

### CITY BRIEFS

**Leave for School**—Mary Ann, daughter of Mr. and Mrs. J. L. Lion, Pacific Terrace, and Mrs. Keating, daughter of Mr. and Mrs. Jack Keating, will leave for school on Monday, October 9, for the University of California at Berkeley.

**Junior Hostesses**—Marine Barracks and navy base dances will be held on Thursdays from now on to avoid conflict with Friday night dances. The next dance is on Thursday, October 12, at the Marine Barracks.

**Leaves**—Mollette Reames Jensen, who has been a house-

guest this summer and fall at the home of Mr. and Mrs. Leslie Rogers, has left for San Francisco, where she will spend the winter.

**Recovered**—Mary Hutchins of LaPointe's will return to work Monday after an illness of two weeks.

### TO CONFER DEGREE

ALBUQUERQUE, N. M., Oct. 7 (AP)—New Mexico university announces it will confer the degree of Doctor of Letters on Ernie Pyle, nationally known newspaper columnist, at commencement exercises, October 27.

Pyle, whose home is here, recently returned from the European war front.

#### News Notes and Comment

By JUANITA SHINN

Much has been said in the paper recently about a teen-age club. Various members of the student body have written in to the editor, and many comments have been voiced.

The students have wanted a teen-age club for the past year and a half. A committee was formed to investigate the possibilities last year, and after a year's search was never able to

find a suitable location, or to arouse the interest of the community.

If the townspeople can become so interested in its teen-agers that they can make the remarks they have, then they should be interested enough to lend us their support in gaining a suitable place for a "hang-out," so we will not be "delinquent."

Without the interest of the adults in Klamath Falls, and their willingness to back the students, no progress can be made. The students are prepared to make an all-out effort to gain the club they have so long sought. Is the community backing them?

Metallurgical advances in valve steels are such that in automobile engines of moderate output it may be possible to use more economical plain valves.

risons left in the Dodecanese and other islands.")

**Island Bombarded**

British ships bombarded the Greek island of Levitha on October 5 and then landing parties captured the eastern half of the island. The German commander on the island surrendered at dusk after a further bombardment.

Levitha is a small island 43 miles west of the Turkish coast and approximately the same distance south and slightly west of the island of Samos, capture of which was announced in a communique issued by Greek headquarters in Cairo yesterday.

big bombers raining down explosives.

Hodges' drive farther north seized 300 prisoners in the first two hours. The German collapse was unexpected. Associated Press Correspondent Don Whitehead said, for only yesterday the defenses were stubborn and appeared to be holding firm under heavy artillery support and continual strafing of American positions by German planes last night.

"This is definitely a breakthrough and not a withdrawal," by the Germans," an American army staff officer declared. "There still are defenses ahead of us, but we have driven through the main line of resistance in this sector."

The gap in the Siegfried defenses now is about six miles wide and six miles deep. Advance elements were meeting only light opposition.

### HOUSING RULES TO EASE

PORTLAND, Oct. 7 (AP)—Restrictions on private housing construction will be eased soon by the war production board (WPB), a regional housing agency official said today.

George W. Copen predicted the WPB would allocate enough material to permit building of 200,000 new housing units throughout the nation.

"Restrictions on plumbing, heating and electrical equipment will be relaxed considerably," Copen said.

### Four Jap Ships Blasted From Sea

ALLIED HEADQUARTERS, NEW GUINEA, Oct. 7 (AP)—Flying far-ranging bombers, army airmen whittled four more ships from the Japanese fleets in East Indies raids, today's communique from Gen. Douglas MacArthur reported.

October's shipping toll thus was enlarged to 23 ocean-going vessels sunk or damaged by planes, a good start toward bettering last month's bag of 210 surface craft sunk or damaged. (These figures are for the flying forces only and do not include Japanese ships destroyed by the U. S. navy.)

### Limits on Mail Privilege Eyed

WASHINGTON, Oct. 7 (AP)—Chairman Anderson (D-N. M.) of the house campaign expenditures investigating committee indicated today that congress might be asked to put what he termed "reasonable limits" on its free mailing privileges.

This was the latest in a series of fast-breaking developments following a report filed by Anderson with his committee that 13 republicans had mailed 3,116,000 copies of one political speech at government expense.

### RED TROOPS SWARM THROUGH HUNGARY

(Continued from Page One)

"And light cossack units are in their rear."

**Towns Seized**

Already more than 100 communities of the last big Nazi puppet nation had been seized, the latest communique announced.

Already 13 miles inside Hungary the red army has seized three important railways and highways leading into Budapest. Driving swiftly across farmlands offering little natural defense the red army troops captured Mako, within 15 miles of Szeged, Hungary's second city, and drove toward Orshaza and Bekes, 90 miles to the east, the war bulletin said.

### CIGAR STORE ROBBERY

PORTLAND, Oct. 7 (AP)—Three masked and armed men held up the manager and five patrons in a cigar store here today and escaped with \$1800.

Two of the men held pistols on the manager and the patrons while the third took the money from behind the counter.
