

### AP ASKS REVERSAL OF COURT RULING

WASHINGTON, Oct. 23 (AP)—"News-gathering agencies are not public utilities and should not be made such by judicial action," The Associated Press said today in a brief asking the United States supreme court to reverse a lower court ruling that the AP must change its membership by-laws.

The brief, submitted in an appeal from a summary decision by a special federal three-judge court of the southern district of New York, concludes that "so grave a step as transferring the press from the field of private

enterprise to the status of a regulated public utility is the last thing that should be done at all so long as any possible alternative exists."

The appeal is the latest development in the government's civil suit, under the Sherman anti-trust act, to force The Associated Press, a cooperative, non-profit organization, to change its membership structure and make its news reports available to any applicant. Named as defendants in the suit, in addition to the AP, were its 18 directors and the approximately 1200 other members in the United States as a group.

The government has until November 6 to file its brief and the AP's reply brief is to be filed the week of November 13, the week when the supreme court is to hear the case. The district court's 2 to 1 decision was handed down, October 6, 1943.

WASHINGTON, Oct. 23 (AP)—The \$15,465.26 spent by Cameron Sherwood, Walla Walla republican, in his unsuccessful bid for his party's senatorial nomination, was the top personal expenditure reported by northwest senate aspirants in the primary campaign, the senate campaign expenditures committee disclosed Saturday.

also successful in his republican bid, listed \$932.73 with \$23,388.50 spent by his campaign committee, while Sen. Rufus C. Holman, also a republican, listed \$1085.55 with \$13,021 spent by his campaign committee.
