

# 600 THOUSAND ELIGIBLE TO VOTE IN STATE

SALEM, Oct. 30 (AP)—A total of 602,013 persons will be eligible to vote in the November general election, including 302,805 republicans and 284,816 democrats, the state department announced today in disclosing official registration figures.

The total registration is 11,415 less than the record total of 613,428 in the 1940 presidential election. Since then, the democrats have lost 14,707, while the republicans have lost only 2469.

The totals, however, do not include some members of the armed forces, as several county clerks did not include the soldiers' ballot applications in their figure. A total of 41,000 soldiers' ballots have been requested, plus 2500 federal war ballots which have been received.

Only nine counties had bigger registrations than in 1940. They are Clatsop, Columbia, Josephine, Lane, Linn, Multnomah, Umatilla and Washington.

Republicans made gains in Clatsop, Crook, Lane, Multnomah, Umatilla and Washington counties. Democrats gained in Clatsop, Columbia, Crook, Multnomah and Washington counties.

Registration for other parties includes: independents 2786, socialists 420, prohibitionists 482, and miscellaneous 10,704. The miscellaneous figure includes soldiers whose party is not known.

## Dykstra Accepts UC Provostship

MADISON, Wis., Oct. 30 (AP)—President C. A. Dykstra of the University of Wisconsin this morning announced his intention of submitting his resignation to the board of regents today to accept the provostship of the University of California at Los Angeles.

Dykstra, for the last seven years president of the University of Wisconsin, said he would comment on his resignation to the regents and that he would leave for California some time in February.

Dykstra was appointed yesterday on recommendation of Dr. Robert Gordon Sprout, U. C. president, to fill the vacancy created last year by the death of Dr. Earle R. Hedrick. University officials declined to state the salary offered for the position.

**CANTALOUPE DEVELOPED**  
MONMOUTH, Oct. 30 (AP)—A new hybrid cantaloupe, which averages three pounds from dry soil and six pounds from irrigated land, has been developed here after five years' work. The melon, grown by Aaron Pike, is a combination of spear and hearts of gold types, and has sweet, very thick, firm flesh.

## Halloween Caution Urged by Police

Tuesday, October 31, will be the traditional observance of Halloween and Klamath kids were urged to go at it with caution.

Chief Heuvel said that his department would not tolerate any large groups of older boys roaming during the night and that they would be picked up and turned over to juvenile authorities. Parents were asked to have small gatherings in homes to avoid the strain on those called upon for "trick or treat" in view of the candy shortage.

## Few Man Hours Lost In Northwest States

SEATTLE, Oct. 30 (AP)—Washington and Oregon industries chalked up a record of only 300,018 lost man hours because of strikes since January 1, 1944, Dr. George Bernard Noble, chairman of the 12th regional war labor board, said Saturday.

The board's figures covered approximately 800,000 workers in Washington and 504,400 in Oregon. They did not include workers in four industries which come under the jurisdiction of national commissions—logging and lumbering, shipbuilding, trucking and newspaper.

## Fresh Cranberry Price Ceilings Up

WASHINGTON, Oct. 30 (AP)—Fresh cranberry ceilings were increased an average of \$1 a barrel, effective Oct. 28 for the remainder of the 1944 season. The office of price administration said the increase would up the consumer price about one cent per pound.

The adjustment was brought about by the agricultural "disaster" clause of the stabilization extension act, inasmuch as the 1944 crop is expected to be about 44 per cent of normal.

## Customer Robs Sweet Home Tavern

SWEET HOME, Oct. 30 (AP)—An all-evening customer at Ray's tavern disappeared into the darkness early Sunday after robbing the proprietor, Floyd Gresham, of \$300.

The unidentified man drew a pistol, covering Gresham and two employees, then demanded the money. No one else was present in the west end tavern when the incident occurred.

## BRADLEY DIES

PORTLAND, Oct. 30 (AP)—Charles C. Bradley, Multnomah county commissioner and former member of the Oregon state legislature, died at his summer home near Brightwood yesterday, his 66th birthday. He was proprietor of a Portland hat store.

He has been away from home for three and one-half years and called his family by telephone from Oakland unexpectedly, to inform them of his safe arrival in

## Police Reiterate Shooting Warning

A second warning was issued by the police department within the city limits. A number of complaints have been received by police, especially from residents of the Fremont bridge area. Chief Earl Heuvel said the bridge is within the city limits and of late boys armed with guns have been hunting along the river.

## Perverved Humor Worries Parents

PORTLAND, Oct. 30 (AP)—Mr. and Mrs. Dayton Pierson were en route home to California today, half-relieved and half-infuriated at an anonymous person with a perverted sense of humor. The couple received a telegram announcing their son, Iverson, had been fatally injured by an electric saw. They rushed here to attend the funeral. Result: No such accident had occurred; the company where the son was supposed to be working does not exist; the person who signed the telegram does not exist; and the original copy of the telegram was written in a round, juvenile-appearing hand.

SALEM, Oct. 30 (AP)—The Oregon Christian Youth assembly will be held at the First Christian church here November 3-5, inclusive, under sponsorship of the Oregon Christian Youth council.

Herbert Minard, Berkeley, Calif., a representative of the United Christian Youth movement, will be the guest speaker. Charles A. Sprague, Salem president of the Oregon Council of Churches, will install new officers at the closing session.

## Dummy Convoy Fooled Germans

PORTLAND, Oct. 30 (AP)—The allied invasion of France was successful partly because a dummy convoy tricked the Germans into weakening their Normandy defenses by sending troops to another sector.

Maj. Peter Ashton of the British royal artillery said here today that the dummy convoy sailed from the English coast toward Calais, misleading the nazis into believing that was the area to be struck.

## No Council Meeting Planned for Tonight

Klamath residents interested in attending the usual Monday night council meetings are advised that this is the fifth Monday of the month and no regular session will be called.

Next meeting of the council, which will handle any affairs carried over from last week, is scheduled for Monday, November 6.

**Anti-Tank 'Demon' Speeds Nazi Rout**  
Army Observer, Back From France, Calls M-18 'Hottest Thing in Armored Warfare'

WASHINGTON, Sept. 24—Smashing performances in France have proved the effectiveness of the Army's new tank destroyer, the speedy M-18, the War Department indicated today.

"The M-18 is the hottest thing in today's armored warfare," said [redacted], Army automotive expert, who is home from front-line observations with the Third Army.

"It is the streamlined speed demon that put a streak of lightning into our drive across France into Germany," he said.

[redacted], who recently reported back to headquarters of the Army Ground Forces after a month in the Normandy battles, said that the 18 1/2-ton M-18 completely fulfilled expectations of armored experts.

Attached to a tank destroyer battalion, [redacted] observed close-up accounts of the M-18's impressive performance while witnessing action in Brest, St. Lo, Le Mans, Orleans and St. Malo.

The unit which the captain observed once covered sixty-five miles in three and a half hours in combat and in another drive it traveled 165 miles in a day and a half, part of the way under black-out conditions.

The vehicle's mechanical system permits complete installation of a new engine in one and three-quarters hours. The ten bogey wheels operate independently. Thus one broken wheel will not incapacitate the vehicle, which mounts a 76-mm. cannon. Dual controls permit a change in drivers on an instant's notice, with no switch in positions required.

[redacted] cited one graphic example of the M-18's speed and mobility. One of the vehicles was dispatched to the water's edge on a peninsula across from Brest to blast a German pillbox about 6,000 yards across the water. The vehicle sped to the site, fired for thirty minutes from one changing position after another, then streaked away to protective cover before the enemy could direct fire upon it, repeating the rapid action at a new point shortly afterward.

The M-18's speed has tended to minimize mine trouble. Once the break-through is made, it moves so rapidly that the enemy finds it almost impossible to strewn new mine fields in its path.
