Our Home Town

Election Day
by EARL WHITLOCK

The entire life of this nation is chief executives, the legislators of its various states and the fact that former legislators included amazing program of real progress. And it is a notable fact when you consider that all the offices, the presidency down, open to all men, rich or poor, honest or dishonest. You can draw a conclusion, quite reasonably that, by and large, the American public is rather ignorant for very long. Or the fact that the dignity of high office can be performed by a small man into one of the most remarkable things in the world.

States Sort Soldier Votes As Civilians Go to Polls

By The Associated Press
The last of approximately 2,652,000 soldier votes which can be counted in 40 states are being sorted today (Tuesday) as civilians troop the polls in the nation's third wartime election.

Five of the 40 states—New York, New Mexico, Connecticut, Iowa, Kentucky—stopped accepting GI ballots yesterday. Thirty-five others are accepting them today. Eight states will accept them until various dates up to North Dakota December 5.

All but 11 states will count their soldier votes today or tonight. Few will tabulate them separately from the civilian vote.

Latest reports from state election officials indicate that ap-

proximately 3,369,000 of the 4,700,000 servicemen and women who applied for absentee ballots will return them in time to be counted. The 3,369,000 includes approximately 717,000 expected by states which will accept ballots after today.

The soldier vote could decide the election in any state whose civilian voters may be divided almost evenly between President Roosevelt and Gov. Thomas E. Dewey.

Should such a situation arise in any of the nine states which do not count any of their soldier votes today or tonight, the nation might have to wait days or weeks to learn who wins the election. This would happen only if neither candidate had a majority of the 531 electoral votes from the 39 other states.

ELECTION BRIEFS

By The Associated Press
OWOSSO, Mich., Nov. 7 (AP)—In this town of Gov. Thomas E. Dewey, republican presidential candidate, voters were lined up in a light rain in front of every polling place in the city at 7 a. m. Election officials, terming it the greatest voting rush in the city's history, said the voters were showing unusual familiarity with the long ballots on the voting machines.

HENDERSON, N. C., Nov. 7 (AP)—The 21 registered voters of Nutbush precinct, in the northern part of Vance county, today kept their time-honored reputation of being the first precinct in North Carolina to report its vote.

By 10 o'clock, every vote was counted, and every voter had voted a straight democratic ticket. In 1940, Nutbush cast 24 votes for Roosevelt and none for Wendell Willkie.

BENTON HARBOR, Mich., Nov. 7 (AP)—Oscar Mott, last Benton Harbor Civil war veteran, who marched with Sherman from Atlanta to the sea, cast his
