Among the men of his own outfit, Colonel Van Orden found many men who had been scouts and scout leaders and whose knowledge helped them to be better marines, he reports.

## The World's Need For Unity

Today, as never before in the history of the world, men realize the need of national and international unity. This war has proved over and over again the tragedy of division and the truthfulness of the old saying "Divide and conquer." But this is just as true religiously speaking, in regard to the church, as it is in regard to our national welfare. There is no better way to blot out Christianity and to destroy its influence from the earth than to divide the religious world up into many different sects and denominations — all with different names, doctrines and creeds.

In Jesus' prayer for unity in the 17th chapter of John, He prayed that His followers might "all be one, that the world may believe that thou didst send me." Today, contrary to this earnest prayer of our Lord, Christianity has become a joke in the eyes of the unbelieving world because of the divided condition of Christendom. The most forceful argument of the atheist and infidel against Christianity is, "If the New Testament teaches unity why do you not practice it?" The only way we can answer this argument is by going away with our denominational peculiarities and speak where the Bible speaks and remain silent where the Bible is silent.

Christian unity cannot be accomplished by a few denominations uniting for a few weeks meetings together, with the idea of going their several ways when it is all over and each retaining its peculiar name and doctrine and creed. If the denominational world can unite for two weeks, why can it not unite for two months? If it can unite for two months, why not for two years, and forever?

The simple answer to Christian unity is a return to the New Testament Christianity in Name, Doctrine and Practice.

## "PRESTONE" Anti-Freeze

### KEEPS MOVING UP TO THE FRONT!

**THE WAR PRODUCTION BOARD**, with the cooperation of the Anti-Freeze Industry Advisory Committee, has put into effect a state allocation plan for the distribution of all brands of anti-freeze. This is your assurance that there should be enough anti-freeze of some kind to protect the nation's motorized equipment this winter.

However, "Prestone" brand anti-freeze may not be available in some localities. The supply for civilian use is considerably reduced because heavy shipments are going overseas for the Armed Forces.

If you are able to get "Prestone" anti-freeze remember that it lasts all winter. It won't evaporate, boil away or lose effectiveness through "foaming." Protects against rust and corrosion.

## Remember Breadlines in Oregon?

It Wasn't So Long Ago, and

# "THE LITTLE TOWNSEND" Bill Will Bring BREADLINES Back!

**Look at the Facts—**

This measure, if adopted, would tax ALL GROSS INCOME—at every step of the way, from raw material to finished product, every commodity produced in Oregon would carry on the price tag a staggering tax multiplied at every step. Oregon products simply could not compete!

### See What This Tax Will Do to You!

**ON THE FARM**

Planting, cultivating, harvesting — — — **TAXED!**—Production of all raw materials

Every step of food processing — — — **TAXED!**—Every step in manufacturing

Insurance and marketing costs — — — **TAXED!**—Insurance and marketing costs

Transportation and retailing — — — **TAXED!**—Transportation and retailing

**It All Adds Up to — — — — — R U I N ! ! — — — For Oregon Farmers & Workers**

**IN THE FACTORY**

The cost of living in Oregon would skyrocket; without OPA price controls, no one could afford to buy Oregon products. With price ceilings, almost every wealth producing farm and industry in Oregon would face financial ruin. The Little Townsend Bill would bring breadlines and unemployment back to Oregon!

**No One Denies—**

that many aged people need help. But no one with a smattering of economic sense would force widespread unemployment in order to provide pensions for everyone over 60, whether they need the money or not.
