

TWELVE POINT PLATFORM SET BY OSTENDORF

Ed Ostendorf, candidate for mayor at the November 7 election.

Ed Ostendorf, candidate for mayor in the November election, today issued his campaign statement, emphasizing the importance of maintaining and developing payrolls in the Klamath area.

He offered a 12-point platform. Here is his statement:

I became a candidate for mayor of Klamath Falls upon the insistence of my many friends, as they pointed out to me that Klamath Falls and its people have been very good to me, that I did owe to the city my business experience and knowledge that I have gained during my 15 years in business in Klamath Falls as head of the Ostendorf Motor company, Dodge and Plymouth dealer.

1. Knowing the city and taking part in its civic and fraternal organizations for all these years, that I should give my time to the city as its mayor as I have been out of business for two years and on the semi-retired list. I could give to the city my full time. I am in a position to help Klamath Falls build and maintain her present payrolls and bring additional payrolls to replace the loss that we are going to have in the loss of some of our present industrial plants.

It is important that the utilization of mill waste offer opportunities in Klamath Falls. The Western Pine association, Oregon Forest Laboratory, and Weyerhaeuser Timber company are engaged in extensive research on utilization of wood waste. We must cooperate with these concerns and organizations to help work out a solution to keep our payrolls in Klamath Falls.

Klamath Falls has always been very proud of its buying power. The level of per capita income in Klamath Falls and county was the highest in the state. Let's keep it up there.

2. Labor is interested in keeping and maintaining the payrolls in Klamath Falls and county and I am sure we can depend on the support of labor in this respect. Labor is entitled to a say in city government, and I shall appoint a labor representative to several city committees.

3. Agriculture and dairying will no doubt produce more buying power and payrolls. I believe in close cooperation between the city and the surrounding trade territory.

4. Klamath Falls occupies an unusual position with respect to transportation, both rail and highways. Klamath Falls is nearly half way between San Francisco and Portland on the closest route. We have exceptional good rail transportation to the north and south, so that our markets in both directions are easy to reach. Klamath Falls must take advantage of these easy and quick markets.

5. The citizens of Klamath Falls should do all they can to support our wildlife sportsman's associations to help bring to our city the hunters and tourists that will travel our highways.

We should all work together to make Klamath Falls the mecca for hunters and tourists, as we all know that Klamath county has everything for the hunter and tourist. This tourist and hunter dollar is going to be a very large dollar and we should be in a position to get our share of this travel.

6. I pledge support of the city of Klamath Falls with all county and state officials and will cooperate with full support to the county and district court.

7. Of course, every city must have an efficient police and law enforcement body, and I assure you that we will have a police department that will cooperate with county and state and will show our citizens every respect. Our law enforcement body will be one that the citizens will be proud of. I will see to that.

8. We must improve our parks and playgrounds within the city and especially in Mills addition.

9. Klamath Falls is a \$9,000,000 concern and her finances are in very good position at this time and if I am elected mayor, we will keep Klamath Falls on the pay-as-we-go basis.

10. I think that our business men should be more civic-minded in making Main street more presentable to the women that have to use this street in shopping.

11. Klamath Falls already has one of the big military air bases in the northwest, and it is up to the city officials to follow through, and see that Klamath Falls gets full recognition as to the possibilities here as an air base of importance in civilian aviation.

12. I will endeavor at all times to have an open door to hear any and all complaints of our citizens.

My slogan: Maintain and Develop Industrial Payrolls.

A Business Man for a Business Administration.

If I am elected to the office of mayor of Klamath Falls, I pledge my support to all the points above mentioned.

ED OSTENDORF.

Our Home Town

The Veterinary

By EARL WHITLOCK

When you are considering the great production records which our farmers have made during these war years—beef, hogs, sheep, poultry, there is one man to whom a great deal of the credit must go. The man who keeps the farm animals in good condition so that they may multiply as they are supposed to do. The Veterinary Surgeon.

In many ways I think the "vet" has a more difficult job of diagnosis than the "Doc" whose practice is confined to us human members of the animal kingdom. For his patients cannot describe their symptoms, to aid in his analysis. Dumbly they must suffer and he, through his kindness and his love for his fellow creatures and his knowledge diagnoses their ills, prescribes treatment and in an amazing number of cases, snaps them out of whatever it is that is the matter with them.

This little tribute is due to a talk I had recently with a farmer friend who made me realize what a whole of a contribution the "vet" has made to the welfare of the farmer and, through him, to the economic might of America.

Next Monday Mr. Whitlock will comment on WATCH YOUR BEHAVIOR.

Gifts Swell Community Drive Funds

The Klamath county combined community fund is now up to \$46,112 and includes the following contributions:

Eve Benson \$10, Mr. and Mrs. John C. Cleghorn \$25, Jerry Rajnus \$25, George H. Burton \$25, O'Connor Brothers \$100, Dorothea Beckwith \$10, Olga Lau \$10, William W. Patterson \$10, W. L. Bruce \$10, Dr. G. A. Massey \$50, Sprague River school \$30, Dan M. Smith \$20, Gerald D. West \$20, Harry E. Wilson \$10, Earl Wilson \$10, Malin high school and grade school \$67.40, Mrs. Marian Stastny \$15, Mark Evans \$25, Mrs. C. C. Coulson \$10, Jerry Micka \$10, Helping Hand Society \$10, Stanley Johnson \$25.

Mr. and Mrs. Ben Henzel \$100, Mr. and Mrs. Anton Suty \$25, Elizabeth Rajnus \$10, Robert Farmer \$10, Laddie Rajnus \$100, John R. Ratliff \$50, George E. Smith and son \$20, A. Kalina \$25, Emil Toffel \$10, Mr. and Mrs. Clifford Jenkins \$10, Rudolph Sostak \$10, George Brothneck \$10, W. C. Dalton \$20, Mrs. Ben Loosley \$25, B. H. Pickett \$10, Juanita Fabianak \$10, Joe Malousck \$10, Tulana Farms \$500, Mr. and Mrs. Dick Henzel \$100, Elmont Kenyon \$10, Ernest Foster \$10, Mr. and Mrs. Phil Brinker \$10, Lucca Cafe \$20, Mary Warren Wells \$10, J. E. Eichendorf \$50, Clifford Yaden \$10, Joe Fales \$15, Economy Mattress company \$10, E. G. Murphy \$10.

Scuttlebutt Concerning Rent Control Debunked

(Editor's Note: This is the final article in a series explaining the operation of OPA rent control. Any questions regarding the control program here can be answered by the war price and ration board, phone 8161.)

By MILO RYAN, Rent Information Specialist

There's a lot of what a salty sailor calls "scuttlebutt" on the subject of office of price administration rent control.

If you were to put out to end the erroneous ideas of what rent control is and is not, does and does not, can and cannot, you'd have a line reaching from today to the hour OPA breathes its last.

This series of articles would not be complete without beating down some of the false notions that are bound to float around here in Klamath Falls as the rent program moves ahead.

One of the commonest is the idea that if the tenant is perfectly willing to pay more than the rent ceiling allows the OPA has nothing to say about it. Wrong. No tenant, the law says, can waive the provisions of the rent program.

Not Exclusive

Another is the idea that OPA says certain dwellings must be rented only to defense people or to service people, or that with certain types of improvement or alterations a landlord has to rent only to such tenants.

OPA has nothing to say about who any landlord's tenants must be, except, of course, that without good reason to the contrary it has to continue to be the present tenant.

Then there's the one about terms of occupancy of hotel rooms. Sometimes hotel managers post a sign stating that occupancy is limited to five or six days. Pressed for an explanation, a guest may be told this is so because the OPA requires it. OPA says nothing about how

MEN AND WOMEN IN SERVICE

Pvt. Leon Brogdon of Klamath Falls, who is stationed at Boca Raton army air field in Florida, a technical school of the AAF training command, has been promoted to the grade of corporal. He is the son of Mrs. Helen Amy Kerr, Pelican City.

SOMEWHERE IN THE PACIFIC (Delayed)—Following the successful completion of the Saipan and Tinian campaigns, Marine Sergeant Delbert L. Denton of Fort Klamath, was promoted to his present rank here.

Sergeant Denton is serving with a motor transport unit of the second marine division.

Pvt. Charles M. Allbritton, who is home on furlough, has just completed his basic training in the engineers at Ft. Lewis, Wash. After his return to Ft. Lewis he will enter NCO training school.

Before entering the service he was employed by Pelican Bay Lumber company for two years. Pvt. Allbritton has a wife and son, Charles Bert, 15 months old, who live at 813 Walnut.

Sgt. James P. Wright has been transferred from Camp Phillips, Kansas, to Fort Benning, Georgia. Mrs. Wright and 15-month-old daughter Christine, returned this month from Kansas after spending four months with Sgt. Wright. Wright was employed by the Weyerhaeuser Timber

company before his entry into the service in April, 1943, and has been in the tank battalion since that time.

TULELAKE—Technician 5th grade Cooper Brown who has served in a medical corps unit with the U. S. Army in the South Pacific for the last 34 months has arrived to spend a 21-day leave with his parents, Mr. and Mrs. Jess Brown. The young man was in the service prior to Pearl Harbor and has been through many of the major engagements in the Pacific area. He reports back to Santa Barbara at the end of his leave period for re-assignment.

Arriving at the Brown home also is Don Calkins, son-in-law of Mr. and Mrs. Brown, who is in training in the army air corps at Ardmore, Oklahoma. Calkins will reach here next Sunday to spend his furlough with his wife, the former Iris Brown, who is now teaching in the Tulelake elementary school.

A number of affairs are planned for the guests during the time they will be here.

A coal cargo has been made the historic American ship Southern, which was formerly based at Portsmouth, N.H.

"HERE'S BAD MEDICINE FOR A MESSERSCHMITT"

• Back from a mission, fighters compare battle notes . . . many shucking their heavy flying clothes to relax in their underwear. Because underwear has become practically a fatigue uniform, Army specifications insist that it be comfortable and durable.

• You get real comfort when you're properly fitted in underwear bearing the familiar Hanes name. During the past 43 years, Hanes has made a specialty of knitting fine underwear at moderate prices. From long experience, each garment is tailored to accurate sizes and gives the comfort and value that men appreciate.

• When you ask for Hanes, you join the millions of men who've found these garments give full satisfaction. If sometimes your dealer's stock is low, he should have more soon. Our production is helping to clothe the men in our Armed Forces and those at home. . . . P. H. Hanes Knitting Co., Winston-Salem, N. C.
