

COPPER REVIEW PLANNED BY CLUB

The Klamath Mineral club will meet Thursday evening, October 26, at 8 o'clock in the chamber of commerce rooms, 323 Main, to review the subject of copper. A three-reel motion picture, "Copper Mining in Arizona," loaned to the club by the United States bureau of mines, will be viewed. In addition to the picture there will be an exhibit of many of the common and rare copper minerals.

The Klamath Mineral club is interested in stimulating interest amongst the people of the

Klamath basin in the study of geology, minerals, and the associated art of cutting and polishing semi-precious gem material. Meetings of the club are open to the public and an invitation is extended to everyone interested in these subjects, especially to members of the armed services.

PIN-UP DESIRED BY COASTGUARDSMAN

Hollywood isn't the only town that gets requests for pin up pictures of its glamor girls.

The Herald and News this week received a letter from D. D. Sacher, RDM 2/c, and E. G. Ketley, RM 2/c, requesting, with the contestant's cooperation, a pin up picture of one of the girls entered in the Miss Klamath contest held here in August.

The service men, who are on a coast guard cutter somewhere in the "New Guinea area," wrote in part as follows: "In one of your early issues

of the August Herald and News, you published a picture of the contestants in the 'Miss Klamath' contest. The fact is, we misplaced that particular issue, and would appreciate your cooperation in sending to us the name of the girl whose picture appeared second from the left in the top row. We would more than appreciate a pin up picture of her."

In looking back through the files for August, it has been determined that the pin up girl
