

# INTERVENTION POLICY BACKED BY CHURCHILL

(Continued from Page One)

The United States has supported the Italian government crisis. **Ire Aroused** His ire aroused by bitter, howling denunciations of his policy, Churchill himself demanded the vote of confidence for continuation of his policy.

Commons gave him that support. He said such action would be taken that Britain "will persist in this policy of clearing Athens of the Athens regions of all those who are rebels to the constituted authority in Greece."

**Not Only for Greece** But he made it abundantly clear that the policy was not aimed for Greece alone; that it was a policy committed to the right of a people to choose their government in free election, but that it would not tolerate a change of men from the mountains overthrowing constitutional authority by violence.

A move to name Sforza Italian foreign minister had brought forth opposition and a blunt

**Men! Think what this job can mean to you!** you like action . . . like a job ahead . . . like a job that's interesting and pays good wages, look into this fine opportunity. Southern Pacific has openings for active men as engineers, conductors, and trainmen. No experience to worry about. We train you in a few weeks. Then, you'll work with the best of men. . . have a locomotive to drive the heavy work of the switch cars loaded with war materials. . . keep the war wheels rolling. Plenty of work ahead. . . S. P.'s biggest job opening when Germany's finished. . . carrying the tremendous war load for the push against Japan. You'll be with the outfit, with one of America's largest companies. . . and you'll work with real men. Base salary about \$220. Overtime can add that way up. Railroad privileges, fine pension plan, medical services. Look in this right now! Men also invited to train for brakemen similar pay.

Write Trainmaster, P. Station, Klamath Falls, Oregon nearest S. P. Agent.

statement from Secretary of State Stettinius that the United States did not oppose the long-existed count and furthermore wanted the Italians to determine the course of their own government.

Churchill, challenging the opposition to a vote of confidence, denied his government had broken any agreements with the United States on Italy.

**Charges Blackmail** As debate opened after Churchill sat down, Tom Driberg, independent, charged the prime minister with "an unworthy piece of blackmail, in throwing out this sort of challenge."

Predicting Churchill would not be dismissed "by this largely servile house," Driberg declared: "He says that we know where we are going. I think he is going against world opinion."

**Achieve Understanding** Simultaneously with the vote of confidence, British Ambassador Halifax announced in Washington that the American and British governments had achieved an understanding on the Greek and Italian issues—without defining the "understanding" further.

Fighting between left-wing forces and British troops was continuing in Athens even as Churchill spoke.

## B-29 Bombings Cited As Cause of Quake

(Continued from Page One)

Cables radioed a request that no big guns be used in exchanging salutes. This caution may have indicated that, even then, they were aware of changes from un-ward jars.

In New York, the Rev. Joseph J. Lynch, S. J., Fordham university seismologist, said it was impossible that bombs could have caused yesterday's earthquake.

"The effect of a bomb compared with the effect of an earthquake is as a flea is to an elephant," he said, adding that bombing would not increase the chemical activity which causes volcanic disturbances.

"I hope no one will get the impression that this belief is shared by seismologists," he said. "The Japs would seize upon it for propaganda purposes."

## HIGH SCHOOL News Notes and Comment

By JUANITA SHINN

At an assembly today, the football teams—freshmen, Wildcats, and Pelicans—were awarded their letters for that sport.

The assembly was followed by a short basketball pep assembly, preceding the Pelican and marine game tonight.

Alyce Wells and Bud Selby sang a duet, accompanied by Barbara Zinn at the piano.

Jim Palmer and Jim Noreen, representing the basketball team, each gave short talks.

The music department is giving its Christmas party and dance tonight. Members drew names and will have a Christmas tree during the evening. Dancing will be from 8:30 until 11:30 to music furnished by Baldy's band.

Three high school girls—Sharon Willis, Betty Cleig and Marilyn O'Neill—will dance tonight in Isadorah Moldovan's Review at the Tower theatre.

The Children's Clothing Crusade, sponsored by the American Junior Red Cross, was to have been stressed among Klamath Union high and elementary schools on December 6, 7 and 8. However, the students were not informed of the drive until yesterday.

today, so the response has not been overwhelming. The drive will be extended until Monday. There is a great deal of usable clothing which people do not realize they have. If each person could find a few articles of clothing to send to school with either a high school or elementary school student, it would help a great deal.

Shoes are especially desirable, and all kinds of clean, usable clothing will be helpful. Elaborate dresses, high heeled shoes, and like articles will be sold, with proceeds to go toward purchasing the needed articles of clothing to send overseas to needy children in the warring countries.

Vivian Dirschl, who is now Girls' league president, is the blonde senior whom nearly everyone knows either directly or indirectly.

When Viv was a freshman, she was chosen one of the track princesses, representing the freshman class.

During her sophomore year, Viv was competing with a girl, representing each of the four classes in a War Bond drive, and was chosen as "Sweetheart of KUHS," which earned her a trip to Portland to attend a ship launching.

She is now a Pep Pepper, Girls' League president, and was recently elected by the De Molay as one of the princesses of its annual Snowball formal which is to be held next Friday, December 15.

Vivian is employed at the Tower theatre.

## SUPERFORTS DROP RECORD BOMB LOADS

(Continued from Page One)

able for 45 minutes of flight from the target.

(Tokyo radio reported that Superforts from the Marianas made four separate visits today over Tokyo and other points on the coast east of the capital city. In the flights, which covered an 18-hour period, the B-29's dropped no bombs, the Japanese said.)

The strike was in coordination with attacks by navy surface ships and other aircraft in an obvious effort to neutralize the airfields in the Volcano Islands from which the Japanese have launched raids on Saipan.

The Japanese base is 750 miles north of the Superfortress base at Saipan.

Informally, the 20th air force announcement explained that the "record load of bombs" meant that it was the biggest tonnage per plane dropped so far by any B-29 on any raid.

Bombing was done through heavy clouds without interference from either Japanese fighters or anti-aircraft, it was announced.

Iwo Jima is regarded as the likely takeoff point for 10 Japanese bombers which raided 21st bomber command headquarters on Saipan Wednesday, destroying one Superfort and damaging two others.

Diamond fizz contains champagne instead of egg white; the latter is an ingredient of silver fizz.
