NEW kind of **ASPIRIN** tablet

doesn't upset stomach

When you need quick relief from pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so, this new medi-cal discovery,

SUPERIN, is "just what the doc tor ordered" for you.

Superin is capital plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

WASHINGTON, Nov. 16 (P)
President Roosevelt refused to
day to accept the resignations of
Chalrman William H. Davis,
George W. Taylor and Frank P.
Graham, three public members
of the war labor board.

In a statement, Mr. Roosevelt
said he appreciated the reasons
which caused each to wish to
leave government service, but
that he had requested them to
remain. This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeat doses.

remain.

The three had agreed to stay, Mr. Roosevelt said, until the elimination of Germany from the war or, at least, until such time as they could leave without seriously affecting the work of the organization. Tour this out to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking Atvantays

seed, at an early date.

The reason for this is said to be that last year much good certified seed went into the commercial market as buyers had not made their demands known to the seed growers in time.

In the early spring a number of growers were hunting certified seed and found none available, as seed growers had been forced to clean up due to their inability to hold seed longer in storage, said McCambridge.
