PIN-WORMS GO! New Treatment Gets Real Results

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this situation can be, and how hard it is to eliminate the ugly crawling creatures once they get a foothold inside the body. Millions of people—rich and poor, children and grown-ups—have suffered in silence with the misery of Pin-Worms, and doctors have tried for years to find a way to deal with this pest. Old-fashioned worm "syrups" usually don't work on Pin-Worms.

Today, thanks to an important scientific discovery (a remarkable drug known as gentian violet), a new and highly effective treatment has been hailed by doctors. This drug is the vital element in P-W, the new Pin-Worm tablets developed by the laboratories of Dr. D. Jazbe & Son, America's leading specialists in worm medicines. P-W makes it easy to deal with Pin-Worms. The small, convenient P-W tablets act in a special way to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P-W, and be sure to follow the directions. P-W means Pin-Worm relief!
