Have a Coca-Cola = The family welcomes you

... or greeting new and old friends

Unexpected visitors can be expected in wartime. Sons bring home their wives. Soldiers on furlough drop in without notice. New neighbors come to call. With wartime shortages, a simple but hearty welcome is best. It's what you share in friendliness, not what you have, that counts. There's no more friendly greeting than Have a "Coke". And you can play host on a moment's notice when you have Coca-Cola on hand in your refrigerator. Have a "Coke" says Welcome ... makes new and old friends feel at home with you and yours.
