# **ARMS** PLANTS **BUCKLE DOWN** TO NEW WORK

By MARVIN L. ARROWSMITH
WASHINGTON, Nov. 25 (P)—
Small arms ammunition plants—
cut deeply in production a year
ago—buckled down today to a
whopping new assignment from
General Eisenhower.

His appeal is for a 100 per
cent boost in output, as quickly
as possible, to maintain the
furious pace of the allies' offensive against Germany.

Promising the need will be
met, War Production Board
Chairman U. A. Krug announced
yesterday that orders to "roughly double" present schedules had
been dispatched to 13 plants.
They will need approximately
77,000 workers, over and above
the 200,000 that must be found
for about eight other critical
munitions programs.

Krug acknowledged that
ting workers back into these

Krug acknowledged that get-ting workers back into these plants will be no easy task. Eight of the plants are in acute labor shortage areas where they will compete with other "must" pro-

grams.

The sudden demand for a huge production increase—mainly in 30-caliber bullets and machinegun cartridges—results from battle experience on the western front the last few weeks, Krug told a news conference.

He said General Eisenhower had sent word that this ammunition was being expended at about four times the rate anyone had expected.

Apparently that goes for mor-tar shells as well. The WPB chief said that program also will have to be "very considerably expanded" soon.

expanded" soon.

Like heavy artillery and shell production, small arms ammunition output was cut back sharply months ago when the need for a tremendous stockpile was thought to have been met.

The cut in small ammunition was about 50 per cent, with some plants put on a standby basis.

Dasis.

Ten of the plants included in the ammunition program turn out the finished product, while the other three make cores for bullets. These 13 plants, now employing 53,400 workers, will need 62,200 more. An additional 15,000 will be required in brass mills.

## **WAITERS ARRESTED** ON THEFT CHARGES

WASHINGTON, Nov. 25 (AP)
The FBI announced today the
arrest of more than 100 Union
Pacific railroad dining car waiters and stewards on charges of
withholding receipts for meals,

withholding receipts for meals.
Director J. Edgar Hoover,
stating that the alleged operation had cost the railroad an estimated \$200,000 a year, said
"dozens" of arrests had been
made at Los Angeles, Los
Vegas, Nev., and Omaha, Neb.
Others are being arrested as
trains arrive at other points,
the announcement said.
The FBI said the employes

The FBI said the employes, including complete crews of waiters, stewards and assistant stewards, had been withholding stewards, had been withholding receipts for meals served on the railroad's crack Challenger trains which operate between Omaha and Los Angeles, but that no customers had lost money as a result of the alleged manipulations.

Hoover said a federal grand jury in Los Angeles had already returned indictments in some cases.

## Snow Sprinkles

ATLANTA, Nov. 25 (P) — Snow pellets, the first of the Winter, lightly sprinkled the heart of downtown Atlanta shortly before 9 a.m., today.

shortly before 9 a. m., today.

The weather bureau said the fall was a phenomena as the temperature at the time was 40 degrees and the indicated freezing level was 1800 feet above Atlanta.

The pellets, landing on window ledges, melted almost instantly.

#### A job for women who'd like to do men's work

do men's work

This job is about exactly the opposite of what women so often do in business. That's why it's interesting—and why women seem to like it. The work: helping mechanics, etc., in the S. P. shops . . . handling tools, cleaning up . . . housekeeping, you might say, with locomotives in the front parlor. You won't look exactly glamorous in overalls and turban, and maybe you'll get smudged up a bit . . . but we think you'll like it . . . like working with other men and women whose hearts are in their jobs and whose jobs are vital, You'll be a railroader—and proud of it. (Learn railroad lings too, you'll find). The work is definitely not heavy. No heavy lifting. We need you urgently. Won't you come in and talk it over?

"We were tearful, then hilari-ously happy," his pretty, dark-haired wife said.

"All along we knew that we'd hear from him again—we never gave up hope," she laughed.

"Of course," she added proudly, "you see, he wasn't shot down and we have enough faith in his sability to take care of himself in a disabled plane."

NEW ORLEANS, Nov. 25 (P)
Five men burned to death in a
fire which swept through a
rooming house in the French
quarter here today.

Three of the victims were
identified by Benjamin Aperim,
the rooming house manager, as
Albert Develin, 40, August Textar, 49, and Charles Louis, 44.

Aperim escaped from his
quarters on the second floor of
the three-story building after

"I don't know how the fire started nor what happened," he said.

### COMPROMISE MEN AND EYED ON TAX FREEZE BILI

By FRANCIS M. LEMAY

By FRANCIS M. LEMAY
WASHINGTON, Nov. 25 (A)
Whether the historic 78th congress will end in harmony or in bitter strife was figured today on a slim one-half of 1 per cent.
That was the measure of a proposed compromise, passed along the corridors, in the brewing controversy over efforts to "freeze" the social security tax at 1 per cent instead of letting it rise automatically January 1 to 2 per cent, as the law now provides and as the administration wishes.

Those seeking to avoid another showdown fight between the White House and anti-administrationists indicated a willingness to split the difference—and let the tax go at 1½ per cent.
