Willkie hated the new deal and its ways, and since his defeat four years ago had tended more

and more to become spokesman for what might be called at best, the New York literati, with extreme views on internationalism. That group

now has lost its most respected, if not its only powerful, political proponent.

The administration itself is vecring toward

practicalism, a trend which will be maintained as long as State Secretary Hull is an influence.

The only other deflection from the Dewey lead-ership among the republicans has been Min-nesota's Senator Ball, whose associates, the

I think we have a grand school, and fline boys and girls—they have always shown me every courtesy. I at with these students every day, while studying sheet metal, in the little lunch room near the school, there was often only standing room, and their food passed back through several hands to reach those further in back. Yet one of the boys fortung at e enough to have a stool all, ways offered me his seat. They were joily and full of tun. I was proud of all of them. Some are
