I have made Klamath Falls my home since 1936. I own my home here and am deeply interested in the future development of industries of Klamath county. I am in favor of a teachers' retirement bill. I have recently been endorsed by both the CIO and the AFL. I am an ex-service man of the current war, served as military instructor over many boys now overseas, and if you elect me to this office the "Back to Civilian Job Problems" of the boys will receive my full support and cooperation.
