

# NEWTON TAKES OVER COUNCIL DUTIES HERE

Angus Newton took over his duties as councilman from Ward 1, at Tuesday night's council meeting after he had won by lot from his opponent, Matt Finnigan, who tied Newton at the November 7 election.

The two chose to toss a coin in the presence of Harold Francy, police judge, and others at 4 o'clock Tuesday afternoon. Newton's choice was "heads" and "heads" it was as Francy flipped the silver dollar to the floor.

Newton was sworn in as councilman to replace A. H. Bussman and took his seat at the council table. Bussman suggested to city fathers that Newton be appointed to fill his unexpired term in view of the fact that on June 4, he moved from the ward which he represented.

Mayor John H. Houston announced that it came within the power of the council to appoint Newton and action was taken. Bussman was thanked by the mayor for the "fine services he had rendered the city in the capacity of councilman."

Business of the council then proceeded and a letter from the planning commission was read asking that a gift committee be set up to accept gifts for Veterans Memorial park, approved by the voters last week. The commission report suggested that Frank Jenkins, member, be named chairman of a council approved committee.

A central committee moved that the letter be accepted and the recommendation be carried out. Purpose of the committee will be to accept gifts of money or property in the name of the city of Klamath Falls.

Col. Verne Austin of Camp Tulelake, in a letter to the council, highly commended the police department for cooperation given military police, and requested that MP headquarters remain in the city hall instead of moving with shore patrol of the navy to the new quarters. It was the mayor's opinion that all military operation should be in one location to facilitate work in this area. The letter was placed on file.

Mrs. J. B. Young asked the council to investigate the sidewalk on Lewis street, and sidewalk and stairs leading from Riverside to Lewis. The matter was referred to the city engineer's office.

The council approved vacation of the alley in block 4, Hollister addition, on which West-Hitchcock corporation plans to construct a warehouse.

W. E. Curtis requested grading of Lincoln between 1st and 2nd, as residents wished to put an eight-foot wide crushed rock road in that area. The matter was referred to the street department. Additional or stronger lighting at the Main street canal bridge was suggested by Councilman Wissendanger and also referred.

Alva Downs, city building inspector, reported 26 permits totaling \$5725, for the month of October.

A banner to advertise the 6th War Loan across Main at the Vox theatre was approved.

Present at last night's meeting were the incoming officials, Ed Ostendorf, mayor-elect; Mrs. S. R. Berry, treasurer-elect, and the newly named councilmen, Angus Newton and Paul O. Landry.

## Col. Roosevelt Not Surprised At Votes

NEW YORK, Nov. 15 (AP)—Army Air Corps Col. Elliott Roosevelt, expressing no sur-prise at the reelection of his father to the presidency, arrived by air last night from overseas to set at rest fears that his plane was overdue.

A columnist yesterday said concern was shown when he had not arrived. Col. Roose-velt's host, John E. Meyers, pub-lic relations representative of Howard Hughes, said the presi-dent's son had cabled his de-parture plans from England and then had been delayed.

A fellow flier returning with Col. Roosevelt, Maj. Carl Chap-man of Salem, Ore., was quoted as saying "He didn't act very much surprised" at the presi-dential election results. Col. Roosevelt did not say whether he had cast a ballot overseas.

Handy with tools?  
This job may be up your alley

This is a good job. And a bit unusual in many ways because it's got just a bit more excite-ment and real he-man's "stuff" to it than most jobs. The work: Helper in Southern Pacific's big R.R. shops or roundhouses . . . working with skilled crafts-men on locomotives, rolling stock, other R.R. equipment. You don't need to be experi-enced — just willing. If you wish, you can learn railroad-ing on the ground floor . . . learn a fine craft from men who know their business. You'll be part of a fine outfit . . . a com-pany whose biggest job still lies ahead: carrying the war load for the huge Pacific offen-sive. Regular railroad wages. Fine pension plan. R.R. pass privileges. Medical services. In-vestigate today.
