## Homemaking Highlights

**From the Office of the Home Demonstration Agent**

WORTHY OF NOTE by every homemaker who must feed a family in these days when food forms so important a part in the national welfare is an article in the current (December 16) Saturday Evening Post by Neil M. Clark, titled "The Doctor Cooks Dinner." Not only is it an inspiring review of some of the more delectable foods prepared by one of the foremost non-professional chefs in the nation, but it describes graphically how this food expert makes use of every single scrap of the edibles that come to hand... and charms gourmet with the result!

DON'T BE ALARMED, please, if we of the home demonstration agent's office call you up some day to inquire snoopily what you plan to have for dinner. The purpose? Is to gain some helpful ideas on nutrition as it is being practiced right here in the county, and to forward the information to you. Thursday, for instance, we found that Mrs. J. E. Hosking was planning a well-balanced meal of breaded veal (no points on that), mashed potatoes and pan gravy, frozen vegetables and a tossed green salad. Dessert? Baked apple.

The dressing she uses on her salad sounded particularly interesting. She marinates a clove of garlic in a mixture of vinegar, sugar, salt, pepper, paprika, chili sauce, oil and catsup. This dressing is excellent, too, she says, on grapefruit and avocado salad.

**MINCEMEAT SEASON** being upon us, and a good supply of this delicacy in local stores, we are passing on this recipe for Scotch Yums

1 package mincemeat  
2 tablespoons sugar  
2 cups water  
2 cups flour  
1 teaspoon salt  
1 cup shortening

Break mincemeat into pieces. Add sugar and cold water. Cook three minutes, stirring constantly, until lumps are broken up and mixture is practically dry. Cool. Sift flour once. Measure, add salt and sift again.

**What's Cookin'** Monday, December 18, "Homemakers' Broadcast," 1:45 p. m. Thursday, December 21, Henley Home Extension Unit, "Forestalling Delinquency," home of Mrs. William Williams.

**Lucky Pinocle** Members of the Lucky Pinocle club met Monday, December 11, with Mrs. L. D. Good on Denver for luncheon, followed by an afternoon of cards. Those attending were Brownie Bramwell, Maude Phillips, Mary Martin, Ruth Sehorn, Zella Blankenship, Florence Young and Rita Fuller. Rita Fuller held high score, Brownie Bramwell, second, Zella Blankenship, low, and Maude Phillips, pinocle.

The club's Christmas party will be given at the home of Mary Martin on Wantland, Thursday, December 21.

### Pinocle Club

Kathryn Billings was hostess to the Pinocle club, Thursday, December 14, for the club's annual Christmas party and gift exchange. Luncheon was served to Grace Bock, Fannie Goddard, Lillian Green, Violet Vance, Esther Adkisson, Violet Vance, and Agnace Lowe. High score for the afternoon went to Grace Bock, second to Fannie Goddard, low to Lillian Green, and the pinocle high score went to Violet Vance. Lillian Green, 5206 Walton drive, will be the hostess, December 28.

### Altamont Unit

The Altamont Extension unit met Tuesday, December 12, at the home of Mrs. T. J. O'Hara, 805 Mt. Whitney.

A demonstration of even meals was given by Mrs. J. E. Erickson and Mrs. L. Sauer. Fifteen members and guests were present, and the attendance award was given to Mrs. M. Monohan.

The next meeting is scheduled for January 16, at the home of Mrs. C. C. Crawford, 4690 Boardman. Mrs. Winnifred Gillen will discuss the topic of forestalling delinquency.

### Scouts Requisition Whale Boat For Lake

The sea scout ship "S.S. Elk" has just requisitioned a 26-foot whaleboat from the U. S. navy department, according to Skipper Byron Fiedman.

The ship plans extensive cruise training on Klamath lake as soon as spring weather permits. The ship is still accepting crew members and has openings for approximately 10 more young men.

The United States army buys 11,000 different cotton items, ranging from handkerchiefs to gun camouflage.

**Beauty IS YOUR DUTY**  
By RITA WHISENANT  
Licensed Cosmetologist

IN speaking of Blydyne, it might be interesting to know that the name comes from the two Greek words... "bios," meaning life... and "dyne," meaning force. Life force is a good name for these strange miracle working substances, one of which is the basis for the new cosmetics I want to tell you about.

THE new cosmetics, in which Blydyne is used, are named SRF, which stands for Skin Respiratory Factor. It's not a glamorized name, but simply a statement of fact. That's exactly what this cream and lotion is... a skin respiratory factor. There are only two products called SRF... the Night Cream and the Day Lotion, designed to be used by all types of women for oily, dry or normal skin.

THERE is no hocus-pocus about these cosmetics... the formula is based on a sound medical discovery, and its benefits have been proven over and over again. It helps the skin to breathe!

I'll try later to tell you more about both the SRF cream and the lotion, but in the meantime, let me invite you in. I'll be glad to go into it in detail, personally.
