decided to write a similar communication to the Oregon state liquor commission. C. M. Gilmore of the Gilmore sign service appeared in the council chambers Wednesday night to request that the council look into the matter of licensing sign businesses. Gilmore said that most other cities had provisions for the licensing of this kind of business. The matter was referred to the judiciary committee for further study.

Loading Zone Granted
A request by the farm labor employment office at 116 South Sixth street for a half block loading zone in front of their office from the hours of 7 to 10 a. m. each morning during the harvest season, was granted.

Police Judge Harold Francy reported that he had received requests from the military service asking for more room in the city hall for housing of their military police, as present quarters are inadequate. Francy asked the council's opinion of a plan to build a new garage in back of the city jail so that the present basement garage could be remodeled to house the MP's. The matter was referred to the judiciary committee for further study with Francy and the committee was authorized to accept estimates as to what the building of a new garage would cost.

Reflecting sharply the continuing need for petroleum products the Petroleum administration for war has authorized production of crude oil at the rate of 5,051,000 barrels daily, the highest ever certified to the oil states.

MARINES SCHEDULE DANCE AT BARRACKS

The fourth in a series of enlisted men's dances will be held in the Marine Barracks gymnasium Friday night at 8 p. m. Music will be furnished by the post orchestra, directed by T/Sgt. Jack Zamzow, and a jitterbug contest will be held.

A large number of Klamath Falls girls, selected by civic groups, have been invited to attend, and buses will be run regularly to the barracks.

Marines bringing guests must obtain written invitations for them from First Sgt. R. M. Buckley, dance committee chairman. Refreshments will be served at the gym, and guests will be required to leave the post immediately after the dance closes at midnight.

City Mail Carriers Needed by PO Here

City mail carriers are needed at the U. S. postoffice, it was announced today by Eugen Liljenquist, head of the civil service office here. Women as well as men will be considered for employment. Application may be made with Liljenquist at the U. S. employment office. Plumbers, carpenters, electricians, mechanics and stationary firemen for work at the navy and marine bases here are also needed, Liljenquist stated.

Nearly one-half the rose bushes in the United States are supplied by east Texas growers. First hat factory in the United States was established at Danbury, Conn., in 1780.

HAVING set our hand to the European plow, we know that we must go through with the plowing job, and we INTEND TO.

But the time is here when we are entitled to KNOW that our associates in the European war are going to be willing and READY to do their full part in OUR war when the time comes. Churchill again, in his speech to the commons today, gives assurances that Britain is going to do her part.

So far, we have heard NOTHING FROM RUSSIA on that point. We're naturally becoming curious.

October Tire Quota To Remain Same

WASHINGTON, Sept. 28 (AP)—A total of 1,600,000 passenger tires has been made available for rationing in October by the office of price administration. This is the same number provided this month.

The quota of heavy truck and bus tires is up 3000 to a total of 105,000, while 280,000 smaller sized tires for these vehicles have been allocated. The latter quota is the same as in September.

Spud Shipments Top 1943 Movement

Potato carlots shipped to date exceed the shipment last year at this time by 394 loads. Due to increased production, the number of carlots will continue to mount, and the total amount of potatoes moved out by the end of the season will be much larger than last year's shipment, according to the State-Federal inspector's office.
