

DEMOS SLATE RALLY, DINNER AT WILLARD

A rally and dinner for Klamath county democrats is to be held at the Willard hotel at 6:30 p. m. next Thursday, October 5. Here to speak to the group will be Edgar Smith, democratic candidate for senator.

At the rally a special radio message from President Roosevelt in connection with the duty of each American citizen to register and vote will be heard. On that evening there will also be an address by Willis Mahoney, democratic candidate for senator to complete the unexpired term of the late Senator Charles McNary.

Anyone interested in attending the rally and dinner should make reservations by not later than Tuesday, October 3. These can be made by calling Esther Shepherd at 7133 or Mrs. Dora Goddard at 4249.

Standing committees, recently appointed by E. P. Ivory, chairman of the democratic central committee of Klamath county, and who will have charge of planning of the October 5 event are as follows: Arrangements, Frank Sexton, A. F. Conroy, Harry Boivin, G. C. Tatum, Brady Narey, Otto Smith, Floyd Waters. Political events, A. A. Montgomery, R. W. Woodruff, M. G. King, Dale Howell, Louis Craver, Walter West, B. Z. Smith. Registrations, Joe Mahoney, Hal Geiger and Henry Schortgen. Entertainment, Helen Burger, Ruth Nelson, Agnes LaLonde, Esther Shepherd, Mae K. Short and Dorothea Buck.

SHORTER BUTTER RATIONS DECREED

(Continued from Page One) the smallest manufacturing week in 20 years in butter history here.

Quota Cut
The local quota is now 50 per cent of what retailers bought in May and June of 1944 and the forecast for plentiful butter is dim. Dairy animals, manufacturers said, are being sent to slaughter pens because of high feed prices, and those pastures not drying up will soon be frozen in many sections.

Despite the lack of butter, housewives continued to scramble for the bread spread before they had to part with the 20 precious red points come Sunday.

Speed-Up Ordered In Yank Plan For Harmless Germany

(Continued from Page One) many to prevent its making future wars.

Hull and the state department, which had exercised unquestioned direction of long-range German planning until Morgenthau won attention for his plan, have tentatively outlined on restoration of Germany's industrial economy under ruthless allied controls. Under the president's order today this policy now apparently is to prevail.

Studies Made
Point seven of the president's letter to Crowley said:

"You have been making studies from the economic standpoint of what should be done after the surrender of Germany to control its power and capacity to make war in the future. This work must be accelerated, and under the guidance of the department of state you should furnish assistance in work and when requested to do so personnel by making available specialists to work with the military authorities, the foreign service, and such other American agencies and officials as participate with the United Nations in seeing to it that Germany does not become a menace again to succeeding generations."

Covers Readjustment
Other than on this point, Mr. Roosevelt's order to Crowley covered what FEA should do in readjusting its long-standing operations to the defeat of Germany.

"Lend-lease should continue to be furnished in whatever amounts are necessary for the most effective prosecution of the war," he said, making clear that this meant the flow of lend-lease aid should be continued as needed to defeat Japan as well as Germany.

OBITUARY

WILLIAM HENRY CODY
William Henry Cody, for the last 20 years a resident of Klamath Falls, Oregon, passed away in this city on Thursday, September 28, 1944 at 12:45 p. m. following an illness of four days. He was a native of Wisconsin, and at the time of his death was aged 87 years 8 months and 29 days. Surviving are his wife, Emma C. Cody of Shippington and one niece. The remains rest in the Earl Whitlock Funeral home, Fine at Sixth. Notice of funeral to be announced in this issue of the paper.

EDITORIALS ON NEWS

(Continued From Page One)

That all isn't sweetness and light between the Chinese central (Chiang Kai-Shek) government at Chungking and the Chinese communists to the north. Jap successes in south China are making the Chinese communists restless.

THE weakness of China is becoming more and more evident, and because it has been concealed from us in the past the more detailed news that is now beginning to leak through the censorship dampens our spirits.

WE have a new ruckus on the home political front. FDR's speech to the Teamsters union last Saturday night in which he went all out for the labor vote WASNT broadcast to the service men abroad. Jumped about it by the Republicans, the Democratic national committee explains that the war department's shortwave broadcasting facilities were not sufficient to handle it.

BECAUSE of the nature of it, the speech WOULDNT have made a hit with the service men. Republicans, at least, are quite sure that if FDR had been bidding for service votes instead of making a speech that was almost sure to be unpopular among the service men, the Democratic national committee would have found a way to get the speech handled by shortwave radio. (Which is probably true.)

IT appears that Dewey wrote this Oklahoma City speech HIMSELF—at all one night to do it. Reports are coming in to his headquarters that the reaction to it has been extremely good.

That isn't surprising. EVERYBODY likes a speech that is WRITTEN BY THE SPEAKER far better than one put together by a bunch of paid ghost writers and merely READ by the speaker.

If Dewey will hereafter write ALL his speeches HIMSELF, thus giving us the comforting feeling that what he says is his own thought and CONVICTION, instead of merely a hashing up by somebody else of the things that are expedient to SAY, he will set a badly needed precedent of SINCERITY in political oratory.

Favorite food of the ancient Indians of Peru was popcorn which was popped in a specially shaped earthenware implement.

There are normally about 450 tanks included in a German armored division.

TWO YOUTHS ADMIT PETTY THEFTS HERE

Investigation of two local boys, 14 and 15 years of age, who have admitted a series of petty thefts carried out over the past week, is being conducted by juvenile authorities.

The 15-year-old was picked up by city police Friday morning about 4 a. m. when he was found hiding among a pile of tires at a service station. The youth later admitted taking two coke bottles from the service station vending machine.

After questioning by city police, the boy was turned over to juvenile officers who today picked up a companion of the 15-year-old. The two boys confessed to taking from unlocked cars, yards and a parked trailer, two pairs of roller skates, a flashlight, pliers, binoculars and several pieces of costume jewelry. They also admitted stealing carrots and parsnips from a local Victory garden. Practically all these articles have been recovered.

Juvenile Officer Harold Hendrickson stated Friday that motorists should make a special effort to lock their cars when they leave them parked.

Allies Beat Back German Counterblows

(Continued from Page One)

to the Maas (Meuse) in Holland along a 20-mile front from two to three miles from the German border in a bulging movement south of Kleve, and beat off three counterattacks from the Reichswald, the forest concentration center just below that Siegfried anchor.

Along the channel Canadians overran the last of the big German cross-channel guns which had boomed at Britain from Cap Guisnez for four years, and attacked anew at Calais after a 10-hour over night lull in which the German commander asked for an armistice to receive surrender terms. He was told that only his unconditional surrender would be received, and the battle was resumed.

Midland Rancher Shoots Antelope On First Hunt

A. H. Patterson, Midland rancher, went on his first antelope hunting trip and came home with his first antelope, he told friends this week. On the opening day, Patterson and H. E. Hauger trekked into the Guana lake country in Lake county.

YANKS CAPTURE MOUNT BATALIA

ROME, Sept. 29 (AP)—Battling northeastward through mud and rain, American troops of the fifth army have captured Mount Batalia, 11 miles from Imola, important Po valley city on the Bologna-Rimini highway, allied headquarters announced today. The doughboys also seized three key heights commanding the direct route north to Bologna.

Britons Gain
In the Adriatic sector British eighth army forces made gains in the southeastern edges of the Po valley. The enemy has dug in along strong defense lines that parallel the Fiumicino river, the first major water barrier encountered since the breakthrough into level country, and is fighting savagely.

The adverse weather which precluded air support slowed the American attacks toward Bologna, but the doughboys knocked the Germans off additional heights on both sides of highway 65, all roughly 20 miles south of the historic city.

New Atmosphere of Gloom Fills China

had occupied both Patching and Bologna, but the doughboys

These other events emerge as significant from a strictly military viewpoint: Maj. Gen. Claire L. Chennault has lost several major and minor airbases, from which he was able to harass Japanese forces in China and damage shipping along the coast, as well as easy access to other air fields.

The loss of his three remaining forward bases at Kweilin, Tanchuk and Liuchow is possible within a short period.

\$2500 BAIL POSTED FOR MANSON YOUNG

Joseph C. O'Neill, attorney for Manson James Young, charged with negligent homicide in the death Wednesday of William H. McPherrin, posted \$2500 bail in justice court early Friday afternoon for his client.

Bail was set Friday morning by Justice of the Peace J. A. Mahoney. Young is confined to his home at 205 Lewis under the care of a physician and was unable to appear in court. McPherrin suffered fatal injuries Wednesday morning when Young's car struck him as he stood at the rear of another machine. Also injured in the accident was George Hixon, reported improved at Hillside.

(Continued from Page One)

to cross Yugoslav territory and strike the Hungarians and Germans from the south.

The Russian war bulletin disclosed that soviet troops had fought their way into Lupkow pass leading from Poland into Czechoslovakia, taking Gydran, a Czechoslovak rail station nearly three miles inside the frontier.

Common Front
The advance down the southern slopes of the east Beskid range along the railway leading to the Hungarian plain has almost achieved a common front between the fourth Ukrainian army and the Slovak patriots.

A Czechoslovak government delegation, headed by Frantisek Nemeec, is waiting near the Polish-Czechoslovak frontier to enter Czechoslovak territory as soon as a substantial border area is cleared of the enemy.

Service Men and Women Home on Leave

Pvt. Glen G. Foster from Camp Van Duren, Miss. Here until October 7.

COMMISSIONING OF BARRACKS SLATED

(Continued from Page One)

racks construction began late last year, after it was decided by the marine corps and the navy medical department to establish a training and recuperation center at a high-altitude location near a fair-sized city for marines who contracted malaria and filariasis in the Pacific combat areas. The senior medical officer is Dr. Lowell T. Coggeshall, on leave from the University of Michigan, a widely-known authority on tropical diseases.

Saturday's welcome to the public, Colonel Dubel explained, is in the nature of an "open house" so that visitors may get a look at the barracks' physical layout and see the troops in review.

In Hospital—Mrs. Henry N. Moe, who became ill suddenly at Gold Beach two weeks ago, was returned to Klamath Falls by ambulance Thursday night and is now a patient at Hillside hospital. H. N. Moe returned here with his wife and reported her showing improvement.
