

SERVICE GROUPS DISCUSS POLICY

Members of the Klamath Mill Service committee and the Service Center advisory board met Tuesday night at the center to discuss the policy of commerce to discuss and operation plans under the Service Organizations. Gregory Foley, USO director, Mrs. Royce, assistant regional supervisor for the center which is planned for the center which is taken over by USO as of November 1.

It was decided to operate the center as it has been in the past, without charge, during the month of November. It is the custom of the operating center to place a small charge on a gesture of hospitality on the part of the community to the USO without cost and this will be done during November.

W. Reynolds, associate regional executive, spent several days here this week looking over the plans for the center at 11th and Blaine buildings. Reynolds said that arrangements have been completed to move all equipment from Bend to Klamath Falls.

Leyte Governor

Col. Ruperto A. Kangleon, above, Filipino guerrilla leader whose band has harassed the Japs on Leyte island since 1942 and who supplied the Yanks with valuable invasion information, has been named by Gen. Douglas MacArthur as provincial governor of Leyte. Kangleon, 55, served with the Filipino constabulary and army for 28 years.

MEN AND WOMEN IN SERVICE

T/Sgt. Francis J. Hall is among the pilots who are flying liaison missions on the Franco-German border. The duty of these pilots is to serve as "eyes" for the ground units, and his mission is not only loaded with danger, but involves a great amount of nerve strain as well. The liaison pilots usually fly in a Piper Cub or similar small plane that is ideal for low flying and for landing in small areas, but is at a great disadvantage if attacked by the enemy.

Hall is the husband of Mrs. La Vonne Hall, and the son of Mr. and Mrs. John Hall of this city.

Jap Jumper

Maj.-Gen. James L. Bradley, 96th Division commander, which is keeping the Japs on the run on Leyte island in the Philippines, pauses atop a strategic hilltop to study a map. (Photo by Stanley Troutman, NEA-Acme War Picturepool Photographer.)

MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

For returning Service Men and Women!

THE FIRST NATIONAL BANK OF PORTLAND announces a Loan Service designed to cooperate with the "Servicemen's Readjustment Act of 1944"—the "G.I. Bill" to make possible the purchase of a home, farm or business by returning veterans of World War II.

The entire state-wide facilities of this Oregon bank are available to veterans who wish to use bank credit under this plan... a plan whereby each veteran's individual problems will be given attention and the right loans planned to suit his particular needs and ability to pay.

As soon as government regulations covering the "G.I." Credit Program are issued, applications will be accepted by any branch of this state-wide bank. Regulations recently issued cover the home purchase plan. Those pertaining to farm or business financing are expected at an early date.

If you are in the service, just out, or have a relative in the armed forces, ask at the nearest Branch of The First National Bank of Portland about further details.

Most of the upper grade students are back in school again, now that the potato and onion harvesting is finished. Quite a number of them helped during a portion of the harvesting, and some worked through all of it.

Alice Lytle, teacher of the first and second grades, was absent from school two days, recently. Patsy Ward of the junior high substituted for her the first day of her absence and Mrs. Joe H. Foster substituted the other day.

A Halloween party for the three upper grades of the school was held in the schoolhouse on Tuesday evening.

A party was given in Miss Lytle's room on Tuesday afternoon by the children of the first and second grades.

On Monday, November 6, a number of children, both of school age and of pre-school age, were given inoculation for smallpox and for diphtheria.

A nephew of Joe H. Foster has been reported missing in action. He is Vernon McLane and is in the navy. His parents, Mr. and Mrs. H. B. McLane, formerly lived in Klamath Falls. Their home is now in Chico, Calif. McLane has a wife and baby boy living at Happy Camp, Calif.

Car still running o.k.?
Even so—don't neglect these
3 HIDDEN DANGERS!

- 1. Worn Steering:** Are you sure that unsuspected wear is not affecting steering control and tire life?
- 2. Risky Brakes:** Are linings worn so thin they may not hold properly on a sudden stop?
- 3. Sludge:** Is this gummy deposit, result of wartime driving conditions, strangling your engine?

Thousands of motorists used to trade in their cars every year or two, and never learned much about protective service.

Things are different today. No new cars have been built since early 1942. We've all got to make our present cars last.

So take good care of your car. Remember that wartime driving conditions affect your car—and that even the best of cars need attention as they get older.

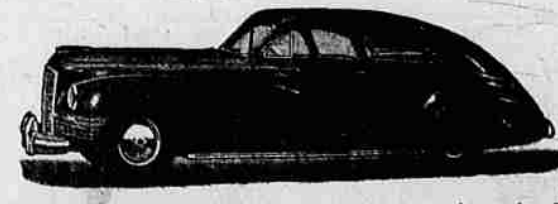

Remember, too, that new cars will be scarce for some time. You may have to drive your car a lot longer than you think!

See Your Packard Dealer for a "Car Health" Check

Mechanics are scarce, and service departments are humming these days. Your Packard dealer is busy, but he wants to help you.

He can save time—and you can save money—by fixing little troubles before they grow up into big ones.

Don't wait 'til you need major repairs. Make an appointment now for a protective check-up. That's the way to avoid long lay-ups, and prolong the life of your car.

Ask the man who owns one... When the war started, the Packard Clipper was the "hottest" car on the road—and it has lived up to its good looks! A survey shows that Packard cars have stood up better—required less frequent service—and Packard owners have spent less on service.
